The Moneypower Continuum Francis X. Healy Jr., 2013-07 Take a critical view of the institutions that affect our everyday lives with this extended essay The most important of these is the modern day corporation which continues to resist social control despite an ability to adapt to the environment like no other entity in human history Corporations continue to explode with power and religious educational and governmental organizations are looking to them as examples An increasing number of entities are learning how to conduct themselves by looking at their corporate counterparts and as a result they are no longer fulfilling their true purposes Author Francis X Healy Jr examines the implications of these disturbing developments Discover why institutions continue to miss expectations why society suffers as a result of corporate models and how money and power interact in problematic ways The pursuit of money and power is stifling the true purposes of institutions with honorable objectives Many groups that once carried at least a facade of being above it all are now stuck in the moneypower continuum if something doesn't change soon the consequences will be devastating

Bhimeswara Challa, 2021-06-29 Stagnate as a creepy caterpillar or transform into a beautiful butterfly this path breaking book of a rare genre suggests is the seminal choice before mankind and every one of us In this setting the book raises some fundamental questions What is man's rightful place in the cosmos and his manifest destiny on earth Why are we so self-righteously self-destructive Are we a doomed species Or divine beings struggling to overcome the hubris of the human intellect Is God getting weary of mankind How should we synergize human effort and Divine Grace The book posits that any betterment in human behavior needs a cathartic change at the deepest levels That requires diluting the dominance of the mind and reawakening the long dormant intelligence of the human heart To meet that challenge we need minimum numbers a critical mass to create self-sustained momentum for transformation through consciousness change And every single human of this generation should behave in such a way that he or she is that single person whose transformation could make the decisive species scale difference The book offers a menu of ideas and an agenda of action This book could be itself become an input to mobilize that very critical mass it advocates for human transformation Well planned and cohesively written the book is noteworthy for its delightful blend of information and arguments and reveals the depth of the author's understanding of the human predicament This is a closely argued and thought provoking book The Hindu 13 Sept 2011 This book is a gripping exposition on human nature and self transformation without preference to religion Challa has critically provided a foundational argument for a deeper discussion of philosophical and practical ideals concerning self transformation harmonizing the head and the heart is the way for humans to function as spiritual beings Recommended by the USR The US Review of Books The author reflects upon the crisis of contemporary civilizations and outlines a blueprint for a new world order based on progressive spiritual values and change of human consciousness The strength of this treatise is the sweep of Challa's reach and his treatment of a vastly complex set of issues that bedevil humankind today India International Center Quarterly Summer 2012 As a thinker and erudite scholar the author has made a profound study of the world situation and the moral decadence of man This book deserves to be on the shelves of university college and public libraries Triveni Magazine July Sept 2011 It is difficult to pigeon hole this book as a prophetic discourse a journey into the human mind a guide for human survival a spiritual treatise It is an amalgam of all these and more the volume reaches out to those who are already uneasy about the way we on this earth are progressing The Book Review India June 2013 **Best of Both Worlds** Richard Koepke, 2009-10 Can a murdered person come back from the grave to tell her autobiography through the voice of a psychic medium During the summer of 1980 a young Canadian beauty Dorothy Stratten and her husband Paul Snider were murdered in Los Angeles under mysterious circumstances and a shroud of cover up Many lives would change drastically as people abandoned the Playboy ship en masse in the aftermath This book offers theological insight into sexual abuse hedonism PTSD trauma stress related illness human trafficking codependence and forgiveness Greedy Business Leonard Amattey, 2015-12-04 The book GREEDY BUSINESS is a satire directed at human behaviour particularly in regards to human

priorities to choose between acts of humanitarianism and greed The author notes that politics indeed is part and parcel of life but no where is it so vividly portrayed than in education and at the work place to satisfy human obsession with greed Then he admitted I cannot deny my role in that but that cannot justify it As individuals we allow Greed to Triumph Morality without humanitarian consideration for others in our efforts to improve quality of our life and that is inexcusable This book is therefore about that aspect of human thinking that can justify individuals doing things to others that they would not like others to do them I wonder how many of us find the necessity to take a step backward to explore the choices we have made to do the things we have done to others that we would not like to be done to us because if done to us they would likely destroy our quality of life Yet some how some of us can justify some of the things we do to others as the result of the choices we have made without humanitarian consideration for them in the name of improving quality of our lives at the expense of our victims Well I did take a step backward and my observations suggest that humans obsession with Greed confirms why we do the things to others that we would not like to be done to us Our tendency to want more and more at the expense of others without humanitarian consideration for the quality of life of others has blinded our moral responsibility to be fair The purpose of writing this book is therefore to share my observations and thoughts with others in the hope that they too may find the need to take a step backward and explore the choices made in the past to do certain things to others that they would not like others to do to them

Behind the Scenes Antonette Smith, 2019-07-08 If you have suffered in your intimate relationships marriage or singleness state of being This book is for you We suffer in silence from lack of intimacy from our mates spouses or during courtships for many reasons mainly because of our lack of knowledge of a true relationship marriage partnership or commitment Mixed with distorted views because of sexual violations as a child because of physical or sexual abuse as a teen because of rape because of incest because of our insecurities because we lack self esteem because we lack self control because of our lack respect for ourselves We week love in all the wrong ways from the wrong people at the wrong times because of our own lustful desires and desperation that leads us into a deep level of sexual sins and addictions But Jesus has the power to free you from all sexual sins lustful desires and acts of desperation Read how he made me free from all the above
