

**What is the Longest War in
American History**

Longest War

James Wright

Longest War:

The Longest War Peter Bergen, 2011-07-07 In *The Longest War* Peter Bergen offers a comprehensive history of the war on terror and its evolution from the strategies devised in the wake of the 9/11 attacks to the fighting in Afghanistan, Pakistan and beyond. Unlike any other book on this subject, Bergen tells the story of this shifting war's failures and successes from both the perspective of the United States and al Qaeda and its allies. He goes into the homes of al Qaeda members, rooting into the source of their devotion to terrorist causes, and he spends time in the offices of the major players shaping the U.S. strategic efforts in the region. At a time when many are frustrated or fatigued with what has become an enduring multigenerational conflict, this book will provide an illuminating narrative that not only traces the arc of the fight but projects its likely future. At a critical moment in world history, *The Longest War* provides the definitive account of the ongoing battle against terror.

The Longest War Dilip Hiro, 1991 First Published in 1991, Routledge is an imprint of Taylor & Francis, an information company.

The Longest War Peter L. Bergen, 2011-06-28 New York Times bestselling author Peter Bergen's definitive account of al Qaeda's evolution since 9/11 and the U.S. government's responses. **Omar Al-Bashir and Africa's Longest War** Paul L. Moorcraft, 2015-04-30 President Omar al Bashir is Africa's and arguably Arabia's most controversial leader. In power since 1989, he is the first sitting head of state to be issued with an arrest warrant for war crimes by the International Criminal Court. He has been a central personality in Islamic and African politics as well as a love-to-hate figure for the US in the war on terror. For military history readers, Al Bashir is a field marshal who has fought possibly the world's longest conflict. Modern Sudan has been embroiled in war since 1955. No proper biography has been written on him before. Nor has there been a comprehensive military history of Sudan. The book briefly covers the military background until independence. Then it dissects the long north-south civil war until Bashir's Islamist military coup in 1989. Thereafter, it narrates the wars in the east-south-west in Darfur. International political and military intervention is also factored in. The author draws on in-depth one-on-one interviews with Bashir himself and his family and close political, military and intelligence colleagues.

The Long War Andrew J. Bacevich, 2009-06-22 Essays by a diverse and distinguished group of historians, political scientists and sociologists examine the alarms, emergencies, controversies and confusions that have characterized America's Cold War, the post-Cold War interval of the 1990s and today's Global War on Terror. The developments of this Long War have left their imprint on virtually every aspect of American life, and by considering the period as a whole, this volume is the first to take a truly comprehensive look at America's response to the national security crisis touched off by the events of World War II. Contributors consider topics ranging from grand strategy and strategic bombing to ideology and economics and assess the changing American way of war as the twentieth century progressed. They evaluate the evolution of the national security apparatus and the role of dissenters who viewed the activities of that apparatus with dismay, and they take a fresh look at the Long War's civic implications and its impact on civil-military relations. More than a military history, *The Long War*

examines the ideas policies and institutions that have taken shape since the United States claimed the role of global superpower In breaking down the old and artificial boundaries that have traditionally divided the postwar period into neat historical units this volume offers fresh perspectives on the current state of American national security

The Long War David Loyn,2021-09-21 Just as U S soldiers and diplomats pulled out of Afghanistan supposedly concluding their role and responsibility in the two decade conflict the country fell to the Taliban In The Long War award winning BBC foreign correspondent David Loyn uncovers the political and military strategies and failures that prolonged America s longest war Three American presidents tried to defeat the Taliban sending 150 000 international troops at the war s peak with a trillion dollar price tag But early policy mistakes that allowed Osama bin Laden to escape made the task far more difficult Deceived by easy victories they backed ruthless corrupt local allies and misspent aid The story of The Long War is told by the generals who led it through the hardest years of combat as surges of international troops tried to turn the tide Generals which include David Petraeus Stanley McChrystal Joe Dunford and John Allen were tested in battle as never before With the reputation of a warrior monk McChrystal was considered one of the most gifted military leaders of his generation He was one of two generals to be fired in this most public of commands Holding together the coalition of countries who joined America s fight in Afghanistan was just one part of the multi dimensional puzzle faced by the generals as they fought an elusive and determined enemy while responsible for thousands of young American and allied lives The Long War goes behind the scenes of their command and of the Afghan government The fourth president to take on the war Joe Biden ordered troops to withdraw in 2021 twenty years after 9 11 just as the Taliban achieved victory leaving behind an unstable nation and an unforeseeable future

Afghanistan's Violent Decades Stanley B. Sprague,2024-10-25 This book examines the key political and military events in Afghanistan from 1978 to August 2021 It covers the Afghan Soviet war and how that war was followed by an Afghan Civil War that made the country receptive to the rise of the Afghan Taliban It explains how the Taliban secured control of Afghanistan s government and permitted Osama bin Laden to reside in the country while he secretly planned an attack on the American mainland It also covers why Osama bin Laden s al Qaeda terrorists on September 11 2001 flew hijacked airliners into New York City s World Trade Center and the Pentagon It describes how American and NATO forces responded by invading Afghanistan to destroy al Qaeda and to overthrow the Taliban government The 20 year Afghan NATO war which followed would lead to American troops suffering 2 488 dead and 20 722 wounded This book is one of the first to cover this long war written after the war ended in August 2021 giving it a new perspective It offers an even handed coverage of the war based on Taliban American and British sources

Wars of Revelation Rebecca Lissner,2021-10-26 Rich in historical detail and theoretical insight Wars of Revelation explains why the United States military interventions have repeatedly transformed its global role and what that means for the future of American grand strategy More than seventy five years since the end of World War II military interventions rather than major wars have emerged as a defining feature of contemporary geopolitics

Yet for all the fierce policy debates over interventions and their lessons scholars have largely ignored the systematic linkages between these smaller scale wars and transformations in the grand strategies of states that prosecute them In *Wars of Revelation* Rebecca Lissner explains why military interventions can be crucibles of grand strategy testing strategic axioms on the battlefield and prompting combatant states to reconceive their global roles Through detailed historical case studies of US involvement in the Korean Vietnam and Persian Gulf Wars Lissner shows how each intervention generated searing insights into the capabilities and intentions of America's international adversaries as well as the potential and limits of its own national power By focusing on these three wars of revelation Lissner presents a fresh perspective on the origins and evolutions of US grand strategy from the dawn of the Cold War to its twilight Persuasively argued and historically illuminating *Wars of Revelation* is essential reading for anyone who crafts studies or follows international security policy

15 Years of War Kristine Schellhaas, 2019-02-20 First time author Schellhaas presents a moving memoir of her life with her husband Ross after he is deployed to Iraq after the events of 9/11 Publishers Weekly Less than 1 percent of our nation will ever serve in our armed forces leaving many to wonder what life is really like for military families He answers the call of duty in Afghanistan Iraq and the Pacific she keeps the home fires burning Worlds apart and in the face of indescribable grief their relationship is pushed to the limits *15 Years of War* provides a unique he said she said perspective on coping with war in modern day America It reveals a true account of how a dedicated Marine and his equally committed spouse faced unfathomable challenges and achieved triumph from the days just before 9/11 through fifteen years of training workups deployments and other separations This story of faith love and resilience offers insight into how a decade and a half of war has redefined what it means to be a military family A tough minded but open hearted memoir a frank description of what it takes for a spouse and family to support a soldier The Schellhaases story is deeply personal and unique but it will resonate with other families both civilian and military Foreword Magazine Kristine Schellhaas is a beautiful and transcendent voice of truth and consequence and her memoir *15 Years of War* should be required reading for every American who wants to understand just exactly what they have asked of the chosen 1 percent Angela Ricketts author of *No Man's War* Irreverent Confession of an Infantry Wife

Landpower in the Long War Jason W. Warren, 2019-06-14 War and landpower's role in the twenty first century is not just about military organizations tactics operations and technology it is also about strategy policy and social and political contexts After fourteen years of war in the Middle East with dubious results a diminished national reputation and a continuing drawdown of troops with perhaps a future force increase proposed by the Trump administration the role of landpower in US grand strategy will continue to evolve with changing geopolitical situations *Landpower in the Long War* Projecting Force After 9/11 edited by Jason W Warren is the first holistic academic analysis of American strategic landpower Divided into thematic sections this study presents a comprehensive approach to a critical aspect of US foreign policy as the threat or ability to use force underpins diplomacy The text begins with more traditional

issues such as strategy and civilian military relations and works its way to more contemporary topics such as how socio cultural considerations effect the landpower force It also includes a synopsis of the suppressed Iraq report from one of the now retired leaders of that effort The contributors made up of an interdisciplinary team of political scientists historians and military practitioners demonstrate that the conceptualization of landpower must move beyond the limited operational definition offered by Army doctrine in order to encompass social changes trauma the rule of law acquisition of needed equipment civil military relationships and bureaucratic decision making and argue that landpower should be a useful concept for warfighters and government agencies *The Four Ages of American Foreign Policy* Michael Mandelbaum,2022

Independence 1765 1788 In the shadow of the French Revolution 1788 1815 The continental republic 1815 1865 Great power debut 1865 1914 The offshore balancer 1914 1933 The arsenal of democracy 1933 1945 The contest of systems 1945 1953 War improbable peace impossible A superpower dies in bed The new world order 1990 2001 Back to the future 2001 2015 *America in White, Black, and Gray* Klaus P. Fischer,2007-05-30 Numerous studies on various aspects of the issues of the 1960s have been written over the past 35 years but few have so successfully integrated the many sided components into a coherent synthetic and reliable book that combines good storytelling with sound scholarly analysis *Vietnam* George Donelson Moss,2020-12-30 Now in its 7th edition *Vietnam An American Ordeal* continues to provide a thorough account of the failed American effort to create a viable non Communist state in Southern Vietnam Unlike most general histories of U S involvement in Vietnam which are either conventional diplomatic or military histories this volume synthesizes the perspectives to explore both dimensions of the struggle in greater depth elucidating more of the complexities of the U S Vietnam entanglement It explains why Americans tried so hard for so long to stop the spread of Communism into Indochina and why they failed In this new edition George Donelson Moss expands and refines key moments of the Vietnam War and its aftermath including the strategic and diplomatic background for United States involvement in Indochina during World War II how the French with British and American support regained control in southern Vietnam Saigon and the vicinity in the fall 1945 the account for the formation of SEATO and the account of the Sino Vietnamese War of 1979 The text has also been revised and updated to align with recently published monographic literature on the time period The accessible writing will enable students to gain a solid understanding of how and why the United States went to war against The Democratic Republic of Vietnam and why it lost the long bitter conflict This book will be of interest to students and scholars of American history the history of foreign relations and the Vietnam War itself **How Wars Are Won and Lost** John A. Gentry,2011-11-10 This provocative book seeks to answer a most crucial and embarrassing question concerning the U S military why the United States is so often stymied in military confrontations with seemingly weaker opponents despite its superpower status This fascinating book examines a question that continues to puzzle soldiers statesmen and scholars why do major powers including the ostensible superpower United States repeatedly perform poorly against seemingly

overmatched adversaries And what can they and the United States do to better achieve their military objectives How Wars are Won and Lost Vulnerability and Military Power argues that beyond relying solely on overwhelming military might the United States needs to focus more on exploiting weaknesses in their adversaries such as national will resource mobilization and strategic miscues just as opposing forces have done to gain advantage over our military efforts The author tests the vulnerability theory by revisiting six conflicts from the Philippine War of 1899 1902 to the ongoing actions in Iraq and Afghanistan showing again and again that victory often depends more on outthinking the enemy than outmuscling them

The Icarus Syndrome Peter Beinart, 2010 In *The Icarus Syndrome* Peter Beinart tells a tale as old as the Greeks a story about the seductions of success Beinart describes Washington on the eve of three wars World War I Vietnam and Iraq three moments when American leaders decided they could remake the world in their image Each time leading intellectuals declared that history was over and the spread of democracy was inevitable Each time a president held the nation in the palm of his hand And each time a war conceived in arrogance brought untold tragedy In dazzling colour Beinart portrays three extraordinary generations the progressives who took America into World War I led by Woodrow Wilson the lonely preacher's son who became the closest thing to a political messiah the world had ever seen The Camelot intellectuals who took America into Vietnam led by Lyndon Johnson who lay awake night after night shaking with fear that his countrymen considered him weak And George W Bush and the post cold war neoconservatives the romantic bullies who believed they could bludgeon the Middle East and liberate it at the same time Like Icarus each of these generations crafted wings a theory about America's relationship to the world They flapped carefully at first but gradually lost their inhibitions until giddy with success they flew into the sun But every era also brought new leaders and thinkers who found wisdom in pain They reconciled American optimism our belief that anything is possible with the realities of a world that will never fully bend to our will In their struggles lie the seeds of American renewal today Based on years of research *The Icarus Syndrome* is a provocative and strikingly original account of hubris in the American century and how we learn from the tragedies that result [A Concise History of U.S. Foreign Policy](#) Joyce P. Kaufman, 2021-07-06 Now in a fully updated edition that goes through the Trump administration and the election and formative period of the Biden administration this compact and accessible introduction offers a historical perspective on the evolution of U S foreign policy from the founding of the country to the present Joyce P Kaufman provides students and general readers with a clear and concise understanding of key foreign policy decisions and why they were made She identifies the major themes that have guided foreign policy and the reasons that the United States pursued certain policies in the context of specific periods in the nation's history Kaufman focuses on the major actors involved in the making of foreign policy and the changing relationships among them She also explains the major theoretical perspectives within international relations and contextualizes key foreign policy decisions as they fit these frameworks This edition puts a particular focus on the creation of Cold War foreign policy and why the end of the Cold War has continued to

be such a challenge to the United States Kaufman concludes with a look at the challenges the United States will continue to face including existential threats such as climate change and disease and how Americans can be prepared to address them

Blitzkrieg to Desert Storm Robert M. Citino, 2022-05-25 When Germany launched its blitzkrieg invasion of France in 1940 it forever changed the way the world waged war Although the Wehrmacht ultimately succumbed to superior Allied firepower in a two front war its stunning operational achievement left a lasting impression on military commanders throughout the world even if their own operations were rarely executed as effectively Robert Citino analyzes military campaigns from the second half of the twentieth century to further demonstrate the difficulty of achieving decisive results at the operational level Offering detailed operational analyses of actual campaigns Citino describes how UN forces in Korea enjoyed technological and air superiority but found the enemy unbeatable provides analyses of Israeli operational victories in successive wars until the Arab states finally grasped the realities of operational level warfare in 1973 and tells how the Vietnam debacle continued to shape U S doctrine in surprising ways Looking beyond major power conflicts he also reveals the lessons of India s blitzkrieg like drive into Pakistan in 1971 and of the senseless bloodletting of the Iran Iraq War Citino especially considers the evolution of U S doctrine and assesses the success of Desert Storm in dismantling an entrenched defending force with virtually no friendly casualties He also provides one of the first scholarly analyses of Operation Iraqi Freedom showing that its plan was curiously divorced from the realities of military history grounded instead on nebulous theories about expected enemy behavior Throughout Citino points to the importance of mobility especially mobilized armor in modern operational warfare and assesses the respective roles of firepower training doctrine and command and control mechanisms Brimming with new insights Citino s study shows why technical superiority is no guarantee of victory and why a thorough grounding in the history of past campaigns is essential to anyone who wishes to understand modern warfare Blitzkrieg to Desert Storm provides that grounding as it addresses the future of operational level warfare in the post 9 11 era

The Persian Puzzle Kenneth Pollack, 2005-08-09 In his highly influential book *The Threatening Storm* bestselling author Kenneth Pollack both informed and defined the national debate about Iraq Now in *The Persian Puzzle* published to coincide with the twenty fifth anniversary of the Iran hostage crisis he examines the behind the scenes story of the tumultuous relationship between Iran and the United States and weighs options for the future Here Pollack a former CIA analyst and National Security Council official brings his keen analysis and insider perspective to the long and ongoing clash between the United States and Iran beginning with the fall of the shah and the seizure of the American embassy in Tehran in 1979 Pollack examines all the major events in U S Iran relations including the hostage crisis the U S tilt toward Iraq during the Iran Iraq war the Iran Contra scandal American Iranian military tensions in 1987 and 1988 the covert Iranian war against U S interests in the Persian Gulf that culminated in the 1996 Khobar Towers terrorist attack in Saudi Arabia and recent U S Iran skirmishes over Afghanistan and Iraq He explains the strategies and motives from American and Iranian perspectives and

tells how each crisis colored the thinking of both countries leadership as they shaped and reshaped their policies over time Pollack also describes efforts by moderates of various stripes to try to find some way past animosities to create a new dynamic in Iranian American relations only to find that when one side was ready for such a step the other side fell short With balanced tone and insight Pollack explains how the United States and Iran reached this impasse why this relationship is critical to regional global and U S interests and what basic political choices are available as we deal with this important but deeply troubled country

Vietnam Spencer C. Tucker, 2002-11-01 A comprehensive overview of warfare in Vietnamese history from the early efforts to free themselves from Chinese control through the Indo China and Vietnam Wars the Vietnamese invasion of Cambodia up to the Sino Vietnamese War in 1979 Concentrating on the Vietnam War the author explores the conflict from the Vietnamese perspective demonstrating how for many Vietnamese the war was merely one of a long series of struggles against foreign domination Encompassing socio political economic diplomatic and cultural issues this text provides an introduction to Vietnam s military history and will be of interest to students of 20th century American and Asian history

Those Who Have Borne the Battle James Wright, 2012-05-01 At the heart of the story of America s wars are our citizen soldiers those hometown heroes who fought and sacrificed from Bunker Hill at Charlestown to Pointe du Hoc in Normandy and beyond without expectation of recognition or recompense Americans like to think that the service of its citizen volunteers is and always has been of momentous importance in our politics and society But though this has made for good storytelling the reality of America s relationship to its veterans is far more complex In *Those Who Have Borne the Battle* historian and marine veteran James Wright tells the story of the long often troubled relationship between America and those who have defended her from the Revolutionary War to today shedding new light both on our history and on the issues our country and its armed forces face today From the beginning American gratitude to its warriors was not a given Prior to World War II the prevailing view was that as citizen soldiers the service of its young men was the price of citizenship in a free society Even Revolutionary War veterans were affectionately but only temporarily embraced as the new nation and its citizens had much else to do In time the celebration of the nation s heroes became an important part of our culture building to the response to World War II where warriors were celebrated and new government programs provided support for veterans The greater transformation came in the wars after World War II as the way we mobilize for war fight our wars and honor those who serve has changed in drastic and troubling ways Unclear and changing military objectives have made our actions harder for civilians to stand behind a situation compounded by the fact that the armed forces have become less representative of American society as a whole Few citizens join in the sacrifice that war demands The support systems seem less and less capable of handling the increasing number of wounded warriors returning from our numerous and bewildering conflicts abroad A masterful work of history *Those Who Have Borne the Battle* expertly relates the burdens carried by veterans dating back to the Revolution as well as those fighting today s wars And it challenges Americans to do better for

those who serve and sacrifice today

Thank you very much for downloading **Longest War**. Maybe you have knowledge that, people have search hundreds times for their favorite readings like this Longest War, but end up in infectious downloads. Rather than reading a good book with a cup of tea in the afternoon, instead they cope with some malicious virus inside their laptop.

Longest War is available in our digital library an online access to it is set as public so you can get it instantly. Our digital library saves in multiple countries, allowing you to get the most less latency time to download any of our books like this one.

Merely said, the Longest War is universally compatible with any devices to read

Longest War Introduction

Longest War Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Longest War Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Longest War : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Longest War : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Longest War Offers a diverse range of free eBooks across various genres. Longest War Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Longest War Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Longest War, especially related to Longest War, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Longest War, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Longest War books or magazines might include. Look for these in online stores or libraries. Remember that while Longest War, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Longest War eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Longest War full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Longest War eBooks, including some popular titles.

FAQs About Longest War Books

1. Where can I buy Longest War books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Longest War book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
