healthy fulfilling romantic relationship with *How to Stay in Love* With two decades on the front lines of divorce Sexton has seen what makes formerly happy couples fall out of love and lose the plot of the story they were writing together Now he reveals all of the what not to dos for couples who want to build and consistently work to preserve a lasting loving relationship Sexton tells the unvarnished truth about love and marriage diving straight into the most common issues that often arise from simple communication problems and relationships that develop by default instead of design Though he deals constantly with the heartbreak of others he still believes in romance and the transformative power of love This book is his opportunity to use what he has learned from the mistakes of his clients to help individuals and couples find and preserve lasting connection

T. Al RINALDI,2015-10-22 This book shows for the very first time how love stories a vital issue in our lives can be tentatively described with classical mathematics Focus is on the derivation and analysis of reliable models that allow one to formally describe the expected evolution of love affairs from the initial state of indifference to the final romantic regime The models are in full agreement with the basic philosophical principles of love psychology Eight chapters are theoretically oriented and discuss the romantic relationships between important classes of individuals identified by particular psychological traits The remaining chapters are devoted to case studies described in classical poems or in worldwide famous films [The Expibasketics and Intrigues of Love](#) Ateh-Afac Fossungu,2016-09-01 Using expibasketical theory and findings this book attempts to understand and explain some of the wonders of love and the impacts these have on the other human institutions such as marriage and family that are supposed to be erected on love and understanding Love is a phenomenon that is hard to correctly master most probably because it is loaded with a lot of uncertainties This simple fact must be the reason behind the commonplace saying that love is blind a statement that can have several interpretations one of which

being that it is hard to read or know exactly what is on the other party's mind Love thus becomes not only an intriguing feeling but also potentially full of intrigues Can love be so blind to realities and still be love The book answers many of such queries by expanding and delineating the frontiers of love and thence marriage and family *To Nepal With Love* Cristi Hegranes, 2013-10-01 Nepal is far more than a few video nights in Kathmandu and a brief taste of the Himalayas This book gives a tempting and comprehensive view of where to go and what to do in the farthest reaches of this little known country With tips on learning Nepali where to spend a day or two as a volunteer where to embark upon a course of meditation as well as favorite places to eat shop and explore *To Nepal With Love* gives travelers the chance to enjoy and experience the country as residents and knowledgeable travelers do [Catalog of Copyright Entries](#) Library of Congress. Jones, 2005-12-15 In eighteenth and nineteenth century England consensual marriages became increasingly popular according to women a contractual subjectivity in which the liberal ideal of individual choice was key Representations of consensual marriage thus provide a firm grounding for the re-evaluation of women's place within society Because this new progressive form of marriage was based on emotion rather than considerations of status or money it challenged the hierarchical status quo of English society that the traditional patriarchal marriage had upheld This phenomenon shows how necessary it is to historicize evaluations of political theory while the relationship between liberalism and feminism is fiercely debated today it was the foundation for radical feminism and social

change from early modern times through much of the twentieth century In *Consensual Fictions* Wendy S Jones focuses on the English novel of the period to explore the relationship between married love classic liberal thought and novelistic form Jones argues that these works of fiction use the mulitplot form to explore the specific set of cultural problems associated with the ways in which liberalism reconceived marriage love and gender by exploring alternative resolutions to cultural problems through different narrative lines

**Lacan on Love** Bruce Fink,2017-09-05 Quintessentially fascinating love intrigues and perplexes us and drives much of what we do in life As wary as we may be of its illusions and disappointments many of us fall blindly into its traps and become ensnared time and again Deliriously mad excitement turns to disenchantment if not deadening repetition and we wonder how we shall ever break out of this vicious cycle Can psychoanalysis with ample assistance from philosophers poets novelists and songwriters give us a new perspective on the wellsprings and course of love Can it help us fathom how and why we are often looking for love in all the wrong places and are fundamentally confused about what love really is In this lively and wide ranging exploration of love throughout the ages Fink argues that it can Taking within his compass a vast array of traditions from Antiquity to the courtly love poets Christian love and Romanticism and providing an in depth examination of Freud and Lacan on love and libido Fink unpacks Lacan s paradoxical claim that love is giving what you don t have He shows how the emptiness or lack we feel within ourselves gets covered over or entwined in love and how it is possible and indeed vital to give something to another that we feel we ourselves don t have This first ever commentary on Lacan s Seminar VIII Transference provides readers with a clear and systematic introduction to Lacan s views on love It will be of great value to students and scholars of psychology and of the humanities generally and to analysts of all persuasions
