Love 31 Reflections On Christian Virtue:

Love Carl Koch,1996 If we believe in God s love for us perhaps we will believe in our own ability to love We pray to accept the grace to love May each of these thirty one days of prayer for love challenge invite inspire and inform us to love more fully wisely and well **Humility** Robert Morneau,1997-01-01 This book of 31 days of reflections opens a door giving readers entrance for a moment into how some fellow pilgrims encounter the grace of humility It may be through their sharing of this virtue that readers may befriend it and wake up one day to find their feet walking down the humble path of God s love and mercy The Democratic Virtues of the Christian Right Jon A. Shields,2009-02-02 The Christian Right is frequently accused of threatening democratic values But in The Democratic Virtues of the Christian Right Jon Shields argues that religious conservatives have in fact dramatically increased and improved democratic participation and that they are far more civil and reasonable than is commonly believed Shields interviewed leaders of more than thirty Christian Right organizations observed movement activists in six American cities and analyzed a wide variety of survey data and movement media His conclusions are surprising the Christian Right has reinvigorated American politics and fulfilled New Left ideals by mobilizing a previously alienated group and by refocusing politics on the contentious ideological and moral questions that motivate citizens Shields also finds that largely for pragmatic reasons the vast majority of Christian Right leaders encourage their followers to embrace deliberative norms in the public square including civility and secular reasoning At the same time Shields highlights a tension between participatory and deliberative ideals since Christian Right leaders also nurture moral passions prejudices and dogmas to propel their movement Nonetheless the Christian Right s other democratic virtues help contain civic extremism sharpen the thinking of activists and raise the level and tenor of political debate for all Americans

Imperial Visions of Late Byzantium Florin Leonte,2019-11-27 Explores a Byzantine emperor s construction of authority with the help of his rhetorical texts Examines the changes in the Byzantine imperial idea by the end of the fourteenth century with a particular focus on the instrumentalization of the intellectual dimension of the imperial ruleIntegrates late Byzantine imperial visions into the bigger picture of Byzantine imperial ideology Provides a fresh understanding of key pieces of Byzantine public rhetoric and introduces analytical concepts from rhetorical literary and discursive theoriesOffers translations of key passages from late Byzantine rhetoricManuel II Palaiologos was not only a Byzantine emperor but also a remarkably prolific rhetorician and theologian His oeuvre included letters treatises dialogues short poems and orations Florin Leonte deals with several of his texts shaped by a didactic intention to educate the emperor s son and successor John VIII Palaiologos He argues that the emperor constructed a rhetorical persona which he used in an attempt to compete with other contemporary power brokers While Manuel Palaiologos adhered to many rhetorical conventions of his day he also reasserted the civic role of rhetoric With a special focus on the first two decades of Manuel II Palaiologos rule 1391 1417 Leonte offers a new understanding of the imperial ethos in Byzantium by combining rhetorical analysis with investigation of

social and political phenomena **Virtue and the Moral Life** William Werpehowski, Kathryn Getek Soltis, 2014-07-22 The scope of interest and reflection on virtue and the virtues is as wide and deep as the questions we can ask about what makes a moral agent's life decent or noble or holy rather than cruel or base or sinful or about the conditions of human character and circumstance that make for good relations between family members friends workers fellow citizens and strangers and the sorts of conditions that do not Clearly these questions will inevitably be directed to more finely grained features of everyday life in particular contexts *Virtue and the Moral Life Theological and Philosophical Perspectives* takes up these questions In its ten timely and original chapters it considers the specific importance of virtue ethics its public significance for shaping a society's common good the value of civic integrity warfare and returning soldiers sense of enlarged moral responsibility the care for and agency of children in contemporary secular consumer society and other questions involving moral failure humility and forgiveness **Report of the ... Annual Meeting** Franciscan Educational Conference, 1925 *Christian Ethics* Hak Joon Lee, 2021-11-09 In this capacious and accessible introduction to Christian ethics Hak Joon Lee advances a renewed vision of Christian life that is liberative grace centered and justice and peace oriented in nature Responding to key ethical questions of today Lee applies the moral meaning and implications of the New Covenant in Jesus Christ to twenty first century life characterized by fluidity fragmentation division and violence *Christian Ethics* begins by introducing covenant as the central drama and storyline of Scripture that culminates in the New Covenant of Jesus It presents shalom the wholeness and flourishing of creation as God's ultimate purpose and God's covenant as God's organizing mechanism of community that mediates God's work of liberation and restoration Lee proposes a creative model of Christian ethics based on the New Covenant of Jesus and its organizing patterns reconstructing the key categories of ethics agency norms authority of Scripture ethical discernment etc and drawing out four practices communicative engagement just peacemaking grassroots organizing and nonviolence The result is a new model of Christian ethics that is inclusive egalitarian ecological and justice and peace oriented which overcomes the limitations of traditional covenantal ethics In the second part of the book Lee systematically applies New Covenant ethics to the most urgent and controversial social issues of our time democratic politics economic ethics creation care criminal justice race sex and marriage medicine and war and peace Through his deep pastoral and irenic inquiries into these difficult topics Lee demonstrates a pattern of covenantal moral reasoning that undercuts the dominant neoliberal ethos of individualism and transactional relationship that more and more influences Christian moral decisions His conclusion is that as covenant has been at the heart of modern democracy human rights civil society and civic formation a renewed understanding of covenant centered in Jesus can help to heal our broken society and imperiled planet and to reorganize the fragmented human life in the era of globalization and digitization *The Christian Doctrine of Sin* Julius Müller, 1877 *Practice of Perfection and Christian Virtues* Alfonso Rodríguez, 1929 *Christian Character Formation* Gifford A. Grobrien, 2019-05-16 *Christian Character Formation* investigates worship and formation in view of Christian

anthropology particularly union with Christ Traditions which value justification by faith wrestle to some degree with how to describe and encourage ethical formation when salvation and righteousness are presented as gracious and complete The dialectic of law and gospel has suggested to some that forgiveness and the advocacy of ethical norms contend with each other By viewing justification and formation in light of Christ's righteousness which is both imputed and imparted it is more readily seen that forgiveness and ethics complement each other In justification God converts a person by which he grants new character Traditional Lutheran anthropology says that this regeneration grants a new nature in mystical union with Jesus Christ By exploring the Finnish Luther School led by Tuomo Mannermaa Gifford A Grobien explains how union with Christ imparts righteousness and the corresponding new character to the believer Furthermore as means of grace the Word and sacraments are the means of establishing union with Christ and nurturing new character Considering Oswald Bayer's suffering the word of Christ Louis Marie Chauvet's symbolic order and Bernd Wannenwetsch's understanding of worship as Christianity's unique form of life Grobien argues that worship practices are the foundational and determinative context in which grace is offered and in which the distinctively Christian ethos supports virtues consistent with Christian character This understanding is also coordinated with Stanley Hauerwas's narrative ethics and Luther's teaching of virtue and good works in view of the Ten Commandments
