Money and Power in Provincial Thailand Ruth McVey,2001-01-01 Most studies of Southeast Asian economic change focus on the phenomenal growth experienced by a few large cities such as Jakarta Bangkok Hong Kong Kuala Lumpur and Singapore Big business has been viewed as the economic engine fueling the region s growth and prosperity Studies of the rural areas have concerned themselves with the social and environmental impact of metropolitan growth villages emptied by migration to the big cities cultures crushed by tourist development and agribusiness and lush landscapes destroyed by the devastation of natural resources The literature reveals that few analysts have examined the middle distance between
