Weimar Germany Shell Shock Cinema explores how the classical German cinema of the Weimar Republic was haunted by the horrors of World War I and the devastating effects of the nation's defeat. In this exciting new book Anton Kaes argues that masterworks such as *The Cabinet of Dr Caligari*, *Nosferatu*, *The Nibelungen* and *Metropolis* even though they do not depict battle scenes or soldiers in combat engaged the war and registered its tragic aftermath. These films reveal a wounded nation in post-traumatic shock, reeling from a devastating defeat that it never officially acknowledged, let alone accepted. Kaes uses the term shell shock, coined during World War I to describe soldiers suffering from nervous breakdowns as a metaphor for the psychological wounds that found expression in Weimar cinema. Directors like Robert Wiene, F. W. Murnau and Fritz Lang portrayed paranoia, panic and fear of invasion in films peopled with serial killers, mad scientists and troubled young men. Combining original close textual analysis with extensive archival research, Kaes shows how this post-traumatic cinema of shell shock transformed extreme psychological states into visual expression, how it pushed the limits of cinematic representation with its fragmented story lines, distorted perspectives and stark lighting, and how it helped create a modernist film language that anticipated film noir and remains incredibly influential today. A compelling contribution to the cultural history of trauma, *Shell Shock Cinema* exposes how German film gave expression to the loss and acute grief that lay behind Weimar's sleek facade.

Rosemary Cassidy, 1992      *How She Really Does It* Wendy Sachs, 2009-04-27 The kids are sick but the boss needs the presentation on her desk by ten. The parent-child kindergarten brunch can't be missed yet the business meeting beckons. When the only thing she knows for sure is that her day will bring a new set of challenges and priorities to be juggled, how does a stay-at-work mom do it all? Wendy Sachs, stay-at-work mother of two, has interviewed women from every walk of life, from celebrities like makeup maven Bobbi Brown, designer Vera Wang, CNN's Soledad O'Brien, the Today Show's Ann Curry to everyday moms from all over the country, and has uncovered some inspiring answers. For starters, some stay-at-work moms have given up striving for balance for true happiness, and sanity integration is the real key. Others have discovered that compartmentalization, wearing different hats at different times of day, is the only way to thrive. For all the psychological, emotional and financial payback of work is what keeps them feeling alive, even if they could afford not to work, and many can afford the choice they wouldn't have it any other way. Demonstrating that a byproduct of having career ambition is a happier marriage and family, *How She Really Does It* will validate the millions of women now attempting to have it all, or at least some of it all the time. Revealing the keys to staying at work, staying sane, staying satisfied, and staying at the heart of her family as well, *How She Really Does It* is a modern working woman's handbook.
