have provided insights and assistance never before experienced by any researchers in this controversial field GODS takes us beyond speculation to certain knowledge of what exactly lies at the heart of the most important Phenomenon ever to confront human understanding This first volume introduces the reader to some of the critical issues that are foundational to an intelligent and enlightened grasp of the revelations that will follow in the next two volumes There is another Force in the universe of our Reality another context for comprehending what has been going on for millennia and especially in the last seventy years Sekret Machines is the result of input from scientists engineers intelligence officers and military officials a group we call the Advisors and transcends the speculation of journalists historians and others whose conclusions are often either misinformed or only tease around the edges of the Sekret Machines The reader will not discover wild theories or unfounded claims but instead will confront a solid if often unsettling reality one that demands the collaboration of all of us in every field of human endeavor if we are to understand it and manage its effects If nothing else readers will come to the conclusion that the Phenomenon is not what they think it is It is in fact much more serious and potentially much more threatening than they can imagine Sekret Machines GODS is volume one of the companion investigation series to the bestselling thriller Sekret Machines Chasing Shadows by DeLonge and NYTimes bestselling author AJ Hartley The whole is truly greater than the sum of its parts Read together the thriller series and the investigation series show what cannot be revealed with one approach alone **Gazetteer of the Bombay Presidency** ,1882 **Thána** ,1882
