Philosophy at 33 1/3 Rpm James Franklin Harris,1993 Harris philosophy c of William and Mary explores the lyrics of rock on the human condition Published by Open Court Publishing Co 332 South Michigan Avenue Suite 2000 Chicago IL 60604 Annotation copyright by Book News Inc Portland OR **Sex, Drugs, Rock'n'roll** Sarah Lefanu,1997 These stories about love death and dancing offer up a quintessentially 90 s view of sex and drugs and rock and roll They are rich with references both literary and musical from an updated version of The Story of O or Alexander Trocchi in a female ward in the asylum to Elvis reincarnated in a South Africa of multinational fast food outlets Reflecting ironically on the heady days of Optimism and innocence of the sixties the tough energetic apocalyptic stories gathered here look the end of the century in the eye and smile **Sex, Drugs, Rock & Roll, and Musicals** Scott Miller,2011-10-11 An endlessly entertaining and informative look at how musicals have both reflected and adapted to America s changing mores **SEX, DRUGS, ROCK and WAR: The Boomer Generation** Daniel Muller,2023-05-10 We have all heard the nicknames for the current generations in the news Besides the Silent Generation a k a The Greatest Generation born before 1946 there are Baby Boomers Generation X Generation Y also known as the Millennials and Generation Z In the past few years there has been an increasing amount of coverage and discussion about the growing frustration between these generations Some call it a generational war Much of the debate has to do with the Boomer generation with younger generations claiming various failures of this generation to provide a world or country that is sustainable and affordable TV shows podcasts newspaper and magazine articles movies and social media have increasingly begun analysis and discussion about this war It is a hot topic and unfortunately becoming more emotional Most of the analysis and coverage has to do with emerging information about each generation such as wealth accumulation party affiliation changing opinions habits values and relationships Facts and surveys abound discussing all of these aspects of the generations and more But we all innately understand that generalizations and summaries about the generations can be dangerous and can only tell a part of the story What is the answer to this generational conflict that is beginning to stress friendships acquaintances and even families How can we diffuse the emotion and get to positive solutions that will help heal the divide Daniel Muller attempts to understand this

growing generational conflict at a more micro level namely by documenting and sharing the individual life stories of a somewhat random collection of everyday Baby Boomers Besides their life stories he relates their opinions about a series of hot topics today all in an attempt to better understand what linkages may exist between their environment families early and mid life years and how they think and behave today SEX DRUGS ROCK and WAR The Boomer Generation is an enjoyable collection of very diverse life stories In addition Muller shares a fascinating analysis of Boomer values and opinions and hypothesizes about the underlying potential causes of the growing conflict between generations Finally he shares his suggestions to calm the generational wars
