

A photograph of a dirt path leading through a forest. The path is covered in fallen leaves and leads towards a bright light at the end of the path. The trees on either side have autumn-colored foliage, with some evergreen trees visible in the background.

Freedom and love go together. Love is not a reaction. If I love you because you love me, that is mere trade, a thing to be bought in the market; it is not love. To love is not to ask anything in return, not even to feel that you are giving something- and it is only such love that can know freedom.

Deified Person Nicholas Bamford,2011-11-26 Deified Person A Study of Deification in Relation to Person and Christian Becoming focuses on a theological exploration of person through the notion of deification and is placed within a Christian Orthodox Byzantine context The book offers new interpretations of person in relation to Christian becoming while at the same time exploring some of the difficult avenues of Christian theological developments Nicholas Bamford encourages theological inquiry and the book will appeal to those who wish to challenge ideas and push the boundaries forward

Quantum Leap Thinking James J Mapes,2003-04-01 You ve certainly hit the nail on the head If I had read Quantum Leap Thinking at the age of 20 I could have saved many many mistakes and a helluva lot of wasted effort Clive Cussler bestselling author Positive change can happen in sudden and profound leaps Quantum Leap Thinking provides the foundation for breakthrough thinking that will trigger astonishing growth in your personal and professional life What if it was possible to break through fear and make positive changes in your life in an instant by a simple shift in your thinking What if you could lower your anxiety in a matter of seconds by changing your perceptions How would your life change if you had unshakable motivation for whatever you chose to do Quantum Leap Thinking is the key to unlocking the door to new found potential and peak performance An extraordinary guide to thinking your way to the next level in your life within your career your relationships or your self Joan Lunden journalist and author Quantum Leap Thinking is an opportunity to get our energy out and target it in the direction of great productivity leaving us with a feeling of accomplishment Leon Tec M D author of The Fear of Success and Targets English Made Easy John Tourian,2003-12-11 I have often been frustrated and amused by natives who want to be understood only by the collusive other natives and thus resort to the use of esoteric expressions the meanings of which are only privy to their people or even group The most enduring manner to memorialize the truth is to render the language understandable even if it entails going back to its proper roots Typical of me I chose the hardest of them all English specifically because its rules have been intentionally overlooked or in some cases glossed over in favor of a wider comprehensibility as happened in plastics computer science or military jargon Let me put it this way if there already is a way to say something well there is no need to create a new way of saying it to the glaring degradation of the language The purpose of a language is universal understand of what is said In the case of the English language make that what is said how it is said how it is written and even how it is pronounced It is pointless for English speaking people to wrongly interpret the intent of another of their kind or to answer in an equally obfuscating fashion If I say something I want to be universally understood in as clear a manner as possible **The Redeemed Good Defense** Anthony MacPherson,2021-07-06 Why God Everyday this question is uttered in sorrow bewilderment or anger This cry is the problem of suffering It is also known as the problem of evil It asks why a good all powerful God allows evil and pain Theodicy is the name of the theological responses that seek to defend God against charges of unfairness Traditional theodicies have been accused of intensifying the problem

by claiming that God is justified in allowing evil because he uses it to bring about a greater good This greater good approach has been criticized in more recent times It seems to uncomfortably align God and evil too closely together Does God need evil in order to bring good This study explores an alternative stream of theodicy found in the idea of cosmic warfare In this theodicy God fights evil in its moral physical spiritual and supernatural forms This book explores the world of theodicy and its cosmic warfare forms It navigates the theological and ethical minefields involved Building on the idea that God is in the midst of a great cosmic controversy it seeks to further the conversation and articulates a new alternative redeemed good defense

Letters of the Divine Word Robert B. Price, 2011-05-26 The Christian doctrine of God has traditionally been presented in two parts an account of the existence and attributes of God on the one hand and an account of God's triunity on the other The present study is an analysis of Karl Barth's doctrine of the divine attributes or perfections as it appears in his Church Dogmatics II 1 Barth's doctrine of the divine perfections has received comparatively little attention and what attention it has received is typically very selective Authors unaware of larger structural themes in Barth's account often misconstrue significant details of Barth's text Others wrongly discount the implications of Barth's doctrine of the perfections for his theology as a whole The aim of this study is primarily to clarify what Barth says about the perfections and secondarily to relate this to broader themes in Barth's theology T T Clark Studies in Systematic Theology is a series of monographs in the field of Christian doctrine with a particular focus on constructive engagement with major topics through historical analysis or contemporary restatement

The Divine Dance Richard Rohr, 2016-10-28 The Divine Dance has become a classic for fans of Richard Rohr and an important book on Christian mysticism it provides a fresh perspective for anyone studying or teaching the trinity The Trinity is the central doctrine of Christianity but it is still widely considered a mystery we won't ever fully understand Should

we still try to understand it even so If we could how would it transform our relationship with God In this stimulating and thought provoking book internationally recognised teacher Richard Rohr explores the nature of God and the paradoxical idea of the Holy Trinity as both three and one With clear surefooted wisdom he encourages us to build on the early Christian understanding of the relationship between Father Son and Spirit as a flow and dance a Divine Dance that we are invited to join in An engaging accessible look at the nature of God The Divine Dance will challenge the way you think about the Trinity and give you a much fuller understanding of the triune relationship that is at the heart of Christian doctrine It will leave you with a faith that is renewed and strengthened and show you how you can engage more deeply in your relationship with God and the world through the Trinity Armey's Axioms Dick Armey,2007-08-24 Acclaim for Armey s Axioms As I read Armey s Axioms my mind immediately went to the man from Springfield Abraham Lincoln who cloaked brilliant wisdom with grace and good humor that had its roots in the heartland of America Without question Dick Armey is one of the most brilliant and principled men ever to serve in the leadership of the United States House of Representatives His axioms are a delightful read for anyone seeking to understand the faith the patriotism and the integrity that has made America great Dr M G Pat Robertson In Armey s Axioms Dick Armey gives us more than his great sense of humor and Texas size common sense With a creative and personal touch it is the best advice I ve seen for those who want to make it in Washington and even better for those who want to make it in life Bob Dole We Americans like to cut to the chase when it comes to difficult issues In Armey s Axioms Dick Armey does just that By skillfully breaking down complex social and moral issues he presents us with such simple and direct answers that it s hard not to agree with his logic Wrapped in wry wit and humor the book is wise insightful and above all compelling Marlin Maddoux President National Center for Freedom Renewal host Point of View radio talk show In just ten years Dick Armey moved from C SPAN viewer to Majority Leader of the U S House of Representatives In Armey s Axioms he presents some of the lessons he has learned from his years in the House and from country music It s a good read packed with good advice Michael Barone U S News World Report coauthor The Almanac of American Politics

Redescribing God Todd B. Pokrifka,2010-09-09 Despite the voluminous and ever growing scholarly literature on Karl Barth penetrating accounts of his theological method are lacking In an attempt to fill this lacuna Todd Pokrifka provides an analysis of Barth s theological method as it appears in his treatment of three divine perfections unity constancy and eternity in Church Dogmatics II 1 chapter VI In order to discern the method by which Barth reaches his doctrinal conclusions Pokrifka examines the respective roles of Scripture tradition and reason the threefold cord in this portion of the Church Dogmatics In doing so he finds that for Barth Scripture functions as the authoritative source and basis for theological critique and construction and tradition and reason are functionally subordinate to Scripture Yet Barth employs a predominantly indirect way of relating Scripture and theological proposals a way in which tradition and reason play important mediatory roles Barth s approach to theology involves the humble yet serious attempt to redescribe God that is to say again on a human

level what God has already said in the divine self revelation attested in Scripture Redescribing God features an original conceptual framework for the analysis of Barth's method and an extensive application of that framework in the context of close readings of portions of the Church Dogmatics Through this process it draws from critiques and complements a wide variety of Barth scholarship on topics such as the role of Scripture and theological exegesis in Barth the role of tradition in Barth the meaning and role of reason in Barth and the nature of Barth's doctrine of divine perfections The book also provides a fruitful basis for those who wish to learn from Barth's distinctive way of constructing the Christian doctrine of God as an attempt to obey God's self revelation

African Christian Theologies and the Impact of the Reformation Heinrich Bedford-Strohm, Tharcisse Gatwa, Traugott Jähnichen, Elisée Musemakweli, 2017 One of the strongest heritages of the Reformation for Christianity was to return to the central role given to the Bible translated in local dialects Christianity expanded thanks to the translation of the Bible in vernacular languages worldwide Most importantly the people who had been victims of prejudices of race supremacy could now have access to God in their own language culture and idioms without intermediaries It is largely thanks to Bible translations that the majority of those churches in Africa born of European mission activities continued to develop positively after the end of the colonial age and that independent African churches emerged

Teaching the Greatest Profession J. KRISHNAMURTI, This book consists of six discussions that Krishnamurti had with teachers of Rajghat Besant School and Rishi Valley School in 1984 It may be regarded as an introduction to his vision of education for those who seeing the collapse of educational systems in the modern world feel therefore the importance of their being teachers of a different kind Throughout his life Krishnamurti maintained that teachers had a special responsibility in that they had to nurture not only the academic side of a child but also and more importantly the psychological side which is what is generally taken for granted in modern education For Krishnamurti the educational setting is only a context for exploring the larger issues of human existence The relevance of his vision is certainly not confined to the teaching profession and so these discussions are meant for all teachers or taught professionals or parents young or old **The SAGE Encyclopedia of Business Ethics and Society** Robert W.
