Matthews, 2025-09-20 Not all sacred knowledge is safe Some teachings have been silenced outlawed or forced into disguise not because they are false but because they overturn the structures of control Dangerous Teachings gathers fifteen lineages whose survival has depended on secrecy exile and the courage of those willing to carry wisdom that could not be spoken aloud Across continents and centuries these traditions have been branded as heresy magic or madness Yet within them lie precise spiritual technologies ways of seeing healing and awakening that confront the deepest fears of empire orthodoxy and conformity This is not sensationalism It is the reality of what happens when the sacred refuses to bow to power In these pages you will meet visionaries ascetics and mystics who kept the thread alive under threat of prison exile or death Native American Church peyote roadmen keeping the night fire through prohibition Romani dream readers decoding fate under centuries of persecution Siberian dreamwalkers retrieving lost souls when the state outlawed shamanism Dagara diviners in West Africa speaking with elements and ancestors against the tide of colonial erasure Kalachakra adepts preserving the Wheel of Time tantra through the destruction of Tibet Forest Theravada monks disappearing into wilderness to escape religious bureaucracy Essene breath mystics whose desert rites survived in fragments Golden Dawn adepts using ritual as a science of transformation not spectacle Assyrian Christian mystics guarding the Aramaic breath of Christ through genocide Each chapter follows the same initiatory pattern the core teaching of the tradition the spiritual condition it addresses its inner technology of practice its symbol or image and the key danger it faces whether distortion commodification or outright destruction Every section closes with a living practice the reader can try and an image or parable to seal the teaching in memory Dangerous Teachings is not a handbook for dabblers It is a map for those who understand that real wisdom demands responsibility and sometimes risk This is not the marketplace

Within months several rounds of chemotherapy had failed and top physicians determined that Young now on a ventilator in the ICU could not survive the widespread disease. But he did survive and two years later is cancer free. This suspenseful narrative explores the anatomy of a miracle, the precise steps Blake took with Young on his journey back from the brink. Young's path shows how methods based on spiritual laws can be used to transform fear, navigate the medical world, guide family and friends, and most important, heal. It illustrates that with love, all things can be healed; hope is always justified, and nothing is impossible, no matter what the doctors tell you. *The Advent* Grégoire de Kalbermatten, 2018-06-20 This book proposes and describes a new category of perception: vibratory awareness beyond thought, feelings, or instinct, by which all kinds of absolute questions are answered. This awareness itself thinks, organizes, and loves. It balances, neutralizes, and heals human problems and relates man to the Divine. In different scriptures it has been named as divine breath or the flood of bliss. It is innate in every human being, though unconscious for most. Great prophets and founders of different world religions preached the lifestyle which would optimize man's awakening to its conscious knowledge, self-realization, second birth, mukti. Divine incarnations who came on this earth at different stages of man's evolution prepared the setting for its manifestation on a mass scale as the phenomenon of collective consciousness. Every reader is invited to verify personally the existence and the validity of this new awareness, many already have. The Seeker's Handbook John Lash, 1990 The spiritual impulse is nothing new, but the perplexing availability of so many belief systems from throughout the world and throughout history is unique to our time. For today's spiritual seeker, clear directions are essential. The Seeker's Handbook is meant to be used as a tool, much like a compass, for guiding individuals along the paths of spiritual growth. **Yoga Journal**, 1977-09 For more than 30 years Yoga Journal has been helping readers achieve the balance and well-being they seek in their everyday lives.
