The Visual World of Shadows Roberto Casati,Patrick Cavanagh,2023-12-26 How the perception of shadows studied by vision scientists and visual artists reveals the inner workings of the visual system In The Visual World of Shadows Roberto Casati and Patrick Cavanagh examine how the perception of shadows as studied by vision scientists and visual artists reveals the inner workings of the visual system Shadows are at once a massive problem for vision which must distinguish them from objects or material features of objects and a resource signaling the presence location shape and size of objects Casati and Cavanagh draw up an inventory of information retrievable from shadows showing their amazing variety They present an overview of the visual system distinguishing between measurement and inference They discuss the shadow mission the work done by the visual brain to parse and perhaps discard the information from shadows shadow ownership the association of a shadow with the object that casts it shadow labeling the visual system s ability to tell shadows from nonshadows and the shadow concept our knowledge about shadows as a category Casati and Cavanagh then apply the theoretical apparatus they have developed for shadows to other phenomena illumination reflection and transparency Finally they examine the art of the shadow paying tribute to artists exploration of shadow analyzing a series of artworks reproduced in color from a rich and fascinating art historical corpus

Aldrete,Alicia Aldrete,2019-02-07 A vivid exploration of the many ways the classical world remains relevant today this is a passionate justification of why we continue to read about and study the lives and works of the ancient Greeks and Romans Challenging the way the phrase That s just ancient history is used to dismiss something as being irrelevant Greg and Alicia Aldrete demonstrate just how much ancient Greece and Rome have influenced and shaped our world today in ways both large and small From the more commonly known influences on politics law literature and timekeeping through to the everyday rituals and routines we take for granted when we exercise dine marry and dress we are rooted in the ancient world Even the political upheaval celebrity obsession and blurring of public and private boundaries that we see in current news betray ancient characteristics now brought to the fore here in a new final chapter If you have ever wondered how far exactly we still walk in the footsteps of the ancients or wanted to understand how study of the classical world can inform and explain our lives today this is the book for you The Year of Shadows Claire Legrand,2013-08-27 Olivia wants a new lifeNand it might take ghosts to get it A heartfelt Gothic novel from the award winning author of The Cavendish Home for Boys and Girls Illustrations In My Father's Shadow Chris Welles Feder,2025-05-01 Out of all the many stars and celebrities Hollywood has produced only a handful have achieved the fame and some would say infamy of Orson Welles the creator and star of what is arguably the greatest American film Citizen Kane Many books have been written about him detailing his achievements as an artist as well his foibles as a human being None of them however has gotten so close to the real man as does Chris Welles Feder s beautifully realized portrait of her father In My Father s Shadow is a classic story of a life lived in the public eye told with affection and the wide eyed wonder of a daughter who never stopped believing that someday she would truly know and understand her elusive and larger than life father The result is a moving and insightful look at life in the shadow of a legendary figure and an immensely entertaining story of growing up in the unreal reality of Hollywood enhanced by Welles Feder s collection of many never before seen family photographs
