Lord George Bentinck A Political Biography:

Lord George Bentinck Benjamin Disraeli, Lord George Bentinck is an account of Disraeli's relation with his parliamentary colleague and friend. It is not simply an account of the battle over the Corn Laws with Sir Robert Peel but a most remarkable book, extremely readable and full of often quoted and apt comments and descriptions. As a vivid story of one of the great parliamentary dramas in British history, it is unsurpassed. The portraits of both Bentinck and Peel are both sympathetic and just. The book provides insight into mid nineteenth century parliamentary life that remains unsurpassed. It is hard to overstate the bitterness and fury which Peel's decision to repeal the Corn Laws had provoked in British politics. One biographer of Disraeli, Robert Blake, spoke of *Home Rule* in 1886 and *Munich* in 1938 as the nearest parallels. Friendships were sundered, families divided, and the feuds of politics carried into private life to a degree quite unusual in British history. Those who are interested in the details of parliamentary warfare which raged until Peel's fall from power should consult *Lord George Bentinck*. But the worth of this book goes beyond constitutional history or even the Irish food famine. Disraeli helps explain the intellectual and ideological grounds of the Young England Movement, a conservative force that aimed at a union of discontented industrial workers with aristocratic landowners and against factious Whigs, selfish factory owners, and dissenting shopkeepers. In forging such a policy of principle, the Conservatives as Disraeli's book well demonstrates, became a minority party but one which carried the full weight of moral politics.

Lord George Bentinck Benjamin Disraeli, 2017-09-16 Excerpt from *Lord George Bentinck: A Political Biography* Disraeli, moreover, being always sincere, does not suppress his own qualities even in so impersonal an affair as biography. The narrative sparkles with humour and is alive with wit. The Sugar question, not a lively one, is an excuse for a jest that has not yet lost its point. Strange says he that a manufacture which charms infancy and soothes old age should so frequently occasion political disaster. And while he gives free play to his wonderful gift of irony, he does not mitigate his stern convictions. Though he proclaims with enthusiasm the fortunate truth that the history of England is the history of reaction, he admits that progress and reaction are but words to mystify the million. They mean nothing; they are nothing; they are phrases and not facts. All is race. So he returns to the gospel preached with eloquent sincerity in his novels, and it may be said of him as of few men that whatever may be the subject of his discourse, he is always honestly and candidly himself. He conceals nothing; he attenuates nothing; he deals not in ifs and ands; and thus he presents the strongest contrast to the politician who, in after years, was his fiercest opponent and most dangerous rival.
