Edited by Rita J. Simon

**Rita James Simon** 

A Look Backward and Forward at American Professional Women and Their Families Rita James Simon, 2000 This edited volume contains the thoughtful and often inspiring papers that were presented at the Fourth Annual Conference of the Women's Freedom Network in 1997 Written by scholars homemakers entrepreneurs professionals and military personnel the articles in this collection address the status of women their careers and their families now and in the past The volume is divided into four sections each devoted to a particular area where women have played a significant role The first section focuses on the family with papers describing the difficult choices women must make to meet the demands of home and career the changing role of fathers and impact of divorce on children In section two several women discuss their successful careers as entrepreneurs and CEOs in a variety of businesses The papers in section three deal with the topic of women in the military addressing issues ranging from physical fitness and injury to pregnancy and sexual scandal The last section offers insiders views on the history and professional experiences of women involved in medicine journalism law and academia Heart felt and informative the articles in this collection offer insight into the multi faceted and ever changing lives of women today

Women, Feminism, and Femininity in the 21st Century B. Mousli, E. Roustang-Stoller, 2009-05-11 American women look at French women as having it all sex motherhood work and public office while French women look at American women as puritanical excessively feminist and unable to have it all without guilt The essays in this book by leading American and French academics and critics set the record straight by assessing the truth of each outlook They conclude that facts are different from imagination and that on many issues French feminists could actually look to the U S for inspiration This book offers the first comparative critical appraisal of how women live in the US and in France and suggests paths of reflection on what women can do to improve their lives in the twenty first century This is a must read for anyone interested in the nature of womanhood today in the Western World Family Disintegration Anton Purcell, 2002 The contemporary family is being distracted disturbed and distraught by societal pressures from every direction The nuclear family concept believed crucial to child rearing is becoming pass according to census data Or has the wave of disruption to families crested It is hoped that this bibliography will serve as a useful tool to researchers seeking further information on families and the pressures being exerted upon them in the 21st century The 1950s Richard Alan Schwartz, 2014-05-14 Traces the history of the United States during the 1950s through such primary sources as memoirs letters contemporary journalism and official documents

Women in Combat Lorry M. Fenner, Marie E. deYoung, 2001-08-09 Women have been actively involved the United States military for more than fifty years but the ban on their participation in combat remains a hotly debated issue In this provocative book Lorry M Fenner an active duty Air Force intelligence officer calls for opening all aspects of military service to women Marie deYoung a former Army chaplain argues that keeping women out of combat is in the best interests of both sexes and crucial to the effectiveness of the military as a whole Fenner bases her argument for inclusion of women on the

idea that democracies require all citizens to compete in public endeavor and share in civic obligation She contends that historically reasons for banning women from combat have been culturally biased She argues that membership in a combat force should be based on capability judged against appropriate standards Moreover she maintains that excluding women hampers the diversity and adaptability that by necessity will characterize the armed forces in the twenty first century In contrast deYoung declares that the different physical fitness standards for men and women would in combat lower morale for both sexes and put women at risk of casualty Further she contends that women have neither the physical or emotional strength to endure the overall brutality of the combat experience She also asserts that calls for lifting the combat ban are politically motivated and are inconsistent with the principles of American democracy and the mission of national defense With each author responding to the views of the other their exchange offers a valuable synthesis of the issues surrounding a longstanding debate among policymakers military personnel and scholars of both military history and women s studies

Moving Beyond G.I. Jane Sara L. Zeigler, Gregory G. Gunderson, 2005 Moving Beyond G.I. Jane makes an essential contribution to the existing literature on the role of women in the military The authors offer detailed analyses of current debates over integrating women into combat roles and the proper approach to confronting sexual harassment with the ranks Each chapter includes concrete recommendations as to how the services should confront and manage these serious personnel problems A survey of ROTC cadets provides additional data on the attitudes of future leaders The book also identifies important ways in which female personnel can enhance effectiveness as the military adjusts to its changing role in the twenty first century particularly in peacekeeping operations Human Resources Management Patrick Alain Azanza,2000 Academic Women at Work and at Home Fostering an Integrated Life of Purpose in Christian **Higher Education** Kelli Jo Schutte, 2006 American Masculinities: A Historical Encyclopedia Bret Carroll, 2003-10-14 This is a highly recommended purchase for undergraduate medium sized and large public libraries wishing to provide a substantial introduction to the field of men's studies Reference User Services Quarterly Pleasing layout and good cross references make Carroll's compendium a welcome addition to collections serving readers of all ages Highly recommended CHOICE An excellent index well chosen photographs and illustrations and an extensive bibliography add further value American Masculinities is well worth what would otherise be too hefty a price for many libraries because no other encyclopedia comes close to covering this growing field so well American Reference Books Annual American Masculinities A Historical Encyclopedia is a first of its kind reference detailing developments in the growing field of men's studies This up to date analytical review serves as a marker of how the field has evolved over the last decade especially since the 1993 publication of Anthony Rotundo's American Manhood This seminal book opened new vistas for exploration and research into American History society and culture Weaving the fabric of American history American Masculinities illustrates how American political leaders have often used the rhetoric of manliness to underscore the presumed moral righteousness and

ostensibly protective purposes of their policies Seeing U S history in terms of gender archetypes readers will gain a richer and deeper understanding of America's democratic political system domestic and foreign policies and capitalist economic system as well as the private sphere of the home and domestic life The contributors to American Masculinities share the assumption that men s lives have been grounded fundamentally in gender that is in their awareness of themselves as males Their approach goes beyond scholarship which traditionally looks at men and women in terms of what they do and how they have influenced a given field or era Rather this important work delves into the psychological core of manhood which is shaped not only by biology but also by history society and culture Encapsulating the current state of scholarly interpretation within the field of Men s Studies American Masculinities A Historical Encyclopedia is designed to help students and scholars advance their studies develop new questions for research and stimulate new ways of exploring the history of American life Key Features Reader's Guide facilitates browsing by topic and easy access to information Extensive name place and concept index gives users an additional means of locating topics of interest More than 250 entries each with suggestions for further reading Cross references direct users to related information Comprehensive bibliography includes a list of sources organized by categories in the field Topics Covered Arts Literature and Popular Culture Body Health and Sexuality Class Ethnic Racial and Religious Identities Concepts and Theories Family and Fatherhood General History Icons and Symbols Leisure and Work Movements and Organizations People Political and Social Issues About the Editor Bret E Carroll is Associate Professor of History at California State University Stanislaus He received his Ph D from Cornell University in 1991 He is author of The Routledge Historical Atlas of Religion in America 1997 Spiritualism in Antebellum America 1997 and several articles on nineteenth century masculinity Asian American Women and Gender Franklin Ng,1999 First Published in 1999 Routledge is an imprint of Taylor Francis an informa company A Look Backward and Forward at American Professional Women and Their Families Rita J. Simon, 2000-01-19 This edited volume contains the thoughtful and often inspiring papers that were presented at the Fourth Annual Conference of the Women's Freedom Network in 1997 Written by scholars homemakers entrepreneurs professionals and military personnel the articles in this collection address the status of women their careers and their families now and in the past The volume is divided into four sections each devoted to a particular area where women have played a significant role The first section focuses on the family with papers describing the difficult choices women must make to meet the demands of home and career the changing role of fathers and impact of divorce on children In section two several women discuss their successful careers as entrepreneurs and CEOs in a variety of businesses The papers in section three deal with the topic of women in the military addressing issues ranging from physical fitness and injury to pregnancy and sexual scandal The last section offers insiders views on the history and professional experiences of women involved in medicine journalism law and academia Heart felt and informative the articles in this collection offer insight into the multi faceted and ever changing lives of women today

The Oxford Handbook of Work and Family

Tammy D. Allen, Lillian Turner de Tormes Eby, 2016 The Oxford Handbook of Work and Family features 35 chapters from leading scholars that focus on the worker family organization community and how these issues intersect It includes razor sharp reviews of long standing topics of interest fresh ideas to propel work family research in new directions and evidence based practical recommendations to improve organizational practices Women and Men in Management Gary N. Powell, 2018-05-23 Examine the evolving roles and experiences of women and men in the global workplace In the Fifth Edition of Women and Men in Management author Gary N Powell provides a comprehensive survey and review of the literature on gender and organizations This new edition is more intersectional than ever with expanded coverage of how race and ethnicity sexual orientation gender identify and expression and generational differences intersect with gender in the workplace Packed with the latest statistics research and examples the text explores important issues like the gender pay gap stereotypes and biases sexual harassment in the workplace work life balance and practical strategies for creating inclusive cultures New to this Edition Includes references to nearly 1 000 sources to reflect the growing of research since the last edition from 2010 Includes the latest research and statistics on a wide range of important issues like labor force participation educational attainment occupational attainment and more Public events and trends since the last edition such as increased public attention to rampant sexual harassment by corporate executives have been incorporated New attention is devoted to issues such as the effect of social media on gender socialization and how tech companies lose women of color during the hiring process Family-size Farms United States, Congress, House, Committee on Agriculture, United States, Congress. House. Committee on Agriculture. Subcommittee on Family Farms, 1956 New Outlook .1922 **New Books on Women** and Feminism ,2000 Becoming A Family Rena D. Harold, Patricia Stow Bolea, Lisa G. Colarossi, Lucy R. Mercier, Carol R. Freedman-Doan, 2014-04-08 The movement from young adulthood through coupling and the transition to parenthood may be among the most universal adult developmental transitions. These passages hold interest for all of us but especially for those who study the psychological familial and sociocultural components of development all of which interact and influence each other This book enhances understanding of family life development by shedding light on the meanings that family members ascribe to the developmental process of becoming a family This is achieved through qualitative analysis of narratives through which individuals and families explain themselves their thinking and their behavior These family narratives are windows into individual and family identity as well as descriptions of connections to others. The book addresses issues including identity child characteristics social support and work Each chapter includes a review of seminal literature parents comments and ideas about the topic and a discussion of practice policy and research implications Collier's .1911 Resources in Education ,1998 Housewives League Magazine, 1915
