Loraison Contemplative:

Thought and Poetic Structure in San Juan de la Cruz's Symbol of Night N. Grace Aaron, 2005 *Thought and Poetic Structure in San Juan de la Cruz's Symbol of Night* is a comprehensive appraisal of the traditional critical perspectives of mysticism philosophical theological literary and psychological Examining the a priori limitations of these approaches the book presents an original definition of the symbol as an integral whole of experience and expression and concludes that night is the form the organizing principle of spiritual life Sacrifice As Gift Michon M. Matthiesen, 2013 *Sacrifice as Gift* is a timely presentation of a forgotten vision of eucharistic sacrifice one that reconfigures the current philosophical and theological divide between sacrifice and gift *The Presence of God* Bernard McGinn, 1991 *The foundations of mysticism series* **Pratique de l'oraison mentale ou contemplative** Mattia Bellintani, 1594 **Pratique de l'oraison mentale et de la perfection d'après Sainte Thérèse et Saint Jean de la Croix** Alphonse de la Mère des Douleurs, 1912

heritage These include ideas adapted from Syriac authors like Ephrem John the Solitary and Narsai but also adapted from the Syriac versions of texts originally written in Greek like Evagrius's Gnostic Chapters Pseudo Dionysius's Mystical Theology and the Pseudo Macarian homilies Isaac's eschatological synthesis of this material is a sophisticated discourse on the psychological transformation that occurs when the mind has an experience of God It begins with the premise that asceticism was part of God's original plan for creation Isaac says that God created human beings with infantile knowledge and that God intended from the beginning for Adam and Eve to leave the Garden of Eden Once outside the garden human beings would have to pursue mature knowledge through bodily asceticism Although perfect knowledge is promised in the future world Isaac also believes that human beings can experience a proleptic taste of this future perfection Isaac employs the concepts of wonder and astonishment in order to explain how an ecstatic experience of the future world is possible within the material structures of this world According to Isaac astonishment describes the moment when a person arrives at the threshold of eschatological perfection but is still unable to comprehend the heavenly mysteries while wonder describes spiritual comprehension of heavenly knowledge through the intervention of divine grace
