## Looking At Birmingham:

**Magic City Rock: Spaces and Faces of Birmingham's Scene** Blake Ells, 2020-10-19 Birmingham's rock music scene has thrived on camaraderie and collaboration for decades. With no competitiveness it has maintained a punk rock ethos while also appealing to a mainstream audience thanks to DIY clubs and alternative radio support. Once one of the country's most successful AAA radio stations 107.7 The X and the A/R power of station head Scott Register provided the early radio success that helped break Train, Matchbox Twenty and John Mayer. The same scene produced Jim Bob, the Leisure Suits, the Primitives, the Sugar La Lás and Verbena. From local legends like Hotel and Telluride to national sensation St Paul and the Broken Bones, writer Blake Ells tells the story of the Magic City's indelible stamp on the history of modern rock. **Insiders'**

**Invisible Wars: The New Sentinels** Walter A. Job, Jr., Mary Rose, 2022-12-14 Life is a mystery. So it is said. We are living day after day by the roll of the dice with lady luck with us or against us. Our whole world left to fate and the hand we were dealt with. Or do we all find ourselves facing a turning point where we learn that it is all by design. During a conversation between Elyon, The Lord of Light and Apollyon, the lord of darkness, Elyon reveals six new Novice Warriors that have yet to meet each other. Apollyon rages and vows that they will be his new servants and begins tormenting them. Elyon sends two Warriors of Light, Sebastian and Travis, to locate and bring the Novices together and also train them for the fight that is unseen by the masses. Apollyon's dark forces, led by Percy and Fia, are also sent to find and turn the Novices away from the Light. Will they be successful? *Looking Back* Russell Baker, 2004-02-29 Pulitzer Prize winning author of *Growing Up* and host of *Masterpiece Theatre*. Russell Baker has long been a keen observer of American politics and culture. In these essays originally published in the *New York Review of Books*, Baker profiles a gallery of heroes and rascals who have stirred the American imagination. His subjects include the tragic gulf between the life and myth of Joe DiMaggio, the epic feud between Lyndon Johnson and Robert F. Kennedy, Barry Goldwater's mercurial yet inspiring role in the rise of the American conservative movement and more.

Written evidence is contained in Volumes 3 and 4 available on the Committee website at [www.parliament.uk/pcrc](http://www.parliament.uk/pcrc). **Medical care for the armed forces**

Great Britain: Parliament: House of Commons: Defence Committee, 2008-02-18 The Committee investigated the provision of

healthcare for the armed forces and examined six key areas The first was the treatment of personnel seriously wounded on operations and the procedures for caring for them from the point of wounding to evacuation to and treatment in the United Kingdom The second area was the rehabilitation work for those with serious musculo skeletal or neurological injuries The third was the relationship between the Ministry of Defence and the National Health Service in terms of delivering healthcare The fourth area examined was the care for veterans and service families The fifth issue was mental healthcare both for service personnel and for veterans Finally the report examines the role of reserve personnel in the Defence Medical Services Clinical care provided by the Defence Medical Services DMS in conjunction with the NHS for personnel injured on operations is world class Rehabilitation work is also found to be exceptional Services to the armed forces are delivered by the DMS NHS charities and welfare organisations and this helps link the community with service personnel The Committee would like a wider debate on which services are most appropriately provided by each sector The Ministry of Defence s decision to base its secondary care around units embedded in NHS Trust is supported but there is scope for more sharing of best practice between the DMS and the NHS With veterans the Committee is not sure adequate procedures are in place to identify veterans and to ensure priority access to services Mental health is a vital responsibility for DMS but a robust tracking system for veterans is needed The reserve forces contribution to the delivery of military healthcare is praised but there is a danger of being overstretched

Transport and the economy Great Britain: Parliament: House of Commons: Transport Committee, Louise Ellman, 2011-03-02 In this report the Transport Committee calls on the Government to publish a White Paper on its transport strategy explaining in particular how spending on transport will deliver economic growth and development Such a strategy must set objectives for all transport spending and explain the criteria Ministers will use to decide between different claims on limited financial resources The report welcomes the commitment to undertake transport investment that will deliver sustainable growth and enterprise including green industries balanced across all sectors and in a manner that will reduce regional disparities Ministers must however ensure that this vision for transport investment is backed up by a pro active and fully integrated economic development strategy This is so far absent The current Government has swept away the regional tier of planning and many institutions that played a key role in the development of strategic priorities for transport spending in support of economic development This has created a vacuum that has left regions without the institutions and arrangements they need to plan and prioritise sub national transport schemes and other significant transport infrastructure The Coalition also needs a much stronger strategy for developing the UK s major ports and airports The Government must also do more to correct regional disparities in transport investment The Department for Transport s New Approach To Appraisal process which plays such a major role in deciding which transport schemes get Government funding is highly controversial Small schemes including sustainable

**"Everybody was Black Down There"** Robert H. Woodrum, 2007 In 1930 almost 13 000 African Americans worked in the coal mines around Birmingham Alabama They made up 53 percent of the mining workforce and some 60 percent of their union's local membership At the close of the twentieth century only about 15 percent of Birmingham's miners were black and the entire mining workforce had been sharply reduced Robert H Woodrum offers a challenging interpretation of why this dramatic decline occurred and why it happened during an era of strong union presence in the Alabama coalfields Drawing on union company and government records as well as interviews with coal miners Woodrum examines the complex connections between racial ideology and technological and economic change Extending the chronological scope of previous studies of race work and unionization in the Birmingham coalfields Woodrum covers the New Deal World War II the postwar era the 1970s expansion of coalfield employment and contemporary trends toward globalization The United Mine Workers of America's efforts to bridge the color line in places like Birmingham should not be underestimated says Woodrum Facing pressure from the wider world of segregationist Alabama however union leadership ultimately backed off the UMWA's historic commitment to the rights of its black members Woodrum discusses the role of state UMWA president William Mitch in this process and describes Birmingham's unique economic circumstances as an essentially Rust Belt city within the burgeoning Sun Belt South This is a nuanced exploration of how despite their central role in bringing the UMWA back to Alabama in the early 1930s black miners remained vulnerable to the economic and technological changes that transformed the coal industry after World War II

**The White House Looks South** William E. Leuchtenburg, 2005-10 Perhaps not

southerners in the usual sense Franklin D Roosevelt Harry S Truman and Lyndon B Johnson each demonstrated a political style and philosophy that helped them influence the South and unite the country in ways that few other presidents have Combining vivid biography and political insight William E Leuchtenburg offers an engaging account of relations between these three presidents and the South while also tracing how the region came to embrace a national perspective without losing its distinctive sense of place According to Leuchtenburg each man had one foot below the Mason Dixon Line one foot above Roosevelt a New Yorker spent much of the last twenty five years of his life in Warm Springs Georgia where he built a Little White House Truman a Missourian grew up in a pro Confederate town but one that also looked West because of its history as the entrep t for the Oregon Trail Johnson who hailed from the former Confederate state of Texas was a westerner as much as a southerner Their intimate associations with the South gave these three presidents an empathy toward and acceptance in the region In urging southerners to jettison outworn folkways Roosevelt could speak as a neighbor and adopted son Truman as a borderstater who had been taught to revere the Lost Cause and Johnson as a native who had been scorned by Yankees Leuchtenburg explores in fascinating detail how their unique attachment to place helped them to adopt shifting identities which proved useful in healing rifts between North and South in altering behavior in regard to race and in fostering southern economic growth The White House Looks South is the monumental work of a master historian At a time when race class and gender dominate historical writing Leuchtenburg argues that place is no less significant In a period when America is said to be homogenized he shows that sectional distinctions persist And in an era when political history is devalued he demonstrates that government can profoundly affect people s lives and that presidents can be change makers
