## **Louis Le Vau Mazarins College Colberts Revenge:**

Louis XIV's Architect Richard Ballard, 2023-12-30 A must read for those seeking to understand the intersection of politics and art in a pivotal moment of European history This is a study of royal absolutism in a most extreme form in modern European history and of the nature of Louis XIV s concept of personal glory and of the embodiment of France as a new superpower It is a study of political ideas expressed in architecture to establish Versailles as the centre of French world power and royal prestige It is also a personal story full of social cultural and economic history of the period as seen in the life and work of Louis Le Vau from a humble family of craftsmen who was a self taught architect in the early history of the profession skilled in technical craft skills and even grand design He was a major contributor to the architectural glories of Paris including the Louvre Vincennes Versailles and the College of the Four Nations And all achieved despite interference from the great magnates of the age like Mazarin and Colbert and constant mind changing by the King who wanted every feature in the buildings to reflect his concept of personal royal prestige Le Vau was Louis XIV s First Architect from 1654 until his death and disgrace in 1670 The social cultural economic and political backdrop is striking with court intrigue scandal corruption luxury indulgence and the rise of a rich bourgeoisie but the main thrust of the story concerns Louis XIV and the royal personal ambition and the work of a stone cutter s son who became the Sun King s instrument The study is good on the more technical features of architectural history reminiscent of Pevsner s marvellous Buildings of England series

*Louis Le Vau* Hilary Ballon, 1999 From Vaux le Vicomte to Versailles the buildings of Louis Le Vau shaped the image of French court society None however has had as dramatic an effect as Mazarin s Coll ge 1661-70 the Parisian landmark that now houses the Institut de France Hilary Ballon deftly portrays the brilliance and controversy of Le Vau s late career through an exploration of this masterpiece a hybrid of baroque and classical styles She tracks the design and construction of the Coll ge on the basis of splendid drawings fully illustrated here integrating into this account previously unknown dimensions of Le Vau s creative personality his financial entanglements and his feuds with government leaders The story of the Coll ge begins in 1661 with the death of Cardinal Mazarin who left an extravagant sum of money for a school to be built in his memory Le Vau responded with an ambitious architectural tribute intended to launch the development of Paris in a new artistic direction As Ballon shows many personal factors figured into the final product including Le Vau s activities as a real estate developer and entrepreneur and his explosive response to the Italian baroque master Gianlorenzo Bernini who visited Paris in 1665 The project ended up significantly over budget and officials charged Le Vau shortly after his death with embezzling funds The chief minister Jean Baptiste Colbert led the attack on Le Vau turning the ethical scandal into an aesthetic crusade to maintain a classical look for central Paris Publisher s description The Architecture of Percier and Fontaine and the Struggle for Sovereignty in Revolutionary France Iris Moon, 2016-11-25 As the official architects of Napoleon Charles Percier 1764-1838 and Pierre Fran ois L onard Fontaine 1762-1853 designed interiors that responded to the radical ideologies and collective

forms of destruction that took place during the French Revolution The architects visualized new forms of imperial sovereignty by inverting the symbols of monarchy and revolution constructing meeting rooms resembling military encampments and gilded thrones that replaced the Bourbon lily with Napoleonic bees Yet in the wake of political struggle each foundation stone that the architects laid for the new imperial regime was accompanied by an awareness of the contingent nature of sovereign power Contributing fresh perspectives on the architecture decorative arts and visual culture of revolutionary France this book explores how Percier and Fontaine s desire to build structures of permanence and their inadvertent reliance upon temporary architectural forms shaped a new awareness of time memory and modern political identity in France

**The Politics of Making** Mark Swenarton,Igea Troiani,Helena Webster,2013-04-15 A unique collection of contemporary writings this book explores the politics involved in the making and experiencing of architecture and cities from a cross cultural and global perspective Taking a broad view of the word politics the essays address a range of questions including What is the relationship between politics and the making of space What role has theory played in reinforcing or resisting political power What are the political difficulties associated with working relationships Do the products of our making construct our identity or liberate us A timely volume focusing on an interdisciplinary debate on the politics of making this is valuable reading for all students professionals and academics interested or working in architectural theory

Ellen R. Welch, Michèle Longino, 2015-06-17 The map we draw of seventeenth century French literary and intellectual culture is usually a small one centered on Paris and Versailles to reflect the consolidation of intellectual and artistic capital under absolutism Yet this process of centralization depended on the creation of strong infrastructures connecting France's seat of political and cultural power to the provinces and the rest of the world an efficient postal system Europe's largest network of foreign embassies trade links stretching to Asia and the Americas How might a focus on these networks and on the agents materials concepts and practices that constituted them broaden our mental topography of seventeenth century French culture This question animated a rich discussion during the May 2014 conference of the North American Society for Seventeenth Century French Literature held at Duke University and the University of North Carolina Chapel Hill The present volume represents a selection of the contributions to the conference
