Longarm On The Great Divide:

Longarm 424 Tabor Evans, 2014-02-25 Longarm s caught in the cross fire between feuding neighbors A feud over water rights has got neighboring towns on the brink of all out war After a territorial division split one community into two the locals found themselves taking sides in a conflict that literally pit brother against brother Now Deputy U S Marshal Custis Long has arrived to encourage both sides to let go of their thirst for vengeance and let past injustices be water under the bridge But what could be a watershed moment for the small community may instead erupt into bloodshed With skirmishes turning deadly and a bushwhacker gunning for Longarm this whole peacemaking venture may turn out to be a washout *Longarm*

Whoever he was, he was an 18 year old crime wave and Jessie was determined to save him from a lynching. After Marshal Dustin was gunned down, Slocum couldn't let the killers foam free, not when they'd run off with the Marshal's beautiful blue-eyed daughter. But the Jensen bunch would rather backshoot a man than face him in a fair fight. And even Slocum's lightning draw wouldn't be worth spit if he never gets a chance to clear leather. Lone Star 08 Wesley Ellis, 1983-02-01. In green hilled Nebraska, Jessie and Ki battle a sinister mob for an oil-rich town in the eighth Lone Star novel. They call them The Lone Star Legend, Jessica Starbuck, a magnificent woman of the West fighting for justice on America's frontier, and Ki, the martial arts master sworn to protect her and the code she lived by. Examines the historical legal and religious reasons that underlie harsh legal penalties and discrimination against sexual minority communities in certain countries. Bringing together theoretical perspectives from both comparative politics and public law, this book examines the reasons why certain countries criminalize same-sex activities while others have carved into law the requirement that sexual minority communities be protected. The authors break new ground by using cross-national yearly data over decades, focusing on sodomy laws, death penalty provisions for same-sex sexual relations, and sexual discrimination practices to develop a Gay Rights Index comparing treatment of such groups in various parts of the world. The book includes legal and large N analyses, historical examples, and case studies underscoring important changes and key trends during the last several decades. Also highlighted are the significant human rights violations still being committed in various parts of the world against sexual minorities and the continuing role religion plays. **The Pastoral Review**, 1929. **Geology of the Eastern Great Smoky Mountains, North Carolina and Tennessee, by Jarvis B.
