not pure The Untersberg is known to be inhabited by certain kinds of elemental spirits of Nature some of which are good and benevolent others of a wicked and malicious nature and inimical to mankind and there are innumerable tales circulating among the people in the neighbourhood telling about the doings of the gnomes fairies wild women and giants dwelling within caves and in gorgeous marble halls and grottoes filled with gold and precious stones that will turn into dead leaves and stones when seen in the light of day Some of the friendly tribes come out of the Untersberg on certain occasions and they are said to have sometimes associated with the inhabitants of our plane of existence partaking in the dances and amusements of the peasants and even taking stray children with them into the Untersberg and incredible as it may appear it is even asserted by those who know that marriages have taken place between citizens of our world and the inhabitants of the kingdom of gnomes and that these spirits of Nature being themselves not immortal seek to obtain immortality by their union with immortal man The majority of the gnomes therefore also love plain truthful and unsophisticated human beings such as possess a soul in which the light of the immortal spirit may be perceived and with these they are ready to associate but with soulless beings such as sophisticated sceptical arrogant short sighted and opinionated scientists whose hearts are dead and whose brains are swollen with the products of their own fancy they will have nothing to do to such they never show themselves but love to play tricks upon them whenever they come with a view of invading their kingdom
