 Salvation Worship and Healing In addition to social upheaval the years of the pandemic have changed medicine as a science
 economic factor and cultural practice For many it has also played a growing role in the search for meaning and the good life
 Christianity is permeated by the certainty that illness and healing are more than just questions about human activity Against
 this background church services are being questioned anew In what sense do they convey salvation and healing How
 effective are they and on what level The contributions in this volume explore these questions In addition to historical reviews
 of the theological interpretations of epidemics and the Pietist attempts to develop Christian medicine from spirituality there
 are essays on contemporary issues such as spiritual care resilience and healing services in the evangelical sphere as well as
 systematic and practical theological ideas **Unfinished** Kelly Baum,Andrea Bayer,Sheena Wagstaff,2016-03-01 This
 groundbreaking book explores the evolving concept of unfinishedness as essential to understanding art movements from the
 Renaissance to the present day Unfinished features more than 200 works created in a variety of media by artists ranging
 from Leonardo Titian Rembrandt Turner and C zanne to Picasso Warhol Twombly Freud Richter and Nauman What unites
 these works across centuries and media is that each one displays some aspect of being unfinished Essays and case studies by
 major contemporary scholars address this key concept from the perspective of both the creator and the viewer probing the
 impact that this long artistic trajectory which can be traced back to the first century has had on modern and contemporary
 art The book investigates the degrees to which instances of incompleteness were accidental or intentional experimental or
 conceptual Also included are illuminating interviews with contemporary artists including Tuymans Celmins and Marden and
 parallel considerations of the unfinished in literature and film The result is a multidisciplinary approach and thought
 provoking analysis that provide valuable insight into the making meaning and critical reception of the unfinished in art 4e
