The Longman Companion to Britain in the Era of the Two World Wars 1914-45 Andrew Thorpe, 2014-09-19. In the momentous period barely 30 years covered by this systematic reference guide, the Edwardian world was transformed unrecognisably through war, technological progress, and social change into the Nuclear Age. It saw the coming of mass democracy, the apogee of empire, the Depression, the threat of fascism, the development of suburban society, and as yet scarcely understood, the end of Britain's international hegemony. Andrew Thorpe's superb contribution to the Companions series illuminates all this and much else. It will be indispensable to anyone interested in the history and politics of modern Britain.

Longman Companion to Imperial Russia, 1689-1917 David Longley, 2014-07-30. Longman Companion to the First World War Colin Nicolson, 2014-07-15. This new Companion covers one of the most devastating conflicts in modern history. The Great War traumatised a generation and shaped the whole of the twentieth century. Containing all the essential facts and figures, this Companion will be greatly welcomed by teachers, academics, and students alike.

The Longman Companion to America in the Era of the Two World Wars, 1910-1945 Patrick Renshaw, 2014-07-10. Between 1910 and 1945, the United States transformed itself into a Super Power. By 1945, with rivals in Europe and Asia

shattered by world war she dominated global economic financial and political arrangements and monopolised the atomic bomb This new Companion to History is an indispensable guide to this critical period in US history It includes chronologies listing all the major events both foreign and domestic social and economic history with many tables based on inaccessible data scores of mini biographies listings of the major office holders and maps      **The Longman Companion to Nazi**

Chamberlain,2014-06-11 The European empires as they existed from the Age of Discovery until after the First World War shaped the modern world So great has been their political economic and cultural influence that to fully understand contemporary history and events it is essential to have an understanding of the imperial past This book is an impressive achievement It brings together in one comprehensive volume all the essential facts and figures relating to the process of empire building by the European powers It complements the Longman Companion to European Decolonisation in the Twentieth Century by the same author together they help to explain why different empires had different philosophies dissolved in different ways and left different legacies      *The Origins of the Arab Israeli Wars* Ritchie Ovendale,2015-10-23

This highly regarded history gives a balanced and judicious introduction to this immensely complex and controversial subject weaving different strands of the story into a single coherent narrative thus making it essential reading for all students studying conflict in the Middle East Of all the troubles affecting the modern world few are as topical deep rooted and intractable as the Arab Israeli conflict For this region an understanding of the past is vital to an understanding of the present Ritchie Ovendale s classic study of the roots of the conflict is now updated for a fourth time and considers events until 2003

**The Hashemites** Robert McNamara,2010-09-07 The story of the Arab Revolt and the Hashemite princes who led it during the First World War is inextricably linked in modern eyes to the legend of Lawrence of Arabia as portrayed in David Lean s 1962 film But behind this romantic image lies a harsher reality of wartime expediency double dealing and dynastic ambition which shaped the modern Middle East and laid the foundations of many of the conflicts that rack the region to this day Arab nationalists claim that British instigation for the Arab Revolt against the Ottoman Empire was a commitment to independence for the Arab people but in this book Robert McNamara shows how the British cultivated the Hashemite Sherifs of Mecca more as an alternative focus during the First World War for Muslim loyalty from the Ottoman Sultan who as Caliph had declared a jihad against the Allies when the Turks joined the Central Powers than a leader of an independent and united

Arabia At the same time the Sykes Picot Agreement divided up the Middle East between British and French spheres of influence The sense of betrayal that this caused has coloured Arab nationalists views of the West ever since The main countries of the Middle East Jordan Syria and Iraq are all the creations of the post First World War settlement worked out at the Paris Peace Conference The story of the Hashemite dynasty at the Paris Peace Conference is the story of the birth of the modern history of a region that is now more than ever at the centre of world affairs     *Palestine and the Palestinians* Samih K. Farsoun,2018-05-04 Palestine and the Palestinians is a sweeping social economic ideological and political history of the Palestinian people from antiquity to the Road Map to Peace This second edition is thoroughly revised and updated including entirely new chapters on the most current issues confronting Palestine today including Palestinians in Israel the Oslo Accords and the Second Intifada Palestinian refugees and the right to return Jerusalem the diplomatic peace process and two state single state solutions
