Wetchler, 2012-05-04 The editors and contributors of this comprehensive text provide a unique and important contribution to LGBT clinical literature. Spanning 30 chapters, they discuss the diverse and complex issues involved in LGBT couple and family therapy. In almost 15 years, this book provides the first in-depth overview of the best practices for therapists and those in training who wish to work effectively with LGBT clients. Couples and families need to know and is only the second of its kind in the history of the field. The clinical issues discussed include raising LGBT children, coming out, elderly LGBT issues, sex therapy, ethical and training issues. Because of the breadth of the book, its specificity, and the expertise of the contributing authors and editors, it is the definitive handbook on LGBT couple and family therapy. **The Therapist's Notebook for**

Lesbian, Gay, and Bisexual Clients Joy S. Whitman, Cynthia J. Boyd, 2013-12-19 Most therapy is set up in a heterosexist context. Explore the issues facing your gay, lesbian, and bisexual clients and how to deal with them. The Therapist's Notebook for Lesbian, Gay, and Bisexual Clients offers therapists treating lesbian, gay, and bisexual clients innovative, practical interventions, plus homework and hands-on activities tailored to these populations. Use the notebook to explore the issues surrounding coming out, homophobia in the workplace, spirituality, identity formation, and issues that require a non-heterosexist approach, such as domestic violence and relationship concerns. Grounded in current theory, each chapter explains the rationale for the activity it proposes, includes contraindications, and provides a list of helpful resources for therapists and clients. Here are just a few of the issues this extraordinary book explores in its four thoughtfully planned sections: Section I: Homework, Handouts, and Activities for Coming Out and Managing Homophobia and Heterosexism addresses conflicts in self-perceptions, obstacles to the growth of a healthy GLB identity, dealing with the trauma and anxiety that result from discrimination, using semi-hypnotic visualization to treat internalized homophobia, helping bisexuals decide whether to come out or to pass, coping with internalized homophobic messages, dealing with heterosexism in the workplace or at school. Section II: Homework, Handouts, and Activities for Relationship Issues will help you and your clients understand and work on issues involving choosing the right partner, intimacy, and gender roles, financial stability, assimilation, queer pride, and everything in between. How ethnicity and coupling impact sexual identity, negotiating a healthy, open relationship, sexual concerns, sexual dysfunction, and pleasuring sexual role values for bisexual and lesbian women. Section III: Homework, Handouts, and Activities for Gender, Ethnic, and Sexual Identity Issues addresses who am I issues, sexual orientation, and gender identity, the intersection of sexual and ethnic identity, oppression on multiple fronts, gender exploration for lesbians. Section IV: Homework, Handouts, and Activities for Specific Issues tackles concepts including enhancing resilience through spirituality, reconciling with religion, spiritual wellness, and the spiritual autobiography, body image disturbances, unwanted sexual behavior, creating a safety plan in case of same-sex domestic violence, alienation, and finding a caring community, medication adherence for HIV clients, the difficulties faced by coupled lesbians with children, family care planning, addiction.
