Love In The Heart Of The Church:

The Cross at the Heart of the Church Petre Maican, 2025-09-18 Can Eastern Orthodoxy apply the term church to other Christian communities Emerging from the 2016 Pan Orthodox Council this issue sparked one of the most heated debates in contemporary Eastern Orthodoxy According to Maican grappling with this question within the current framework of Eastern Orthodox ecclesiology presents significant challenges In this unifying work he argues that neither the emphasis on the Eucharist nor the adherence to the Tradition of the Fathers is capable of accommodating legitimate Christian otherness Instead Maican proposes a cruciform ecclesiology positing the cross as not only foundational to doctrines and sacraments but also as the primary criterion for discerning the ecclesial nature of a community Through dialogue with Dumitru Staniloae Hans Urs von Balthasar and Paul Tillich this book employs a conversationalist approach to this intricate problem Ultimately Maican provides a nuanced examination of the cross in ecclesiology yielding bold propositions for recognizing the ecclesial status of other Christian communities

Reflexivity in Love A Self-Reflexive Portrait of the Little Flower of Jesus Fr. Emmanuel Javert Nnadozie OCD, 2024-09-19 This book focuses particularly on the self reflexive elements of the divine and human transformation in the Christian life which we find in St Therese especially her ability to wonder and question herself about the mysteries of God as they relate to her spiritual life and growth It studies Therese's spirit of critical listening and profound spiritual reflection on the things of her experience and explores her self reflective and interrogative self understanding of her call to sanctity of life The author also discusses how the Saint appropriated God's Word and God's grace hidden in the events of her life The book shows how through self reflexivity and meditation on God's Word she discovered her vocation as love in the heart of the Church following which she desired to sing of the mercies of the Lord with her whole life by loving God and neighbor in ordinary things in an extraordinary way and by leading a legion of souls through this Little Way of love which has a general or universal application to all who desire to attain perfection by a straight and short route While it is recognized that God's grace works in individuals according to their personal vocations the author believes that spiritual self reflexivity helps the faithful to integrate meaningfully like St Therese the general principles of the spiritual life and the example of the Saints into each individual's spiritual life in the events of daily life irrespective of their individual vocations And this is why the Little Way as a spiritual path can be lived by all who commit themselves to following the example found in St Therese's simple humble and confident way of spiritual childhood and of loving God and neighbor in the ordinary life and events of

Battle for the heart : how (not) to transform church and society Hans-Martin Sass, 2020-01-01. The battle of the heart can be seen as the core problem of the Christian religion in modern culture. According to Augustine the complex mixture of longings are the driving forces of human lives. These longings are not an intellectual puzzle but rather a craving for sustenance. The contributions locate the battle for the heart and transformation of society and church in the context of an ethnic multi religious socio-economical divided Africa. Where are the authentic voices of leaders who can change the heart? How to mend a broken heart? How to transform congregations towards inclusion of difference? Can we embrace the dignity of difference as attitudes that enable transformation of church and society? Hans Martin Sass, 1935 in Hagen Germany now lives in Reston Virginia. He holds faculty positions in philosophy and bioethics at Ruhr University Bochum FRG since 1966 and Georgetown University Washington DC since 1980. Honorary Professor at Renmin University 1985 and Peking Union Medical College 2001 in Beijing PRC. 100 separate publications, 250 journal articles, 300 invited lectures.

Searching the Heart Karen Lystra, 1992-06-25. In January 1862 Charles Godwin courted Harriet Russell ultimately unsuccessfully with the following lines: "Like cadences of inexpressibly sweet music your kind words came to me causing every nerve to vibrate as though electrified by some far off strain of heavenly harmony." Almost ten years later Albert Janin upon receiving a letter from his beloved Violet Blair responded with "I kissed your letter over and over again regardless of the small pox epidemic at New York and gave myself up to a carnival of bliss before breaking the envelope." And in October 1883 Dorothea Lummis wrote candidly to her husband Charles "I like you to want me dear and if I were only with you I would embrace more than the back of your neck be sure." In Karen Lystra's richly provocative book *Searching the Heart* we hear the voices of Charles, Albert, Dorothea and nearly one hundred other nineteenth century Americans emerge from their surprisingly open intimate and emotional love letters. While historians of nineteenth century America have explored a host of private topics including courtship, marriage, birth control, sexuality and sex roles they have consistently neglected the study of romantic love. Lystra fills this gap by describing in vivid detail what it meant to fall in love in Victorian America. Based on a vast array of love letters the book reveals the existence of a real openness even playfulness between male and female lovers which challenges and expands more traditional views of middle class private life in Victorian America. Lystra refutes the common belief that Victorian men and women held passionlessness as an ideal in their romantic relationships. Enabling us to enter the hidden world of Victorian lovers the letters they left behind offer genuine proof of the intensity of their most private interactions, feelings, behaviors and judgments. Lystra discusses how Victorians anthropomorphized love letters treating them as actual visits from their lovers insisting on reading them in seclusion, sometimes kissing them as Albert does with Violet's and even taking them to bed. She also explores how courtship rituals which included the setting and passing of tests of love succeeded in building unique

emotional bonds between lovers and how middle class views of romantic love which encouraged sharing knowledge and intimacy gave women more power in the home Through the medium of love letters Searching the Heart allows us to enter unnoticed the Victorian bedroom and parlor We will leave with a different view of middle class Victorian America *When God Calls the Heart to Love* Brian Bird,Michelle Cox,2019-01-01 Discover love in Hope Valley Inspired by best selling author Janette Oke and the Hallmark Channel original TV series When Calls the Heart Brian Bird and Michelle Cox explore the love filled moments from the fictional early 1900s town of Hope Valley Stories of romantic love as well as love between families neighbors and friends will touch your heart and encourage your soul to recognize the potential of love in your life Each of the thirty chapters contains a quote from one of your favorite citizens in Hope Valley a Bible verse a devotional reading a prayer and questions for reflection You ll also find poignant real life stories and love in action ideas for sharing God s love with others Join us on this journey as we focus on tender moments found in Hope Valley When God calls your heart to love something extraordinary is about to happen *The Heart of Religion* Matthew T. Shakespeare has traditionally been viewed as Queen Elizabeth's poet laureate and as the official mouthpiece of the Elizabethan age But the Elizabethan world was torn apart by the religious divisions initiated by the Reformation and vitiated by the government's merciless persecution of Catholics As it was the victors who wrote the history the English Reformation has been portrayed as a peaceful transition enjoying majority support when in fact it was nothing of the kind Elizabeth's regime was a police state which sanctioned the use of torture where Catholic priests and those who harboured them were liable to summary and bloody execution The persecution of Catholics was continued by James I evoking the violent response of the Gunpowder Plot The Heart of His Mystery examines Shakespeare's life and work against this background There is strong biographical evidence that he was himself a Catholic and a detailed survey of his plays and poems shows that his imagination was intimately bound up with his religious faith When we realise that his human compassion grew from his membership in a persecuted community we can glimpse the mystery he has encrypted in his works and we come closer to understanding the hidden heart of Shakespeare the man
