## **Sex Inequalities In Urban Employment In The Third World:**

*Sex Inequalities in Urban Employment in the Third World* Richard Anker, Catherine Hein, 1986-11-10 Extrait du revers de couverture Great inequality exists between men and women with respect to occupations career paths and earnings This volume presents an overview of the current situation on developing countries along with results from ILO UNFPA Insights are provided into the disadvantages women on the Third World face in the employment market based on this unique set of interviews with several thousand employers male employees and female employees which reveal why factors such as recruitment wages promotion absenteeism and turnover differ by sex of worker *Women in the Third World* Lynne Brydon, 1989 *Women in the Third World* provides an up to date general account and review of research on the roles and status of women in contemporary Third World societies The book focuses on four major themes of underdevelopment which have particular relevance for gender roles and relations the household production reproduction and policy These issues are illustrated with material from rural and urban areas in all parts of the Third World The book summarizes significant ideas and findings Lynne Brydon and Sylvia Chang have avoided a narrow focus on particular regions and countries to provide a synoptic overview In addition to being a valuable source of reference for scholars interested in gender and development in the Third World the book also attempts to pinpoint fundamental aspects of gender inequality which apply to women everywhere The overriding conclusion of the book is that women's experiences of development are generally negative and that intervention is urgently required to prevent their positions relative to men's deteriorating still further *Sex Inequalities in Urban Employment in the Third World* Richard Anker, Catherine Hein, 1986 **Gender Inequality in the Labour Market** Janet Siltanen, Jennifer Jarman, Robert Martin Blackburn, International Labour Office, 1995 This user friendly manual which can be used as a self learning or as a teaching tool guides readers through all stages in producing data on occupational concentration and segregation It clarifies concepts and measures discusses quality and availability of information and reviews various methodological tools using well known statistical software packages It should be of interest to researchers and analysts of occupational data *Women's Work And Child Welfare In The Third World* Joanne Leslie, 2021-11-18 Recent trends in women's work and child survival and development in developing countries raise concerns about the relationship between these two key elements of development This paper reviews and analyzes the methodology and findings of 50 studies of both women's work and infant feeding practices and women's work and child nutritional status Although the pattern of findings is complex and occasionally contradictory the paper concludes that overall there is little evidence of a negative effect of maternal employment on child nutrition and therefore no justification for limiting women's labor force participation on the grounds of promoting child welfare *Women and Development in the Third World* Janet Momsen, 2008-02-21 For all societies the common denominator of gender is female subordination For women of the Third World the effects of this position are worsened by economic crisis the legacy of colonialism as well as patriarchal attitudes

and economic crises Feminist critique has introduced the gender factor to development theory arguing that the equal distribution of the benefits of economic development can only be achieved through a radical restructuring of the process of development This important new book reviews both policy and practice in Latin America Africa and Asia and raises thought provoking questions concerning the role of development planning and the empowerment of women Reversed Realities Naila Kabeer,1994-07-17 A dynamic reassessment of development theory with a focus on gender this book examines alternative frameworks for analyzing gender hierarchies identifies the household as the primary site for the construction of power relations assesses the inadequacy of the poverty line as a measuring tool and provides a critical overview of population control Gender Equality and Occupational Segregation in Nordic Labour Markets Helinä Melkas,Richard Anker,1998 Of Part I Gender, Identity and Place Linda McDowell,2018-03-23 Feminist approaches within the social sciences have expanded enormously since the 1960s In addition in recent years geographic perspectives have become increasingly significant as feminist recognition of the differences between women their diverse experiences in different parts of the world and the importance of location in the social construction of knowledge has placed varied geographies at the centre of contemporary feminist and postmodern debates Gender Identity and Place is an accessible and clearly written introduction to the wide field of issues that have been addressed by geographers and feminist scholars It combines the careful definition and discussion of key concepts and theoretical approaches with a wealth of empirical detail from a wide ranging selection of case studies and other empirical research It is organized on the basis of spatial scale examining the relationships between gender and place from the body to the nation although the links between different spatial scales are also emphasized The conceptual division and spatial separation between the public and private spheres and their association with men and women respectively has been a crucial part of the social construction of gendered differences and its establishment maintenance and reshaping from industrial urbanization to the end of the millennium is a central linking theme in the eight substantive chapters The book concludes with an assessment of the possibilities of doing feminist research It will be essential reading for students in geography feminist theory women s studies anthropology and sociology Women in the World of Work Shirley Nuss,Ettore Denti,David Viry,International Labour Office,1989 This title provides data statistical information and analysis of female and male economic activity at global regional and national levels The book sets out in chart form statistics and projections from 1950 to 2000 and evaluates past trends and future prospects by age economic sector and gross years of working life **Women and Work in South Asia** Deipica Bagchi,Saraswati Raju,2013-10-16 Women s work is central to the social and economic aspirations of the countries of South Asia Their contribution to agriculture industry and services is critical However planners and policy makers frequently ignore women s economic roles drawing simplistic conclusions from inadequate data Women and Work in South Asia provides a cross cultural perspective on research on women s work in South Asia Integrating macro and micro analysis Asian and Western contributors analyse the inadequacies of official statistics and

explore through case studies the cultural and socio economic position of women at work in the region

**Gender in Contemporary Iran** Roksana Bahramitash, Eric Hooglund, 2011-03-29 This book examines gender and the dynamics of social change in contemporary Iran documenting the changes in women's lives and showing how women have now become agents of social change rather than victims Bringing together the detailed primary research of a number of eminent scholars working in Iran this collection provides unique perspectives on the past decade in Iranian society Chapters document and examine how different Iranian groups and classes are negotiating resisting and pressing for political and social change to explore the complexity of a society that often is portrayed in monolithic stereotypes in the international media Thematically arranged sections explore discourses around gender and the impact of these discourses on women the gendered impact of educational employment communications and cultural changes changing gender attitudes among the post revolutionary generation of youth and the ways economic changes have been affecting women Providing an important basis for understanding social and political developments in a country that has been a focus of international attention for much of the last decade this collection will be an important reference for scholars of Iranian studies gender studies political science and sociology

*The Oxford Handbook of Industrial Hubs and Economic Development* Arkebe Oqubay, Justin Yifu Lin, 2020-07-23 Industrialization supported by industrial hubs has been widely associated with structural transformation and catch up But while the direct economic benefits of industrial hubs are significant their value lies first and foremost in their contribution as incubators of industrialization production and technological capability and innovation The Oxford Handbook of Industrial Hubs and Economic Development adopts an interdisciplinary approach to examine the conceptual underpinnings review empirical evidence of regions and economies and extract pertinent lessons for policy researchers and practitioners on the key drivers of success and failure for industrial hubs This Handbook illustrates the diverse and complex nature of industrial hubs and shows how they promote industrialization economic structural transformation and technological catch up It explores the implications of emerging issues and trends such as environmental protection and sustainability technological advancement shifts in the global economy and urbanization

**Historical Dictionary of Women in Sub-Saharan Africa** Kathleen Sheldon, 2016-03-04 African women's history is a vast topic that embraces a wide variety of societies in over 50 countries with different geographies social customs religions and historical situations Africa is a predominantly agricultural continent and a major factor in African agriculture is the central role of women as farmers It is estimated that between 65 and 80 percent of African women are engaged in cultivating food for their families and in the past that percentage was likely even higher Thus one common thread across much of the continent is women's daily work in their family plot This second edition of Historical Dictionary of Women in Sub-Saharan Africa contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on individual African women in history politics religion and the arts on important events organizations and publications and on topics important to women in general
