Baker-Davis,2001-09 I have written this book with the hope of causing those that believe in the falseness of religion to understand the difference between religion life and spiritually Man made religion has no power to change our minds or our thoughts True spiritually is of the life of the resurrection which is in our words All of our problems are caused by religion as there is no knowledge of a living God in religion Therefore we accept death as being

normal and this causes us to see God as being a God of both life and death or a God of both light and darkness etc As you well know the scripture says you cannot believe in both God and man as a double minded person cannot receive anything from God which is life To make a long story short this book is about the life of the resurrection and this war on terrorism As you well know this war is taking away your freedom because the government cannot protect you by the law Your protection from death is in the words that you speak as death and life is in the power of your tongue The life of God is in words of the day and death is in words of the night so you need to read this book **Sex and Social Health** Thomas Walton
