Annual Magazine Subject-index Frederick Winthrop Faxon, Anne C. Sutherland, 1917 *The Magazine Subject-index*, 1916 Contains the cumulation of the subject index issued in the quarterly numbers of the Bulletin of bibliography and magazine subject index Annual Magazine Subject-index, 1916 The New York Times Index, 1926 *Sustainability in Contemporary Rural Japan* Stephanie Assmann, 2015-12-22 Rural communities in Japan have suffered from significant depopulation and economic downturn in post war years Low birth rates aging populations agricultural decline and youth migration to large cities have been compounded by the triple disaster of 11 March 2011 which destroyed farming and fishing communities and left thousands of people homeless This book identifies these challenges and acknowledges that an era of post growth has arrived in Japan Through exploring new forms of regional employment community empowerment and reverse migration the authors address potential opportunities and benefits that may help to create and ensure the quality of life in depopulating areas and post disaster scenarios This book will be of interest not only to students of Japanese society but also to those outside of Japan who are seeking new approaches for tackling depopulation challenges The Participator in Contemporary Art Kaija Kaitavuori, 2018-08-30 The early 21st century has seen contemporary art make continued use of audience participation in which the spectator becomes part of the artwork itself In this book Kaija Kaitavuori claims that the participator is a new artistic role that does not fall under the auspices of artist or spectator and in proving such she devises a four group typology of involvement Her classification distinguishes between different forms of engagement and identifies their specific features The key criteria she proposes are how concepts of authorship and ownership shift in relation to collectively created work how contracts regulating the use and production of shared work are arranged and the extent to which involvement in making art can be regarded as democratic This highly original book thus offers students and teachers the tools with which to improve their understanding of participatory art and removes the confusing terminology that has characterized so many other discussions **Contemporary Oral and Maxillofacial Surgery, 7 e : South Asia Edition E-book** James R. Hupp, Myron R Tucker, Edward Ellis, 2019-08-19 NEW Chapter Anesthesia in Dentistry focuses on anesthesia in greater depth than any of the previous editions including local anesthesia and nitrous oxide sedation *The Coöperative Index to Periodicals for ...* William Isaac Fletcher (1844-1917, ed), 1892 *A Reader's Guide to Modern Art*, 1914 **The Grove Encyclopedia of American Art** Joan M. business collusion conduct that subverts competition at national and global levels Featuring contributions from leading scholars practitioners and enforcers from around the world this book probes the almost universal adoption and zealous defence of leniency policies by many competition authorities and others It charts the origins of and impetuses for the leniency movement captures key insights from academic research and practical experience relating to the operation and effectiveness of leniency policies and examines leniency from the perspectives of corporate and individual applicants advisers and authorities The book also explores debates surrounding the intersections between leniency and other crucial elements of the enforcement system such as compensation compliance and criminalisation The rich critical analysis in the book draws on the disciplines of law regulation economics and criminology It makes a substantial and distinctive contribution to the literature on a topic that is highly significant to a wide range of actors in the field of competition law and business regulation generally From the Foreword by Professor Fredric Jenny fundamental questions are raised and thoroughly discussed in this book which is undoubtedly the most comprehensive scholarly work on leniency policies produced so far the book should be required reading for all seeking to acquire a deeper insight into the issues related to leniency policy It is a priceless contribution

Beyond Wilderness John O'Brian, Peter White, 2017-12-30 The great purpose of landscape art is to make us at home in our own country was the nationalist maxim motivating the Group of Seven's artistic project The empty landscape paintings of the Group played a significant role in the nationalization of nature in Canada particularly in the development of ideas about northernness wilderness and identity In *Beyond Wilderness* contributors pick up where the Group of Seven left off They demonstrate that since the 1960s a growing body of both art and critical writing has looked beyond wilderness to re-imagine landscape in a world of vastly altered political technological and environmental circumstances By emphasizing social relationships changing identity politics and issues of colonial power and dispossession contemporary artists have produced landscape art that explores what was absent in the work of their predecessors *Beyond Wilderness* expands the public understanding of Canadian landscape representation tracing debates about the place of landscape in Canadian art and the national imagination through the twentieth century to the present Critical writings from both contemporary and historically significant curators historians feminists media theorists and cultural critics and exactly reproduced artworks by contemporary and historical artists are brought together in productive dialogue *Beyond Wilderness* explains why landscape art in Canada had to be reinvented and what forms the reinvention took Contributors include Benedict Anderson Cornell Grant Arnold Vancouver Art Gallery Rebecca Belmore Jody Berland York Eleanor Bond Concordia Jonathan Bordo Trent Douglas Cole Marlene Creates Marcia Crosby Malaspina Greg Curnoe Ann Davis Nickle Arts Museum Leslie Dawn Lethbridge Shawna Dempsey Christos Dikeakos Peter Doig Rosemary Donegan OCAD Stan Douglas Paterson Ewen Robert Fones Northrop Frye Robert Fulford General Idea Rodney Graham Reesa Greenberg Gu Xiong British Columbia Cole Harris British Columbia Richard William Hill Middlesex Robert Houle Andrew Hunter Waterloo Lynda Jessup Queen's Zacharias

 Throughout history various cultural traditions have established and practiced diverse strategies to maintain their community

 that aesthetic objects and activities are frequently integrated into these strategies They include visual arts music dance story
