Love Law And Christian Life Basic Attitudes Of Christian Morality:

Love, Law and Christian Life Vincent MacNamara, 1988 *Happiness and the Christian Moral Life* Paul J. Wadell, 2016-05-20 Happiness and the Christian Moral Life introduces students to Christian ethics through the lens of happiness. The book suggests that the heart of ethics is not rules and obligations but our deep desire for happiness and fulfillment. We achieve that happiness when we become people who love the good and seek it in everything we do. The third edition of this reader-friendly text has been revised and updated throughout. It introduces Christian ethics with sensitivity towards readers who may not be Christian themselves. After an overview of basic concepts and key thinkers such as Augustine and Thomas Aquinas, subsequent chapters explore the importance of narrative in Christian ethics, the place of friendship and community in Christian moral life, the role of virtues in our quest for fulfillment, a Christian understanding of the person, a Christian theology of freedom, and false steps on the path to happiness. Final chapters discuss the role of conscience and prudence, love and justice. The third edition has been restructured to better meet teaching needs by moving the discussion of narrative earlier in the book. This edition features fresh global examples, revised introductions to key thinkers, discussions of tough contemporary topics such as hookup culture, careful consideration of the words of Pope Francis on themes ranging from consumerism and freedom to love and the environment, and more. Catholic Moral Theology and Social Ethics Christina Astorga, 2013-12-01 Proposing a new method for moral theology, Christina Astorga seeks to recast our understanding of the discipline by drawing from the faith vision of the entire theological enterprise, including scripture, dogmatic theology, social ethics, and spirituality. **Ethics** Padilla, 1993 *Ethics for the Health-care Professions* '99 Edition, **Conscience and Catholicism** Robert J. Smith, 1998 The understanding and use of conscience in Roman Catholicism has undergone evaluation within the broader efforts of the renewal of moral theology called for by Vatican II. A review of the literature reveals that among contemporary Catholic moral theologians there are differences in the way conscience is understood and employed. These differences are reflected in the distinct perspectives of D **Restoration & Renewal** Joseph F. Natural Law and Moral Inquiry Robert P. George, 1998-03-01 Germain Grisez has been a leading voice in moral philosophy and theology since the Second Vatican Council In this book such major thinkers as John Finnis Ralph McInerny and William E May consider issues in ethics metaphysics and politics that have been central to Grisez's work Grisez's reconsideration of the philosophical foundations of Christian moral teaching seeking to eliminate both legalistic interpretation and theological dissent has won the support of a number of leading Catholic moralists In the past decade moreover many philosophers outside of Catholicism have weighed carefully Grisez's alternatives to theories that have long dominated secular moral philosophy This book presents a broad spectrum of viewpoints on subjects ranging from contraception to capital punishment and considers such controversies as the scriptural basis of Grisez's work his interpretations of Aquinas and his new natural law theory The collection includes not only contributions from Grisez's supporters but also from critics of his thought from proportionalist Edward Collins Vacek SJ to the neo Thomist Ralph McInerny A reply by Grisez written with Joseph M Boyle Jr addresses the issues and viewpoints expressed while an afterword by Russell Shaw reviews Grisez's pioneering work and conveys a vivid sense of the philosopher's personality As Grisez's influence grows this volume will serve as an important touchstone on his contributions to moral and political philosophy and theology

Teaching with Authority Richard R. Gaillardetz, 1997 This book faithfully represents the teaching of Roman Catholicism on the Church's doctrinal authority while pointing to areas where there remains a gap between an ecclesiological vision of the Church informed by Vatican II and the popular understanding and concrete exercise of that authority in the life of the Church today

Agape Gene H. Outka, 1977-09-10 This study is the most comprehensive account to date of modern treatments of the love commandment Gene Outka examines the literature on agape from Nygren's *Agape and Eros* in 1930 Both Roman Catholic and Protestant writings are considered including those of D Arcy Niebuhr Ramsey Tillich and above all Karl Barth The first seven chapters focus on the principal treatments in the theological literature as they relate to major topics in ethical theory The last chapter explores further the basic normative content of agape and discusses some of the most characteristic problems The book is in my judgment the best recent work in religious ethics Outka brings together analytic moral philosophy and theological ethics providing a masterly survey of views and issues arising in the past forty years I can think of few books of interest to scholars in both philosophy and theology but Outka's is one Unlike some scholars who are at home in continental theology Outka is also at home in secular analytic philosophy he brings them together in a mutually illuminating way Donald Evans Outka has mastered this vast literature on love and has brought a critical and clarifying analysis to bear upon it This is a most important book on a most important subject and brings the whole

discussion into a new phase John Macquarrie The first thing to be said about Outka's book quite simply is that it is excellent in fact it is probably the very best available book about contemporary Christian ethical theory The Humanities Association Review The Encyclopædia Britannica Hugh Chisholm, James Louis Garvin, 1926 **Vision and Values** Judith A. Dwyer, 1999-08-27 A concise introduction to Christian ethics this book surveys the moral values of the Catholic tradition and applies them to contemporary issues Prominent authors address such topics as scriptural sources reverence for human life sexuality and intimacy family responsibilities the concept of peace in the modern world economics and Catholic higher education Vision and Values is both an overview of the major perspectives which inform moral decisions and a guide to how these principles interrelate It can help readers determine how to make complex moral judgments in a Christian context as it demonstrates the vitality of the Catholic theological tradition **The Churchman**, 1914 Christian Ethics and Moral Values Albert D'Souza, 2005 The Christian Union, 1888 Morality, Metaphysics, and Chinese Culture Vincent Shen, Van Doan Tran, 1992 Christian Theology and Medical Ethics James B. Tubbs Jr., 2013-03-09 Contemporary discourse in biomedical ethics has been greatly shaped sustained and enriched through the insights and perspectives offered by its theologian contributors This volume examines the work of four Christian theologians who have significantly influenced the field of bioethics in the U S Richard McCormick SJ Paul Ramsey Stanley Hauerwas and James M Gustafson Each theorist's writings are explored in turn in order to elucidate compare and contrast their foundational theological premises their particular approaches to moral reasoning and their considered responses to selected medico moral issues The final chapter reflects some of the author's own critical responses in dialogue with the study's four subjects and offers general suggestions about the moral perspective afforded by Christian theology This volume should be of interest both to those seeking a fuller understanding of contemporary discussions in bioethics and to those studying Christian ethics in the modern era
