The essays are organized thematically around the past present and future of philosophical thinking about love. In Part I the contributors explore what we can learn from the history of philosophical thinking about love. The chapters cover Ancient Greek thinkers namely Plato and Aristotle as well as Kierkegaard's critique of preferential love and Erich Fromm's mystic interpretation of sexual relations. Part II covers current conceptions and practices of love. These chapters explore how love changes over time the process of falling in love the erotic dimension of romantic love and a new interpretation of grand parental love. Finally Part III looks at the future of love. These chapters address technological developments related to love such as algorithm driven dating apps and robotic companions as well as the potential of polyamory as a future romantic ideal. This book will be of interest to researchers and advanced students in moral philosophy and social and political philosophy who are working on issues related to the philosophy of love **Philosophy of Sex and Love** Patricia Marino, 2019-03-13 Writing for non-specialists and students as well as for fellow philosophers this book explores some basic issues surrounding sex and love in today's world among them consent objectification non-monogamy racial stereotyping and the need to reconcile contemporary expectations about gender equality with our beliefs about how love works. Author Patricia Marino argues that we cannot fully understand these issues by focusing only on

individual desires and choices Instead we need to examine the social contexts within which choices are made and acquire their meanings That perspective she argues is especially needed today when the values of individualism self expression and self interest permeate our lives Marino asks how we can fit these values which govern so many areas of contemporary life with the generosity caring and selflessness we expect in love and sex Key Features of Philosophy of Sex and Love An Opinionated Introduction Offers a contemporary problems based approach to the subject helping readers better understand and address current issues and controversial questions Includes coverage of sex and love as they intersect with topics like disability race medicine and economics Considers not only the ethical but also the broadly social and political dimensions of sex and love Includes a helpful introduction and conclusion in each chapter and is written throughout in a clear and straightforward style with examples and signposts to help guide the student and general reader A comprehensive and up to date bibliography provides a valuable tool for anyone s further research *Dissent with Love* Parul Bhandari,2024-08-30

In this major new collection an international team of scholars examine the relationship between the Chinese women s periodical press and global modernity in the late nineteenth and twentieth centuries The essays in this richly illustrated volume probe the ramifications for women of two monumental developments in this period the intensification of China s encounters with foreign powers and a media transformation comparable in its impact to the current internet age The book offers a distinctive methodology for studying the periodical press which is supported by the development of a bilingual database of early Chinese periodicals Throughout the study essays on China are punctuated by transdisciplinary reflections from scholars working on periodicals outside of the Chinese context encouraging readers to rethink common stereotypes about lived womanhood in modern China and to reconsider the nature of Chinese modernity in a global context **Publishers' Weekly** ,1875 **Jane Austen's Romantic Medievalism** Tiffany Schubert,2023-11-28

While Jane Austen is often regarded as an author who

embodies Georgian refinement and restraint this book argues that her work was deeply engaged with the medieval tradition of courtly love and its investment in happy endings Revealing the influence of romance on Persuasion Emma and other novels this study provides new insights into Austen's narrative style representations of gender and complex interest in happiness as both an affective and moral state As Austen reimagines courtly love in her own idiom she upends traditional gender roles portraying women not as fine ladies but as rational creatures Drawing on the structures of Christian narrative she also illuminates the centrality of providence as a virtue that bestows grace on her characters offering them deliverance and happiness To be sure Austen famously ironizes romance criticizing emotional excess and downplaying conventionally romantic scenes This study nonetheless finds creative power in her irony showing how Austen's critique of romance is rooted in the paradoxes of Christian theology which allow for both human suffering and divine order In reframing key ethical and generic conventions of the medieval past Austen's ironic providentially arranged romances educate readers into wisdom and joy

Love in Africa Jennifer Cole, Lynn M. Thomas, 2009-08-01 In recent years scholarly interest in love has flourished Historians have addressed the rise of romantic love and marriage in Europe and the United States while anthropologists have explored the ways globalization has reshaped local ideas about those same topics Yet love in Africa has been peculiarly ignored resulting in a serious lack of understanding about this vital element of social life a glaring omission given the intense focus on sexuality in Africa in the wake of HIV AIDS Love in Africa seeks both to understand this failure to consider love and to begin to correct it In a substantive introduction and eight essays that examine a variety of countries and range in time from the 1930s to the present the contributors collectively argue for the importance of paying attention to the many different cultural and historical strands that constitute love in Africa Covering such diverse topics as the reception of Bollywood movies in 1950s Zanzibar the effects of a Mexican telenovela on young people's ideas about courtship in Niger the models of romance promoted by South African and Kenyan magazines and the complex relationship between love and money in Madagascar and South Africa Love in Africa is a vivid and compelling look at love's role in African society

Romantic Agency Luke Brunning, 2024-04-24 This is a book for people energized by the possibilities of modern intimacy but who feel unsure about their own romantic lives Alternative lifestyles such as

nonmonogamy while liberating in theory can feel remote in practice as we are fixed in place by insecurities and social pressures In Romantic Agency philosopher Luke Brunning encourages readers to think more deeply about what it means for relationships to not only work but flourish Guided by the thought that our abilities to be intimate cannot be taken for granted he argues that our romantic agency is fragile and best cultivated alongside other people Together we can become more realistic balance playfulness with integrity and value each other s flourishing Anyone can benefit from this exploration of intimate life regardless of their relationship status or romantic ideals Compelling and timely Romantic Agency is a groundbreaking account of love and relationships Sad Love Carrie Jenkins,2022-05-16 As a woman with a husband and

other partners philosopher Carrie Jenkins knows that love is complicated Love is most often associated with happiness satisfaction and pleasure But it has a darker side we ignore at our peril Love is often an uncomfortable and difficult feeling The people we love can let us down badly And the ways we love are often quite different to the romantic ideals society foists upon us Since we are inevitably disappointed by love wouldn t we be better off without it No says Carrie Jenkins Instead we need a new philosophy of love one that recognizes that the pain and suffering love causes are a natural even a good part of what makes love worthwhile What Jenkins calls sad love offers no bogus happy ever afters Rather it tries to find a way properly to integrate heartbreak and disappointment into the lived experience of love It s time we liberated love Also available as an audiobook **African Cinema, Neoliberal Narratives and the Right of Necessity** Olivier J.

Tchouaffe,2022-01-05 African cinema offers a distinctive contribution to world cinema with its unique expertise of neoliberal genealogy and its opposition to those ubiquitous logics that serve only to validate injustices and regression made in the name of managerial liberalism It provides a deft analysis of the common thread running through globalization free market fanaticism corporate greed and its asymmetrical economic dominance that naturalizes a global caste system This book shows that African cinema represents a powerful contribution to our understanding of neoliberalism s global dominance that generates shrinking security multiple recessions and endless austerity and a culture of permanent anxiety and precarity
