Brown,1997-01-01 The Chinese themes of the Four Graybeards of Mt Shang and the Seven Sages of the Bamboo Grove figure prominently in the art of Momoyama period Japan ca 1575 1625 Kendall Brown proposes that the dense and multivalent implications of aesthetic reclusion central to these paintings made them appropriate for patrons of all classes the military who were presently in power the aristocracy who had lost power and the Buddhist priesthood who forsook power These paintings and their attendant messages thus serve as dynamic cultural agents that elucidate the fundamental paradigms of early modern Japanese society Unlike traditional art

history studies which emphasize the style and history of art objects The Politics of Reclusion sets out to reconstruct the possible historical context for the interpretive reception and use of Chinese hermit themes within a specific period of Japanese art In emphasizing the political dimension of aesthetic reclusion it introduces into the field of Japanese art history a discussion of the politics of aesthetics that characterizes recent work in the field of Japanese literature By embedding the paintings within the contexts of politics philosophy religion and even gender this study restores the reflexive relations between the paintings and their culture and as such is one of the first extensive intellectual and social histories of Japanese art in a Western language It is one that will appeal not only to students of art but to those interested in Japanese literature history and philosophy **The Seven Sages of Rome (southern Version) Edited from the Mss**, 1933 *Latinitas*

Wim Verbaal, Yanick Maes, Jan Papy, 2009-06-01 No cultural phenomenon can remain vital and evolve without a continuous integration of external elements Instead of reading the process of appropriation in terms of sources or models the dynamics involved are better understood using more flexible categories such as creative reception polyphony and dialogue In every phase of its evolution in Antiquity the Middle Ages or Early Modern times Latin literature had to face a double challenge one from the past and one from the present although the models and heritage of the past always remained normative contemporary demands had to be met too The contributions in this volume analyze different moments of intercultural negotiation within the long history of Latin Literature Encyclopedia of Medieval Literature Laura C.
