Betwixt & Between Louise Carus Mahdi, Steven Foster, Meredith Little, 1987 *Betwixt and Between* offers new insights into the basic elements of initiations and rites of passage The absence of these traditional supports creates problems in the lives of those who are caught in the void and lack definite expectations at various times of their lives The chapters on masculine and feminine initiation provide new and creative concepts and practical possibilities for each of us Initiation has been a missing component in the modern world and

needs to be re introduced with new understanding and consciousness *Legends and Stories for a Compassionate America* Luigi Morelli,2014-05-05 Legends the second records periodic efforts to revive the original founding impulses Through the biographies of important individuals the role of national holidays and determining events the book allows the American soul to reveal itself When these phenomena appear in their fullest light the American dream appears as a whole that is more than the sum of its parts the stories and legends moreover it is a whole that is universal The book speaks with relevance and urgency to all who want to renew hope in the future of our nation and of the world Luigi Morelli is also the author of *A Revolution of Hope Spirituality Culture and Social Change* *The Native American in American Literature* Roger Rock,1985-05-22 This bibliography is a starting point for those interested in researching the American Indian in literature or American Indian literature Designed to augment other major bibliographies it classifies all relevant bibliographies and critical works and supplies listings not cited by them The author s general introduction provides bibliographical background for those beginning research in the field Cited works are listed alphabetically by the author s or editor s last name in each of three categories bibliographies works about the Indian in literature and Indian literature Each citation is numbered and the cross referenced subject and author indexes refer to each work by number thereby facilitating speedy reference *An Ethnography of the Huron Indians, 1615-1649* Elisabeth Tooker,1964 *People of the Longhouse* W. Michael Gear,Kathleen O'Neal Gear,2011-02-01 Six hundred years ago in what would become the northeastern United States and southeastern Canada five Iroquois tribes were locked in bitter warfare From the ashes of violence a great Peacemaker was born Young Odion and his little sister Tutelo live in fear that one day Yellowtail Village will be attacked When that day comes and Odion and Tutelo are marched away as slaves their only hope is that their parents will rescue them Their mother War Chief Koracoo and their father Deputy Gonda think they are tracking an ordinary war party herding captive children to an enemy village Koracoo and Gonda do not know that Odion and Tutelo have fallen into the hands of a legendary evil Gannajero the Trader Known as the Crow she is a figure out of nightmare a witch who captures children for her own nefarious purposes No one can stand against her powers except perhaps the mysterious Forest Spirit whose tracks have crisscrossed their own throughout their journey Odion and the other children struggle to survive their brutal captivity They too have seen the Forest Spirit But like their parents they can t be sure if the Spirit is a friend or is in league with Gannajero In *People of the Longhouse* New York Times and USA Today bestselling authors W Michael Gear and Kathleen O Neal Gear continue the gripping saga of North America s Forgotten Past At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied *Spirits of Blood, Spirits of Breath* Barbara Alice Mann,2016-01-06 Before invasion Turtle Island or North America was home to vibrant cultures that shared long standing philosophical precepts The most important and wide spread of these was the view of reality as a collaborative binary known as the Twinned Cosmos of Blood and Breath This binary system was built on the belief that neither half of the cosmos can exist without its twin Both halves

are therefore necessary and good Western anthropologists typically shorthand the Twinned Cosmos as Sky and Earth but this erroneously saddles it with Christian baggage and worse imposes a hierarchy that puts sky quite literally above earth None of this Western ideology legitimately applies to traditional Indigenous American thought which is about equal cooperation and the continual recreation of reality *Spirits of Blood Spirits of Breath* examines traditional historical concepts of spirituality among North American Indians both at and to the extent it can be determined before contact In doing so Barbara Alice Mann rescues the authentically indigenous ideas from Western and especially missionary interpretations In addition to early European source material she uses Indian oral traditions traced as much as possible to their earliest versions and sources and Indian records including pictographs petroglyphs bark books and wampum Moreover Mann respects each Indigenous culture as a discrete unit rather than generalizing them as is often done in Western anthropology To this end she collates material in accordance with actual historical linguistic and traditional linkages among the groups at hand with traditions clearly identified by group and where recorded by speaker In this way she provides specialists and non specialists alike a window into the purportedly lost and often caricatured world of Indigenous American thought **Maurice Kenny** Penelope

Cooperation and Competition Among Primitive Peoples Margaret Mead, 2002-11-01 When in 1935 Margaret Mead was asked by a member of the interdisciplinary committee of the Social Science Research Council to prepare a survey of several cultures for publication she ended up creating a model for future ethnological survey texts as well as furthering the understanding of cultural relativism in anthropological studies The result of her work *Cooperation and Competition Among Primitive Peoples* is fascinating The essays do not purport to be source materials on the peoples being studied but rather have been assembled as interpretative statements meant to provide a background for planning future research in this field in our own society In many respects this volume is a pioneer effort in anthropological literature It remains firmly part of the genre of cooperative research or interdisciplinary research though at the time of its original publication that phrase had yet to be coined Additionally this work is more theoretical in nature than a faithful anthropological record as all the essays were written in New York City on a low budget and without fieldwork The significance of these studies lies in the fact that *Cooperation and Competition Among Primitive Peoples* was the first attempt to think about the very complex problems of cultural character and social structure coupled with a meticulous execution of comparative study This work will be of great interest to anthropologists cultural theorists and students of interdisciplinary research The distinguished contributors include Margaret Mead the editor of this volume who authored *The Arapesh of New Guinea* *The Manus of the Admiralty Islands* and *The Samoans* Jeannette Mirsky who contributed *The Eskimo of Greenland* and *The Dakota* Ruth Landes who wrote *The Ojibwa of Canada* May Mandelbaum Edel author of *The Bachiga of East Africa* Irving Goldman who contributed *The Ifugao of the Philippine Islands* *The Kwakiutl of Vancouver Island* *The Zuni of New Mexico* and *The Bathonga of South Africa* Buell Quain who penned *The Iroquois* and Bernard Mishkin author of *The Maori of New Zealand* Margaret Mead 1901-1978 was associated with the American Museum of Natural History in New York for over fifty years becoming Curator of Ethnology in 1964 She taught at Columbia University and the New School for Social Research as well as a number of other universities and served as president of the American Association for the Advancement of Science and the American Anthropological Association Among her many books is *Continuities in Cultural Evolution* available from Transaction Publishers
