This dazzling collection of recipes style advice and decorating ideas will help every family bring grace and passion to the
holiday season **The Holiday Makers** Richard K. Popp, 2012-05-16 In mid twentieth century America mass tourism
became emblematic of the expanding horizons associated with an affluent industrial society Nowhere was the image of
leisurely travel more visible than in the parade of glossy articles and advertisements that beckoned readers from the pages of
popular magazines In Richard K Popp s The Holiday Makers the magazine industry serves as a window into postwar media
and consumer society showing how the dynamics of market research and commercial print culture helped shape ideas about
place mobility and leisure Magazine publishers saw travel content as a way to connect audiences to a booming ad sector
while middlebrow editors believed sightseeing travel was a means of fostering a classless society at home and harmony
abroad Expanding transportation networks and free time lay at the heart of this idealized vision Holiday magazine heralded
nothing less than the dawn of a new era calling it the age of Mobile Man Man gifted for the first time in history with leisure
and the means to enjoy distance on a global scale For their part advertisers understood that selling tourism meant turning
dreams into action as ad executive David Ogilvy put it Doing so involved everything from countering ugly stereotypes to
tapping into desires for authentic places and self actualization Though tourism was publicly touted in egalitarian terms
publishers and advertisers privately came to see it as an easy way to segment the elite free spenders from the penny pinching
masses Just as importantly marketers identified correlations between an interest in travel and other consumer behavior
Ultimately Popp contends the selling of tourism in postwar America played an early integral role in the shift toward lifestyle
marketing an experiential service economy and contributed to escalating levels of social inequality **American Education**
