The Appointment Katharina Volckmer, 2020-09-01 A darkly funny untangling of national and sexual identity The Guardian Transgressive Incendiary The New Yorker A furious comic monologue with a disregard for propriety worthy of Alexander Portnoy The New York Times Book Review Sexy hilarious and subversive The Paris Review For readers of Ottessa Moshfegh and Han Kang a whip smart debut novel in which a woman on the verge of major change addresses her doctor in a stream of consciousness narrative In a well appointed examination in London a young woman unburdens herself to a certain Dr Seligman Though she can barely see above his head she holds forth about her life and desires her struggles with her sexuality and identity Born and raised in Germany she has been living in London for several years determined to break free from her family origins and her haunted homeland But the recent death of her grandfather and an unexpected inheritance make it clear that you cannot easily outrun your own shame whether it be physical familial historical national or all of the above Or can you With Dr Seligman's help our narrator will find out In a monologue that is both deliciously dark and subversively funny she takes us on a wide ranging journey from Hitler centered sexual fantasies and overbearing mothers to the medicinal properties of squirrel tails and the notion that anatomical changes can serve as historical reparation The Appointment is an audacious debut novel by an explosive new international literary voice challenging all of our notions of what is fluid and what is fixed and the myriad ways we seek to make peace with others and ourselves in the 21st century
