Sex In The Bible An Introduction To What The Scriptures Teach Us About Sexuality:

Sex in the Bible Michael R. Cosby, 1984 An introduction to what the scriptures teach us about sexuality

Homoeroticism in the Biblical World Martti Nissinen, 2004-02-01 Nissinen's award winning book surveys attitudes in the ancient world toward homoeroticism that is erotic same sex relations Focusing on the Bible and its cultural environment Mesopotamia Greece Rome Israel Nissinen concisely and readably introduces the relevant sources and their historical contexts in a readable way Homoeroticism is examined as a part of gender identity i.e. the interplay of sexual orientation gender identification gender roles and sexual practice In the patriarchal cultures of the biblical world Nissinen shows homoerotic practices were regarded as a role construction between the active and passive partners rather than as expressions of an orientation moderns call homosexuality Nissinen shows how this applies to the limited acceptance of homoerotic relationships in Greek and Roman culture as well as to Israel's and the early church's condemnation of any same sex erotic activity For readers interested in the ancient world or contemporary debates Nissinen's fascinating study shows why the ancient texts both biblical and nonbiblical are not appropriate for use as sources of direct analogy or argument in today's discussion *What Wives Wish their Husbands Knew about Sex* Richard Rupp, Ryan Howes, Stephen Ph. D.

Simpson, 2007-04-01 It's an unfortunate reality that many men grow up in churches that suppress their God-given sexual urges As a result many Christian men single and married are frustrated with their love lives and their sex lives The authors of this book claim that Christian men should be the greatest lovers in the world and then work to show men how to do it They help men learn what the Bible says about a healthy sex life discover how to relate to women as men instead of as boys address psychological and spiritual issues that interfere with healthy sexuality learn specific techniques that create a strong relationship great foreplay and passionate sex Solidly based in Scripture and informed by the experiences of the authors all respected sex therapists *What Wives Wish Their Husbands Knew about Sex* dispels the myths that keep good Christian men from experiencing sex as God meant it to be Perfect for any man it is also a great book for counselors and pastors who work with men

Cheney,2006-03-06 Victor T Cheney has just published a BRIEF HISTORY OF CASTRATION 2nd EDITION This book contains a five page index plus a two page glossary with numerous footnotes t aid the curious history buff and serious researcher Readers unfamiliar with this subject which is most of us will be surprised to learn how important this operation was to many cultures of the world in times past and to a lesser extent even today In Italy thousands of young boys were castrated to prepare their voices for the opera In Arab lands slaves both black and white were castrated in order to become harem guards Chinese emperors found castrated males to be extremely reliable for treasurers and other governmental posts In the past their operation was very dangerous and many died from infections Bur it also had its beneficial side effects The average castrated male lives 15 years longer than normal men This is because harmful hormones and other impediments were removed form the man s system For instance one cannot get testicular cancer if he has no testicles Many ancient religions as well as the early Christians used their

religious duties unhampered by impure thoughts and immoral deeds Though Christians gradually abandoned this practice some breakaway groups continued to castrate young men in Russia and elsewhere even in this 20th century The author believes that castration can still play an important role in modern society He shows that it can be used to prevent serious crimes diseases and the loss of vital spiritual and moral values *Sex in the Bible* J. Harold Ellens, 2006-03-30 What is the Bible's stance on such controversial issues as homosexuality and polygamy What does it have to say about sexual behaviors that some would deem perverted or criminal Is sex always wrong if it is not used to create life Ellens answers these and other questions in a book that argues that our understanding of what the Bible has to say about sex is frequently misguided He corrects our impressions with a look at the Scriptures themselves considers what they might have meant to people in the past and reflects on how we understand or misunderstand them today Focusing on early interpretations and contemporary misconceptions Ellens guides readers through what the Bible actually says showing how these messages have been interpreted in different contexts and suggesting new ways of reading and translating them for use in our own lives Readers hoping to reach a better understanding of the Bible's views on sexual practices and sexuality in general will find their questions answered here What does the story of Adam and Eve reveal about sex and sexuality What does the Old Testament say about sex and how might we interpret that in our own lives today How does the New Testament say we should behave in our sexuality and our lives What lessons can we learn from a closer examination of the Bible and its teachings on human love marriage and sexuality These are among the many questions Ellens answers in an effort to help us all come to a better understanding of the gift of sexuality and its attendant behaviors in our lives In non judgmental prose he elucidates the Bible and our understanding of its teaching on these and related issues **Portraits of Jesus** Michael R. Cosby, 1999-11-01 This book provides a learning by doing approach to the study of the Gospels It allows students to uncover literary patterns theological issues and interpretive problems through close readings of primary sources Questions are asked along the way that help readers understand the shape of the narrative and the themes important to each Gospel writer *Sex and the Modern Jewish Woman* Joan Scherer Brewer, 1986 Contains references to works published between 1960-1985 about Jewish women and sexuality sexual attitudes and behaviors of American Jews and sexual norms and attitudes within the Jewish tradition Excludes works about Israeli women spouse abuse and pornography Includes introductory essays and references arranged under thirteen topics e.g. aging and sexuality Miscellaneous addenda Author index *Sexuality, Religion, and Magic* Michael A.
