Curwin, Allen N. Mendler, Brian D. Mendler, 2018-04-16 In this revised and updated 4th edition Discipline with Dignity provides in depth guidance for implementing a proven approach to classroom management that can help students make better choices and teachers be more effective Emphasizing the importance of mutual respect and self control the authors offer specific strategies and techniques for building strong relationships with disruptive students and countering the toxic social circumstances that affect many of them including dysfunctional families gangs and poverty Educators at all levels can learn The difference between formal and informal discipline systems and when to use each The role of values rules and consequences How to address the underlying causes of discipline problems that occur both in and out of school What teachers can do to defuse or prevent classroom disruptions and disrespectful behavior without removing students from the classroom Why traditional approaches such as threats punishments and rewards are ineffective and what to do instead How to use relevance teacher enthusiasm choice and other elements of curriculum and instruction to motivate students How to reduce both teacher and student stress that can trigger power struggles With dozens of specific examples of student teacher interactions Discipline with Dignity illustrates what you can do and not do to make the classroom a place where students learn and teachers maintain control in a nonconfrontational way The goal is success for all in schools that thrive Teaching Today Geoffrey Petty, 2004 This book aims to be a straightforward and practical how to teach book It is intended for those teaching in either schools colleges or universities as well as those teaching or training in industry commerce or the public services Preface *Elementary Classroom Management* Carol Simon Weinstein, Andrew J. Mignano, 1997 An introduction to classroom management in elementary schools The text combines what research has to say about effective classroom management with knowledge culled from practice **Effective Teaching in Schools** Chris Kyriacou, 1997 This book is structured in three parts firstly putting into context the wealth of research on what makes for effective teaching then building on the foundation by looking at specific aspects of good classroom practice and finally looking at ways of reflecting on experience to improve classroom practice Out of the Depths, 4th Edition Isabelle Knockwood, 2015-04-01T00:00:00Z In the 1880s through an amendment to the Indian Act of 1876 the government of Canada

began to require all Aboriginal children to attend schools administered by churches Separating these children from their families removing them from their communities and destroying Aboriginal culture by denying them the right to speak Indigenous languages and perform native spiritual ceremonies these residential schools were explicitly developed to assimilate Aboriginal peoples into Canadian culture and erase their existence as a people Daring to break the code of silence imposed on Aboriginal students residential school survivor Isabelle Knockwood offers the firsthand experiences of forty two survivors of the Shubenacadie Indian Residential School In their own words these former students remember their first day of residential schooling when they were outwardly transformed through hair cuts and striped uniforms marked with numbers Then followed years of inner transformation from a strict and regimented life of education and manual training as well as harsh punishments for speaking their own language or engaging in Indigenous customs The survivors also speak of being released from their school and having to decide between living in a racist and unwelcoming dominant society or returning to reserves where the Aboriginal culture had evolved In this newly updated fourth edition Knockwood speaks to twenty one survivors of the Shubenacadie Indian Residential School about their reaction to the apology by the Canadian government in 2008 Is it now possible to move forward *Digital Media in Today's Classrooms* Dawn Wilson, Katie Alaniz, Joshua Sikora, 2016-12-09 Educators who engage with today's students appreciate the impact digital media has on the lives of our younger generations Learners of today consume create and publish multimedia content continuously using a variety of devices such as cell phones tablets and computers They generate original and innovative products through programs apps and the Internet as a means of communicating and representing their lives ideas and feelings Unfortunately not all students understand how to apply media literacy or media safety and many lack knowledge of how to truly analyze media content for its value in society Today's educators must learn to harness the enthusiasm students have for digital media content that uses a combination of text images audio animation and video into daily lessons in order to enhance student interest engagement motivation and achievement in classroom environments This book addresses these vital considerations thereby empowering teachers and students to benefit from the application of digital media in their classrooms both as a compelling assessment tool and as an engaging teaching strategy *Latino K-12 Schools* Leonard A. Valverde, 2014-08-26 This book is a comprehensive guide for educators and policy makers who are ready to create schools for Latinos particularly Mexican Americans such that students will be successful in learning and achieving in K 12 grades and college and help to advance society in the 21st century The contents address how to redefine schools for a new century and goes well beyond school reform It speaks to educators on adopting a positive mindset one that sees Latinos with assets not deficits and on expanding the school's purpose to serve not just students but the local community The author also emphasizes how to gain better understanding about Latino students and families to lose stereotypic thinking to engage families and local community resources in a more productive way to gather information and help evaluate school program effectiveness and not just testing

students on standardized test and how schools can help themselves develop much needed financial and human resources
