

SOCIAL CONSTRUCTION OF GENDER

The social construction of gender is a term that highlights how the meanings we ascribe to genders are socially and culturally mediated.

HOW?

- 1 **Language** - The language used in everyday conversation is gendered. For example, parents tend to speak differently to boys and girls.
- 2 **Discourse** - Discourse is a term to describe the social narratives that are repeated over and over again until they are seen as natural. Normative gendered discourse is repeated everywhere we look.

WHO?

We learn about our own society's idealized gender constructions from:

- 1 Parents
- 2 Friends
- 3 Siblings
- 4 Teachers
- 5 Movies
- 6 Gendered toys
