**Louisiana Women Writers** Dorothy H. Brown, Barbara C. Ewell, 1992 This invaluable volume consisting of eleven critical and biographical essays and an extensive bibliography represents a rich source of insight and information on Louisiana women writers past and present The book focuses on an array of authors from Grace King and Alice Dunbar Nelson to Shirley Ann Grau and Ellen Gilchrist associated with a state whose imaginative appeal is singular even in a region rife with mythologies The essays are linked by a common thread the interaction of gender and place as a dynamic of significant critical interest In the Introduction Barbara C Ewell details the fundamental issues noting that writing about Louisiana and writing as a Louisiana woman involves writing about life at the margins on the borderlines where dominant and muted cultures role definition and identity race and class place and places impinge She argues that the peculiar otherness of that experience imposed onto the more familiar layers of southern myth gender roles and racial prejudice distinguishes the contributions of this group of writers to the place that Louisiana occupies in the American psyche Rather than attempting to confirm a canon these essays emphasize the diversity of Louisiana women writers The critical approaches vary from specialized or speculative comments such as the essays on Sarah Morgan Dawson and on Kate Chopin's Desiree's Baby to introductory or biographical treatments such as those on Mollie Moore Davis and Berthe Amoss Other writers considered in the volume include Sidonie de la Houssaye Ada Jack Carver Katherine Anne Porter Sheila Bosworth and Nancy Lemann The Bibliography provides an indispensable new tool for researchers and a fascinating guide for anyone interested in the rich legacy of Louisiana's women writers It is the first major survey of Louisiana women writers in more than fifty years Although chiefly limited to imaginative writing in English it includes entries on some two hundred authors making it the most complete available The entries supply names and pen names dates of birth and death birthplaces and other biographical information lists of works with available publication data and lists of secondary sources Intended for both scholarly and casual readers Louisiana Women Writers will stimulate renewed interest in a rich and vigorous body of literature

Nineteenth-Century Southern Women Writers Melissa Heidari, Brigitte Zaugg, 2019-08-12 The essays in this book explore the role of Grace King's fiction in the movement of American literature from local color and realism to modernism and show that her work exposes a postbellum New Orleans that is fragmented socially, politically, and linguistically. In her introduction, Melissa Walker Heidari examines selections from King's journals and letters as views into her journey toward a modernist aesthetic, what King describes in one passage as the continual voyage I made. Sirpa Salenius sees King's fiction as a challenge to dominant conceptualizations of womanhood and a reaction against female oppression and heteronormativity. In his analysis of *An Affair of the Heart*, Ralph J. Poole highlights the rhetoric of excess that reveals a social satire debunking sexual and racial double standards. Ineke Bockting shows the modernist aspects of King's fiction through a stylistic analysis which explores spatial, temporal, biological, psychological, social, and racial liminalities. Françoise Buisson demonstrates that King's writing is inspired by the Southern oral tradition but goes beyond it by taking on a theatrical dimension that can be quite modern and even experimental at times. Kathie Birat claims that it is important to underline King's relationship to realism for the metonymic functioning of space as a signifier for social relations is an important characteristic of the realist novel. Stephanie Durrans analyzes *The Story of a Day* as an incest narrative and focuses on King's development of a modernist aesthetics to serve her terrifying investigation into social ills as she probes the inner world of her silent character Amy Doherty. Mohr explores intersections between regionalism and modernism in public and silenced histories as well as King's

treatment of myth and mobility Brigitte Zaugg examines in *The Little Convent Girl* King's presentation of the figure of the double and the issue of language as well as the narrative voice which she argues definitely inscribes the text with its understatement economy and quiet symbolism in the modernist tradition Miki Pfeffer closes the collection with an afterword in which she offers excerpts from King's letters as encouragement for scholars to seek Grace King as a primary source arguing that Grace King's own words seem best able to dialogue with the critical readings herein Each of these essays enables us to see King's place in the construction of modernity each illuminates the continual voyage that King made

**Awakenings** Bernard Koloski,2009-12-01 One of the most often repeated anecdotes about the direction of literary studies over the past three decades concerns a graduate student who complained of reading Kate Chopin s *The Awakening* in three classes and Herman Melville s *Moby Dick* in none But Chopin has not always been featured in the literary curriculum Though she achieved national success in her lifetime 1850 1904 as a writer of Louisiana local color fiction after her death her work fell into obscurity until 1969 when Norwegian literary scholar Per Seyersted published *The Complete Works of Kate Chopin* and sparked a remarkable American literary revival Chopin soon became a major presence in the canon and today every college textbook surveying American literature contains a Chopin short story her novel *The Awakening* or an excerpt from it In this unique work twelve prominent Chopin scholars reflect on their parts in the Kate Chopin revival and its impact on their careers A generation ago against powerful odds many of them staked their reputations on the belief now fully validated that Chopin is one of America s essential writers These scholars energetically sponsored Chopin s works in the 1970s and 1980s and encouraged reading studying and teaching Chopin They wrote books and articles about her gave talks about her offered interviews to newspapers and magazines taught her works in their classes and urged their colleagues to do the same helping to build a network of teachers students editors journalists librarians and others who continue to promote Chopin s work Throughout these essays stress several elements vital to the revival s success Timing proved critical as the rise of the women s movement and the emergence of new sexual norms in the 1960s helped set an ideal context for Chopin in the United States and abroad in the 1970s and 1980s Seyersted s biography of Chopin and his accurate texts of her entire oeuvre allowed scholars to quickly publish their analyses of her work Popular media including *Redbook* *New York Times* and PBS took notice of Chopin and advanced her work outside the scholarly realm But in the final analysis as the contributors point out Kate Chopin s irresistible writing itself made her revival possible Highly personal at times amusing and always thought provoking these revealing recollections and new critical insights offer a fascinating firsthand account of a decisive moment in American literary history

**BOOK JACKET** **Imagining the Creole City** Rien Fertel, 2014-11-17 In the early years of the nineteenth century the burgeoning cultural pride of white Creoles in New Orleans intersected with America's golden age of print to explosive effect Imagining the Creole City reveals the profusion of literary output histories and novels poetry and plays that white Creoles used to imagine themselves as a unified community of writers and readers Rien Fertel argues that Charles Gayarr's English language histories of Louisiana which emphasized the state's dual connection to America and to France provided the foundation of a white Creole print culture predicated on Louisiana's exceptionalism The writings of authors like Grace King Adrien Rouquette and Alfred Mercier consciously fostered an image of Louisiana as a particular social space and of themselves as the true inheritors of its history and culture In turn the forging of this white Creole identity created a close knit community of cosmopolitan Creole elites who reviewed each other's books attended the same salons crusaded against the popular fiction of George Washington Cable and worked together to preserve the French language in local and state governmental institutions Together they reimagined the definition of Creole and used it as a marker of status and power By the end of this group's era of cultural prominence Creole exceptionalism had become a cornerstone in the myth of Louisiana in general and of New Orleans in particular In defining themselves the authors in the white Creole print community also fashioned a literary identity that resonates even today
