

A Traveler's Look at AUSTRALIA

The great harbor in the world? "There did British Capt. Arthur Phillip point the site where on January 26, 1788, he founded the country's first European settlement. Look At Australia:

The Rock: Looking into Australia's 'Heart of Darkness' from the edge of its wild frontier Aaron Smith ,2020-12-01
Journalist Aaron Smith's new memoir holds up a unique mirror to Australia. What he sees is at once amazing, disturbing, and revealing. *The Rock* explores the failings of our nation's character, its unresolved past, and its uncertain future from the vantage point of its most northerly outpost, Thursday Island. Smith was the last editor, fearless journalist, and the paperboy of Australia's most northerly newspaper, the *Torres News*, a small independent regional tabloid that until it folded in late 2019 was the voice of a predominantly Torres Strait Islander and Aboriginal readership for 63 years across some of the most remote and little understood communities in Australia. *The Rock* is a story of self-discovery where Smith grapples to understand a national identity marred by its racist underbelly where he is transplanted from his white boy privileged suburban life to being a racial and cultural minority and an outsider. Peppered with his experiences, Smith gradually and sensitively becomes embedded in island life while vividly capturing the endless and often farcical parade of personalities and politicians including Scott Morrison and Tony Abbott. Smith pulls no punches while he reflects on the history of *Terra Australis incognita*, dissecting what is truly Australia and its gaping cultural and moral divide. A credit to regional journalism, Aaron carried on the fine tradition of the *Torres News*, holding governments to account and telling stories of everyday life in the Straits, never shying away from controversies, lifting all the rocks, and even outfoxing prime minister Tony Abbott on his visit to Mabou's grave. Stefan Armbruster, SBS. Aaron Smith makes a huge and extremely valuable contribution to journalism in Australia. With insight and commitment, he brings issues of national and international significance to audiences in Australia and beyond. Dr Tess Newton Cain, Griffith Asia Institute. Aaron's journalism has provided a rare and valuable insight into issues affecting the Torres Strait Islander community. Navigating cultural protocols and geographical challenges, he has given a voice to some of Australia's most marginalised people and shared important stories that would otherwise have gone unheard. Ella Archibald, Binge, Sydney Morning Herald.

The Cloud Jack A. Hancock, 2016-12-27 In the year 2110 something strange is happening on earth. The color yellow has mysteriously disappeared from the world, taking with it much of the sun's warmth and leaving the earth in peril of freezing. Colonel Aaron Post, a former Air Force pilot, and wife Janice, a retired Attorney General of the United States, are summoned to Washington DC by the President. Together with a group of experts, the colonel is tasked with preventing the end of civilization. NASA has determined that there is a cloud of dust spreading between the earth and the sun. Its origins are unknown, but its placement seems to be deliberate. Could there be an extraterrestrial race plotting to invade the earth? Only time will tell. In this novel, a mysterious dust cloud in space obscures the sun and eliminates the color on earth, threatening the existence of all life on the planet.

Australia's 'war on terror' Discourse Kathleen Gleeson, 2016-04-08 Too often existing literature has conflated the discourses that enabled the War on Terror, ignoring the contextual specificities of the states that make up the Coalition of the Willing. Australia's war on terror

Discourse fills this gap by providing a full and sustained critical analysis of Australian foreign policy discourse along with the theoretical synthesis for a specific model of critical discourse analysis of the subject The language of then Prime Minister Howard is the primary focus of the book but attention is also paid to the language of key ministers political opponents and other prominent actors The voices of those who challenged the dominant discourse are also considered to shed light on the ways in which discourses can be destabilised Kathleen Gleeson shows how Howard successfully invoked narratives of identity and sovereignty that resonated with his audience and promoted his reworked narrative of Australia whilst facing dissent from many actors who voiced their opposition most successfully when they capitalised on inconsistencies within the discourse
