Spaceships Over Glasgow Stuart Braithwaite,2022-09-29 Born the son of Scotland s last telescope maker Stuart Braithwaite was perhaps always destined for a life of psychedelic adventuring on the furthest frontiers of noise in MOGWAI one of the best loved and most ground breaking post rock bands of the past three decades Modestly delinquent at school Stuart developed an early appetite for alternative music in what might arguably be described as its halcyon days the late 80s Discovering bands like Sonic Youth My Bloody Valentine and Jesus and Mary Chain and attending seminal gigs often incongruously incognito as a young girl with long hair to compensate for his babyface features by The Cure and Nirvana Stuart compensated for his indifference to school work with a dedication to rock and roll and of course the fledgling hedonism that comes with it Spaceships Over Glasgow is a love song to live rock and roll to the passionate abandon we ve all felt in the crowd and some of us if lucky enough from the stage at a truly incendiary gig It is also the story of a life lived on the edge of the high times and hazardous pit stops of international touring with a band of misfits and miscreants

Cents And Non-Cents The Nemesis of Inflation Mohammed Saif, 15-12-15 What is the root cause of inflation Too much money in circulation Demand for goods exceeds supply Increase in the cost of production All of the above None of the above For millennia the waywardness of inflation has vexed economists and financial experts alike yet neither individuals nor nations have succeeded in coming to grips with it Across the world it is the common man bewildered and exasperated by this baffling phenomenon called inflation who has always been left holding the short end of the stick No matter what the remedial measures adopted by experts INFLATION will just not be TAMED This book written by a non economist in a style readily comprehensible by lay persons who are not adverse to a modicum of basic maths delves into the arcane world of money commerce banking and finance to wring out the shocking truth about inflation from the shadowy depths These pages will indelibly alter the reader's perception of money and leave the worlds of banking and economics both shaken and stirred

The Doctrine of Presence Benjamin Vance, 2013-06 The Doctrine of Presence introduces the reader to honest men and women challenged with half truths and false accusations during their attempts to

expose animal abuse among wildlife cinematographers in Kenya A bewildering transition from benign exposition to bloody manhunts places them on a poacher kill list The novel demonstrates how stubborn resolve and evoked skills can meet any challenge individually or governmentally fabricated There are no heroes in The Doctrine of Presence only normal people disgusted with the waste of Earth s beauty and innocence It promotes active participation in the rescue and elevation of life rather than the current apathetic crawl toward gradual destruction of natural life for the sake of false religious dogmas and personal wealth The novel exposes the true evil of poaching and shines a white light on at least two of its root causes It also heralds the efforts of animal rescue organizations and poacher hunters worldwide The pace depth and empathy invite the reader along for the ride to sweet revenge
