US Army Military History Institute, Lawrence James-Alexander Lentz, 1979 International Encyclopedia of Military History James C. Bradford, 2004-12-01 With its impressive breadth of coverage both geographically and chronologically the International Encyclopedia of Military History is the most up to date and inclusive A Z resource on military history From uniforms and military insignia worn by combatants to the brilliant military leaders and tacticians who commanded them the campaigns and wars to the weapons and equipment used in them this international and multi cultural two volume set is an accessible resource combining the latest scholarship in the field with a world perspective on military history **The Battle of Pinkie, 1547** David Caldwell, Vicky Oleksy, Bess Rhodes, 2023-07-27 The Battle of Pinkie fought between the English and the Scots in 1547 was the last great clash between the two as independent nations It is a well documented battle with several eyewitness accounts and contemporary illustrations There is also archaeological evidence of military activities The maneuvers of the two armies can be placed in the landscape near Edinburgh despite considerable developments since the sixteenth century Nevertheless the battle and its significance has not been well understood From a military point of view there is much of interest The commanders were experienced and had already had battlefield successes There was an awareness on both sides of contemporary best practice and use of up to date weapons and equipment The Scots and the English armies however were markedly different in their composition and in the strategy and tactics they employed There is the added ingredient that the fire from English ships positioned just off the coast helped decide the course of events Using contemporary records and archaeological evidence David Caldwell Victoria Oleksy and Bess Rhodes reconsider the events of September 1547 They explore the location of the fighting the varied forces involved the aims of the commanders and the close run nature of the battle Pinkie resulted in a resounding victory for the English but that was by no means an inevitable outcome After Pinkie it briefly seemed as if the future of Britain had been redefined The reality proved rather different and the battle has largely slipped from popular consciousness This book provides a reminder of the uncertainty and high stakes both Scots and English faced in the autumn of 1547 With a Bended Bow Erik Roth, 2011-11-30 In With a Bended Bow Erik Roth presents a comprehensive examination of the archer and his weapon in a time when archery was both economically and militarily vital to the security of England based on the study of mediaeval writings and period artefacts As an accomplished artist his illustrations are an invaluable aid to understanding the manufacture and use of the bow The book examines the types of weapons and kit produced by guildsmen the materials used and the work of different specialists including bowyers fletchers and stringers It also details the life of the archer himself how he cared for his equipment learned to shoot and fought for his country on the battlefields of Scotland and France With a Bended Bow gives an exceptional insight into the tools training and fighting techniques of the soldier who defined mediaeval warfare **The Training and Socializing of Military Personnel** Peter Karsten, 1998 First Published in 1999 Routledge is an imprint of Taylor Francis an informa company *Henry V's Navy* Ian Friel, 2015-10-05 WITHOUT HENRY V S NAVY the Battle of Agincourt would never have

happened Henry's fleet played a major if often unrecognised part in enabling the king to come within reach of final victory in the Hundred Years War against France Henry's navy was one of the most successful fleets deployed by England before the time of Elizabeth I The royal fleet was transformed in Henry's short reign from a few dilapidated craft into a powerful weapon of war with over thirty fighting vessels up to date technology and four of the biggest ships in Europe Drawing from extensive research into documentary pictorial and archaeological sources Henry V's Navy is about the men ships and operations of Henry's sea war Maritime historian Ian Friel explores everything from shipboard food to how crews and their ships sailed and fought and takes an in depth look at the royal ships He also tells the dramatic and bloody story of the naval conflict which at times came close to humiliating defeat for the English *Bloody Meadows* John Carman, Patricia Carman, 2006-02-16 By investigating the sites of historical battlefields this book shows that an insight can be developed into the minds of those who fought and into some of our own expectations about war It reveals differences in landscape type between battlefields from the tenth to nineteenth century in Britain Belgium France Spain and Portugal *Subject Matter* Joyce E. Chaplin, 2009-07-01 By placing the history of science and medicine at the very center of the story of early English colonization Chaplin shows how contemporary European theories of nature and science dramatically influenced relations between the English and Indians within the formation of the British Empire **The Hundred Years War (Part II)** Andrew Villalon, Donald Kagay, 2008-08-31 This book takes a fresh look at the Hundred Years War by gathering the latest scholarship on several aspects of the conflict that have not been amply studied before and several that have become gospel by numerous scholarly treatments The collection focuses on the following subjects 1 the Hundred Years War as a wide ranging struggle that effected many European regions 2 the battle of Agincourt and its political and emotional aftermath 3 the Iberian theater of war that sprang from the main conflict 4 the impact of the crossbow and longbow on the great battles of the conflict 5 great leaders of the war and 6 economic literary and psychological aspects of the conflict Contributors are William P Caferro Megan Cassidy Welch Kelly DeVries Donald J Kagay Ilana Krug Russell Mitchell Steven Muhlberger Clifford J Rogers L B Ross Dana Sample Wendy Turner Richard Vernier L J Andrew Villalon and David Whetham Winner of the 2014 Verbruggen Prize of De Re Militari the Society for the Study of Medieval Military History given annually for the best book on medieval military history *Journal of Medieval Military History* John France, Kelly DeVries, Clifford J. Rogers, 2019-05-17 This volume focuses on two of the most vibrant areas of research in the field Crusader studies and the warfare of the Late Middle Ages embracing a diversity of approaches Chapters look at the battle of Tell Bashir 1108 in the context of Saljuq politics the defenses of Altit castle one of the Templars strongest fortifications from an archaeological perspective the involvement of the Military Orders in secular conflicts particularly in Europe and how royal women affected and were affected by the wars of Castile and the Crown of Aragon in the fourteenth century Fencing competitions are used to explore masculinity and status in Strasbourg from the late Middle Ages into the early modern period and key aspects of the actual conduct of warfare in the

fifteenth century come under detailed scrutiny the role of cavalry in turning the Hundred Years War in favour of the French and the logistical and procurement difficulties and methods involved in fielding a Florentine army in 1498 The volume is completed with a translation and discussion of Guillaume Guiart s rich description of a French royal army on the march and in camp at the start of the fourteenth century Contributors Fabrizio Ansani Drew Bolinger Oliver Dupuis Ehud Galili Michael Harbinson Donald J Kagay Michael Livingston Ken Mondschein Helen J Nicholson Avraham Ronen Andrew L J Villalon
