Leff, Eric D. Lehman, 2020-12-01 Since its founding four hundred years ago New England has been a vital source of nature writing Maybe it s the diversity of landscapes huddled so close together or the marriage of nature and culture in a relatively small six state region Maybe it s the regenerative powers of the ecosystem in a place of repeated exploitations Or maybe we have simply been thinking about our relationship with the natural world longer than everyone If all successive nature writing is a footnote to Henry David Thoreau then New England has a strong claim to being the birthplace of the genre But there are as the sixty entries in this anthology demonstrate many other regional voices that extol the wonders and beauty of the outdoors explore local ecology and call for environmental sustainability Between these covers Noah Webster calls for our stewardship of nature and Lydia Sigourney finds sublime pleasure in it Jonathan Edwards and Helen Keller both find miracles while Samuel Peters and Mark Twain find humor Author Nathaniel Hawthorne discovers a place to hide his metaphors while the enslaved James Mars discovers an actual hiding place Through it all is the apprehension of a profound and lasting splendor the glory of physical nature as W E B Dubois calls it something beyond our everyday concerns and yet tied so closely to our daily lives that we cannot escape it Nature writing cultivates our sense of beauty inflaming curiosity and the passion to explore It opens us to deep primal experiences that enrich life Anyone wanting to understand our relationship with the world must start here **The Musical Times & Singing-class Circular** ,1925

"Ethel's Love-Life" and Other Writings Margaret J. M. Sweat, 2020-12-25 In a series of lengthy letters the unsettled and unruly Ethel Sutherland writes to an initially unnamed and ungendered correspondent and patiently discloses the troubled history of her past romantic attachments to both men and women Not until the third letter does she reveal that her correspondent is Ernest the man to whom she is engaged to be married Wanting to make him understand how all of her past loves are included and sublimated in her love for him she especially wants to explain how women often love each other with as much fervor and excitement as they do men and although this love is curiously freed from all the grosser elements of passion as it exists between sexes nevertheless it retains its energy its abandonment its flush its eagerness its palpitation and its rapture Margaret Jane Mussey Sweat 1823 1908 a native of Portland Maine and wife of a United States congressman published Ethel s Love Life in 1859 The book is sometimes credited as an early even the first lesbian American novel but such a label Christopher Looby observes in his Introduction somewhat misrepresents what is distinctive and surprising about the book Ethel s Love Life confounds our received binary distinctions between the spiritual and the carnal and indeed between the sexual and the nonsexual the boundaries between such categories being not nearly as well policed at the time as they later became It is here reprinted along with Sweat s Verses 1890 and five of her published essays on Charlotte Bront George
