## **Lotus Elise The Complete Story:**

**Lotus Elise and Exige 1995-2020** Johnny Tipler, 2021-04-26 Named after Elisa the granddaughter of Lotus's owner at the time Romano Artioli of Bugatti fame the Lotus Elise was launched at the Frankfurt Show in 1995. In the subsequent twenty-five years it has not only established itself as the embodiment of what Lotus stands for; it retains a unique place in the international sports car market. No other manufacturer came up with a car to seriously rival the Elise nor the Exige in terms of handling dexterity on both road and racetrack and it aptly characterizes the definition of a sports car. Written in Johnny Tipler's inimitable style this book includes a detailed evolution of the Elise and Exige including full specification tables, interviews with key individuals involved in their design and development including Richard Rackham, Gavan Kershaw, Neil Thomas, Russell Carr, Barney Hatt and Andy Pleavin, Elisa Artioli on her namesake, its past and future motor sport adaptations and successes and finally driving experiences on road and track. The production of the Elise and Exige was sustained through four corporate upheavals. Now in Geely ownership the future for Lotus looks bright. **Lotus Elise** John Tipler, 1999-08-21

**The Rootes Story The Chrysler Years** focuses on the Rootes Group during the 1960s and 70s: the vehicles produced by the company, the people that created them and the events that led to Rootes selling out to Chrysler Corporation of America and eventual acquisition by the French Peugeot company. A valuable backdrop to the events is provided throughout the book by ex-Rootes employees and management. Chronicles the Rootes Group's efforts to survive as a major car and truck manufacturer in Britain's turbulent 1960s and 1970s. From a position as a respected global name in manufacturing the Rootes Group found itself struggling to compete in a new buyers market in which foreign competition was starting to overtake British manufacturers. Despite the challenges that confronted them Rootes designed and built some of the most popular cars of the period: the Hillman Minx and Super Minx, the Singer Vogue and the Humber Sceptre and the iconic but ill-fated Hillman Imp as well as some of the most rugged and well-purposed vans and trucks built by Commer, Karrier and Dodge. The book highlights the competition pedigree of the Sunbeam Rapier, the Alpine, the Imp and the Ford V8 engined Tiger. Famous names such as Paddy Hopkirk, Rosemary Smith and Peter Procter all give their stories as works drivers for Rootes while engineers at Comps tell the background stories of how races and rallies were won and lost. Andrew Cowan, Rootes works rally driver and winner of the 1968 London Sydney Marathon in a Hillman Hunter, shares his story in what was a remarkable and unexpected victory for Rootes. This complex story is told through the eyes of ex-Rootes and Chrysler personnel, giving from the horse's mouth accounts of the company and its exploits. Geoff Carverhill takes you inside

the boardroom into the drawing office and on to the production line to give the reader an insider's view of Rootes Chrysler and Peugeot
