The Maps of Second Bull Run Bradley M. Gottfried,2024-11-21 A map based analysis of the Second Bull Run Campaign detailing troop movements battles and strategies with full color cartography and insightful commentary The Maps of Second Bull Run An Atlas of the Second Bull Run Manassas Campaign from the Formation of the Army of Virginia Through Chantilly June 26 September 1 1862 continues Bradley M Gottfried s efforts to study and illustrate the major campaigns of the Civil War This is the tenth book in the ongoing Savas Beatie Military Atlas Series President Abraham Lincoln s frustration with George B McClellan s inability to defeat Robert E Lee and capture Richmond dramatically increased after the unsuccessful Seven Days Battles In response Lincoln combined three small armies into the new Army of Virginia and placed it under Maj Gen John Pope who had overseen several successes in the Western Theater Pope s aggressiveness and McClellan s passivity on the Peninsula convinced Lee to send Thomas Stonewall Jackson s wing of the Army of Northern Virginia to confront Pope A bloody battle at Cedar Mountain on August 9 halted Pope s move south and Jackson s raid on the vast stores at Manassas Junction triggered another confrontation this time at Kettle Run When McClellan s troops abandoned the Peninsula Lee moved his other wing under James Longstreet rapidly north Pope missed an opportunity to prevent the junction of Lee s wings by not stopping Longstreet at Thoroughfare Gap The battle of Second Bull Run began on the evening of August 28 when Jackson tangled with Union troops at the Brawner Farm Pope spent much of the next day hammering Jackson s front with no idea that Longstreet was arriving on the field The Union assaults continued on August 30 until Longstreet launched a massive assault that rolled up the Union left flank and collapsed Pope s army The retreat was briefly interrupted by some of

Jackson's units at Chantilly which ended the campaign. The Maps of Second Bull Run plows new ground by breaking down the entire campaign into 24 map sets or action sections enriched with 122 detailed full page color maps. These cartographic originals bore down to the regimental and battery level. They include the march to and from the battlefields and virtually every significant event in between including cavalry actions. At least two and as many as ten maps accompany each map set. Keyed to each piece of cartography is a full facing page of detailed text describing the units' personalities, movements and combat including quotes from eyewitnesses depicted on the accompanying map, all of which make the cavalry actions come alive. This presentation allows readers to easily find a map and text on any portion of the sprawling campaign. Serious students will appreciate the extensive endnotes and complete orders of battle and take the book with them to the battlefields. A final bonus is that the maps unlock every other book or article written on any aspect of the campaign. Perfect for the easy chair or for stomping the hallowed grounds. The Maps of Second Bull Run is a seminal work that belongs on the bookshelf of every serious and casual student of the battle.

Historical Times Illustrated Encyclopedia of the Civil War Patricia L. Faust, 1991. From the front inside cover: Historical Times Illustrated Encyclopedia of the Civil War is the most complete one volume reference on the Civil War ever produced. More than 2,000 entries ranging in length from a few lines to several pages and arranged alphabetically from abatis and abolition to Zollicoffer and Zouave. Cover every important aspect and individual of that momentous conflict. Military events, campaigns and battles are thoroughly presented but so too are political, economic and social developments that occurred during the war. Particularly useful is the system of cross reference that indicated in each essay those names and terms which have their own entries.
