Sex And Gender Hierarchies

Stevi Jackson, Sue Scott

Sex And Gender Hierarchies:

Sex and Gender Hierarchies Barbara D. Miller, 1993-02-18 This edited collection attempts to revive a unified anthropological approach to the study of sex and gender hierarchies Seventeen distinguished contributors from cultural anthropology physical anthropology archaeology and anthropological linguistics have produced a wealth of fascinating data on human and primate ancient and contemporary and primitive and developed societies covering topics such as mothering and child care work health intrafamily relationships and public power The interdisciplinary approach successfully contributes to the development of better theory and methodology in anthropology **Sex and Gender Hierarchies** Barbara D.

Miller, 1993 *Gender Hierarchy of Masculinity and Femininity during the Chinese Cultural Revolution* Zhuying Li, 2020-11-25 Focusing on the influence of Maoist ideology and masculinist power on the representations of women in revolutionary opera films made during the Cultural Revolution this book considers the gendered hierarchy between masculinity and femininity in relation to the historic and cultural context in which they were made Using feminist methodology and epistemology to locate women's social identity this book explores the sociological connections between the masculinisation of women and masculinist domination in the context of the Cultural Revolution Through film analysis the author examines whether women rather than liberated were in fact re-gendered and oppressed by masculinist power By critically evaluating gender hierarchy during the Chinese Cultural Revolution the book provides hitherto neglected insights into gender within its social and cultural context This an interdisciplinary book which should appeal to students and scholars across a range of disciplines including gender studies Asian studies China studies cultural studies and film studies

Feminist Theory Reader Carole R. McCann, Seung-kyung Kim, 2016-07-07 The fourth edition of the *Feminist Theory Reader* continues to challenge readers to rethink the complex meanings of difference outside of contemporary Western feminist contexts This new edition contains a new subsection on intersectionality New readings turn readers attention to current debates about violence against women sex work care work transfeminisms and postfeminism The fourth edition also continues to expand the diverse voices of transnational feminist scholars throughout with particular attention to questions of class Introductory essays at the beginning of each section bring the readings together provide historical and intellectual context and point to critical additional readings Five core theoretical concepts gender difference women's experiences the personal is political and intersectionality anchor the anthology's organizational framework New to this edition text boxes in the introductory essays add excerpts from the writings of foundational theorists that help define important theoretical concepts and content by Dorothy Sue Cobble Cathy Cohen Emi Koyama Na Young Lee Angela McRobbie Viviane Namaste Vrushali Patil and Jasbir Puar **Queer Post-Gender Ethics** Lucy Nicholas, 2014-10-08 Can society operate without gender and even biological sex classifications *Queer Post Gender Ethics* argues that we could exist formulate our relationships and be sexual in more androgynous ways Outlining a political vision for how a post gender sociality might be achieved it presents

queer social practices for a truly gender neutral world *Sex, Gender and International Human Rights Law* Giovanna Gilleri, 2023-12-01 This book investigates the relationship between sex and gender under international human rights law and how this influences the formation of individual subjects Combining feminist queer and psychoanalytical perspectives the author scrutinises the sexed gendered human rights discourse starting from the assumptions underpinning interpretations of sex gender and the related notions of gender identity sex characteristics and sexual orientation Human rights law has so far offered only a limited account of the diversity of sexed gendered subjectivities being based on a series of simplistic assumptions Namely that there are only two sexes and two genders sex is a natural fact and gender is a social construct gender is the metonymic signifier for women and gender power relations take the asymmetrical shape of male domination versus female oppression Against these assumptions dominative and subordinate postures interchangeably attach to femininities and masculinities depending on the subjects roles their positionalities and the situational meanings of their acts The limits of an approach to gender which is based on rigid binaries are evident in two case studies on the UN human rights treaty bodies vocabulary on medically unnecessary interventions upon intersex children and on the European Court of Human Rights narrative on sadomasochism This examination of the impact of human rights on gendered subjectivities will be of interest to scholars students and researchers in international law gender studies queer studies cultural studies critical race theory and psychoanalysis **Gender Violence in Russia** Janet Elise Johnson, 2009-02-18 Just a few years ago most Russian citizens did not recognize the notion of domestic violence or acknowledge that such a problem existed Today after years of local and international pressure to combat violence against women things have changed dramatically Gender Violence in Russia examines why and how this shift occurred and why there has been no similar reform on other gender violence issues such as rape sexual assault or human trafficking Drawing on more than a decade of research Janet Elise Johnson analyzes media coverage and survey data to explain why some interventions succeed while others fail She describes the local global dynamics between a range of international actors from feminist activists to national governments and an equally diverse set of Russian organizations and institutions **Modern Muslim Intellectuals and the Qur'an** Suha Taji-Farouki, Institute of Ismaili Studies, 2006-01-26 This volume examines the writings of ten Muslim intellectuals working in the Muslim world and the West who employ contemporary critical methods to understand the Qur'an Their work points to a new trend in Muslim interpretation characterised by a direct engagement with the Word of God while embracing intellectual modernity in a global context The volume situates and evaluates their work and responses to it among Muslim and non Muslim audiences Believing Women in Islam Asma Barlas, 2009-09-15 Does Islam call for the oppression of women Non Muslims point to the subjugation of women that occurs in many Muslim countries especially those that claim to be Islamic while many Muslims read the Qur'an in ways that seem to justify sexual oppression inequality and patriarchy Taking a wholly different view Asma Barlas develops a believer's reading of the Qur'an that demonstrates the radically egalitarian and

antipatriarchal nature of its teachings Beginning with a historical analysis of religious authority and knowledge Barlas shows how Muslims came to read inequality and patriarchy into the Qur'an to justify existing religious and social structures and demonstrates that the patriarchal meanings ascribed to the Qur'an are a function of who has read it how and in what contexts She goes on to reread the Qur'an's position on a variety of issues in order to argue that its teachings do not support patriarchy To the contrary Barlas convincingly asserts that the Qur'an affirms the complete equality of the sexes thereby offering an opportunity to theorize radical sexual equality from within the framework of its teachings This new view takes readers into the heart of Islamic teachings on women gender and patriarchy allowing them to understand Islam through its most sacred scripture rather than through Muslim cultural practices or Western media stereotypes Sex, Culture, and Justice Clare Chambers, 2010-11 Autonomy is fundamental to liberalism But autonomous individuals often choose to do things that harm themselves or undermine their equality In particular women often choose to participate in practices of sexual inequality cosmetic surgery gendered patterns of work and childcare makeup restrictive clothing or the sexual subordination required by membership in certain religious groups In this book Clare Chambers argues that this predicament poses a fundamental challenge to many existing liberal and multicultural theories that dominate contemporary political philosophy Chambers argues that a theory of justice cannot ignore the influence of culture and the role it plays in shaping choices If cultures shape choices it is problematic to use those choices as the measure of the justice of the culture Drawing upon feminist critiques of gender inequality and poststructuralist theories of social construction she argues that we should accept some of the multicultural claims about the importance of culture in shaping our actions and identities but that we should reach the opposite normative conclusion to that of multiculturalists and many liberals Rather than using the idea of social construction to justify cultural respect or protection we should use it to ground a critical stance toward cultural norms The book presents radical proposals for state action to promote sexual and cultural justice **Transforming Knowledge 2Nd Edition** Elizabeth Minnich, 2010-06-04 A new edition of a widely influential book engages with contemporary critiques of inequality and with recent global events *Critical Theory and Interaction Design* Jeffrey Bardzell, Shaowen Bardzell, Mark Blythe, 2018-12-04 Classic texts by thinkers from Althusser to i ek alongside essays by leaders in interaction design and HCI show the relevance of critical theory to interaction design Why should interaction designers read critical theory Critical theory is proving unexpectedly relevant to media and technology studies The editors of this volume argue that reading critical theory understood in the broadest sense including but not limited to the Frankfurt School can help designers do what they want to do can teach wisdom itself can provoke and can introduce new ways of seeing They illustrate their argument by presenting classic texts by thinkers in critical theory from Althusser to i ek alongside essays in which leaders in interaction design and HCI describe the influence of the text on their work For example one contributor considers the relevance Umberto Eco's Openness Information Communication to digital content another reads Walter Benjamin's The Author as

Producer in terms of interface designers and another reflects on the implications of Judith Butler's Gender Trouble for interaction design. The editors offer a substantive introduction that traces the various strands of critical theory. Taken together, the essays show how critical theory and interaction design can inform each other and how interaction design drawing on critical theory might contribute to our deepest needs for connection, competency, self-esteem, and wellbeing.

Reading Feminist Theory Susan Archer Mann, Ashly Suzanne Patterson, 2016. Reading Feminist Theory: From Modernity to Postmodernity interweaves classical and contemporary writings from the social sciences and the humanities to represent feminist thought from the late eighteenth century to the present. Editors Susan Archer Mann and Ashly Suzanne Patterson pay close attention to the multiplicity and diversity of feminist voices, visions, and vantage points by race, class, gender, sexuality, and global location. Along with more conventional forms of theorizing, this anthology points to multiple sites of theory production, both inside and outside of the academy, and includes personal narratives, poems, short stories, zines, and even music lyrics. Offering a truly global perspective, the book devotes three chapters and more than thirty readings to the topics of colonialism, imperialism, and globalization. It also provides extensive coverage of third-wave feminism, poststructuralism, queer theory, postcolonial theory, and transnational feminisms.

Gender Stevi Jackson, Sue Scott, 2002. Offering students an informed overview of some of the most significant sociological work on gender produced over the last three decades, these readings are supplemented by a substantial critical introduction and editorial commentary.

Sexuality, Gender and Rights Geetanjali Misra, Radhika Chandiramani, 2005-11-23. This volume analyzes and documents the groundbreaking work done by many organizations to bring issues of sexuality and rights to public attention, to expand the freedoms of women and sexual minorities, and to highlight the unfair distinctions faced by those not conforming to gender and sexual norms across a range of expressions, behaviours, and identities in Asia. This volume covers eight countries in South and Southeast Asia. The contributors address issues of power and social hierarchies by using the principles of justice, equality, non-discrimination, and access to rights and services. They cover diverse issues like sexual rights, sexuality education, sexual health services, transsexuals, and other sexual minorities, HIV/AIDS prevention, as well as sex work and the representation of sexuality in popular culture. The contributors argue that neither gender nor sexuality can be addressed in isolation from human rights and demonstrate how linking sexuality and gender with human rights has an impact on people's lives across intersecting issues and contexts. Moving beyond theoretical discussions of sexuality, gender, and rights, this

volume looks at what these ideas mean in practice and offers examples of the diversity of effective approaches that can be adopted in varied settings Moreover it illustrates how sexuality ties in with wider issues health personal relationships economic well being equitable access to public services and the freedom to think speak and associate without fear of discrimination **Gender Trouble** Judith Butler,Maxine Elliot Professor of Comparative Literature and Critical Theory Judith Butler,2002-05-03 Since its publication in 1990 Gender Trouble has become one of the key works of contemporary feminist theory and an essential work for anyone interested in the study of gender queer theory or the politics of sexuality in culture

Sexuality, Gender and Schooling Mary Jane Kehily,2005-06-29 The sexuality of young people arouses controversy and remains a source of concern for parents teachers policy makers and politicians But what young people really think about sexuality and gender and how these issues impact upon their lives is often marginalized or overlooked Based upon extensive ethnographic research with young people and teachers Sexuality Gender and Schooling offers a telling and insightful account of how young people acquire sexual knowledge and how they enact their understanding of their own gender It highlights the ways in which young people s constructions of gender and sexuality are formed outside the school curriculum through engagements with various forms of popular culture such as teen magazines and television programmes and through same sex friendship groups Offering a fresh perspective on a subject of perennial interest and concern Sexuality Gender and Schooling provides accounts from the inside some of which may challenge and eclipse current approaches to sexuality education It has significant implications for policy and practice in Personal Social and Health Education and is also an excellent introduction to key debates and issues in the study of gender and sexuality **Radical Political Economy** Victor Lippit,2015-03-04

Radical political economy is built upon the formal analysis of neoclassical economics and the tradition of Marxian radical analysis The essays presented in this book offer a representative sampling of the issues and methodologies involved in the study of radical political economy **Social Construction of the Past** George C. Bond,Angela Gilliam,2020-04-23 First published in 1994 Anthropological and archaeological enquiry are shaped by the historical times in which they are formulated This collection of essays examines how mainstream scholarship constructs the past in the case of anthropologists usually the past of other peoples By creating another people s cultural history scholars appropriate it and turn it into a form of domination by one group over another Mainstream scholarship has often failed to recognize the intellectual and scholarly contribution of subjugated peoples This volume looks at the way postcolonial scholars are redefining the nature of scholarship and themselves in order to develop a more egalitarian discourse Social Constructions of the Past examines labour race and gender and its relationship to power and class It includes essays on a broad range of topics from the role of intellectuals in restructuring a non apartheid South Africa to Haitian working class women using sexuality to resist domination **Introduction to LGBTQ+ Studies** Deborah P. Amory,Sean G. Massey,Jennifer Miller,Allison P.

Brown,2022-11-01 Introduction to LGBTQ Studies offers accessible academically sound information on a wide range of topics

including history culture and Queer Theory an exploration of LGBTQ relationships families parenting health and education and how to conduct research on LGBTQ topics The book explores LGBTQ issues from the ancient world to contemporary global perspectives Employing an intersectional analysis the textbook highlights how sexuality and gender are simultaneously experienced and constructed through other structures of inequality and privilege such as race and class The text supports multiple learning styles by integrating visual elements multimedia resources discussion and project prompts and resources for further research throughout the textbook An OER version of this course is freely available thanks to the generous support of SUNY OER Services Access the book online at <https://milneopentextbooks.org/introduction-to-lgbtq-studies> a cross disciplinary approach

Sex And Gender Hierarchies Introduction

In the digital age, access to information has become easier than ever before. The ability to download Sex And Gender Hierarchies has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Sex And Gender Hierarchies has opened up a world of possibilities. Downloading Sex And Gender Hierarchies provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Sex And Gender Hierarchies has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Sex And Gender Hierarchies. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Sex And Gender Hierarchies. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Sex And Gender Hierarchies, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Sex And Gender Hierarchies has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of

continuous learning and intellectual growth.

FAQs About Sex And Gender Hierarchies Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Sex And Gender Hierarchies is one of the best book in our library for free trial. We provide copy of Sex And Gender Hierarchies in digital format, so the resources that you find are reliable.
