The Princess Plays Colleen Neuman, Kim Esop Wylie, 2011-03 Three one act fairy tales Colleen Neuman Three utterly charming plays from the author of our immensely popular Lion and Mouse Stories The Princess and the Princess flexible cast of 21 simple set 30 minutes A poor polite princess and a rich rude princess meet on a narrow mountain path and neither will move to let the other pass Everyone who tries to help gets stuck on the mountain with them After a riddle proves both princesses are real it is the poor princess Sexism & Sensibility Jo-Ann Finkelstein, PhD, 2024-09-03 An invaluable guide to understanding and dismantling sexism for parents trying to raise confident and powerful girls in a culture that often demeans them Seasoned and sensible guidance on the toughest topics in raising girls misogyny objectification body image confidence harassment sexual development and more Lisa Damour PhD New York Times bestselling author of The Emotional Lives of Teenagers The world is full of mixed messages for girls Stand up for yourself but do it softly Be independent but not single Love your body just make sure it's waxed bleached and thin And then there are the more overt hostilities being talked over paid less touched without permission and having politicians debate their right to bodily autonomy Many parents find it simpler to affirm girls strength than to address these distressing experiences directly But with girls skyrocketing rates of depression anxiety and suicide parenting them in this culture presents an urgent challenge How do we teach girls to recognize and cope with these realities without crushing their optimism and belief that they can incite change Jo Ann Finkelstein a Harvard educated psychologist has more than two decades of experience working with girls helping them find resilience in the face of toxic messages about beauty sex and femininity In Sexism Sensibility she draws on real stories from her practice to unpack the effects of sexism in its many guises Going beyond girl power and full of smart constructive ways to help girls make sense of things it includes how to talk about misogyny gender stereotyping objectification and consent at different ages strategies for fine tuning our daughters natural sexism detectors and safeguarding their self esteem ways to help girls spot and contest the microaggressions they face in school in the media in relationships and in public how to recognize and combat sexism in our own parenting We can't shield our daughters from gender bias and sexism but we can make sure that they are more prepared to handle it than we ever were Sexism Sensibility is an eye opening and essential resource for proactive parenting **Princess Margaret and the Curse** Meryle Secrest, 2025-09-09 A Groundbreaking New Perspective of Princess Margaret by Renowned Biographer Meryle Secrest Meryle Secrest distinguished biographer in the arts and humanities and recipient of a White House Medal has turned her focus to royalty In Princess Margaret and the Curse she has put the conventional view of a much reviled Princess on its head Her latest study which she considers more of an investigation than a biography as such proposes that nobody knows the truth about the fabled doomed Princess She is the first person to have looked at Princess Margaret in a particular family context That is to say with reference to her mother Elizabeth Bowes Lyon the daughter of a famous hard drinking Scottish family that had inhabited an ancient dwelling Glamis

Castle for centuries Her older brothers were already renowned for their prowess in alcohol consumption Decades later once she became Queen Mother this Elizabeth would begin to imbibe by eleven in the morning She was already lamenting the loss of her drinking powers when because of severe bouts of morning sickness during her first pregnancy with the future Queen Elizabeth in 1926 she could not drink Four years later while pregnant with Princess Margaret in 1930 she was not so handicapped Doctors believed it was perfectly safe for a mother to be to drink so she drank The doctors were wrong But it took another forty three years until 1973 before new studies established that alcohol in any amount was poisonous to the developing human being The effect is lifelong We now know that victims growth is stunted Margaret stopped growing at five feet and their skeletal structures are fragile They get sick sooner and age faster There are characteristic emotional differences too They never develop maturity of mind They remain subject to sudden tantrums rages are poor judges of character and particularly prone to run and hide as Princess Margaret tried to do all her life They may be as intelligent and gifted as she was but mulish and fly into a rage They are it turns out exactly like the person she became None of this has ever been recognized let alone understood With this study the author places Margaret s life in its proper perspective It seems particularly sad that someone expected to be perfection itself in her manners and behavior should have been born in the one situation where perfection was in fact impossible It is time we looked at this public figure from a new and more forgiving frame of mind and with a new understanding The Golden Book Magazine ,1924 *Good Housekeeping* ,1905
