Letters of Lady Wortley Montague, Written During Her Travels in Europe, Asia and Africa, to which are Added Poems by the Same Author . Stereotype Edition Mary Wortley Montagu, 1800 *Kind Regards* Liz Williams, 2012-09-06 Despite the ever growing influence of technology handwritten letters are regaining their value meaning and popularity *Letters ... descriptive of ... travels in Europe, Asia, and Africa, with biogr. sketch* lady Mary Wortley Montagu, 1865 **Lovesick Japan** Mark D. West, 2011-08-15 In Lovesick Japan Mark D West explores an official vision of love sex and marriage in contemporary Japan A comprehensive body of evidence 2 700 court opinions describes a society characterized by a presupposed absence of physical and emotional intimacy affection and personal connections In compelling poignant and sometimes horrifying court cases West finds that Japanese judges frequently opine on whether a person is in love what other emotions a person is feeling and whether those emotions are appropriate for the situation Sometimes judges views about love sex and marriage emerge from their presentation of the facts of cases Among the recurring elements are abortions forced by men compensated dating late life divorces termination fees to end affairs sexless couples Valentine's Day heartbreak soapland bath brothels and home wrecking hostesses Sometimes the judges analysis decisions and commentary are as revealing as the facts Sex in the cases is a choice among private normal sex which is male dominated conservative dispassionate or nonexistent commercial sex which

caters to every fetish but is said to lead to rape murder and general social depravity and a hybrid of the two which commodifies private sexual relationships Marriage is contractual judges express the ideal of love in marriage and proclaim its importance but virtually no one in the court cases achieves it Love usually appears as a tragic overwhelming emotion associated with jealousy suffering heartache and death **Voices of East Asia** Margaret Childs, Nancy Hope, 2015-03-12 **Voices of East Asia** provides significant yet accessible readings in translation chosen to stimulate interest in the long and rich cultural history of East Asia the countries of China Japan and Korea The readings range from ancient to modern elite to popular and include poetry stories essays and drama Each section begins with a broad but brief overview of that country's political and cultural history Each reading is preceded by a concise explanation of its literary and cultural context As expertise in East Asian studies has exploded in the West in recent decades a novice could be overwhelmed by all the materials available now In this volume however the reader will find a manageable set of texts that may be read on their own as part of a world literature course or as supplementary readings for an East Asian history class As economic and political news from East Asia sweeps across the world this anthology aims to provide a taste of the enduring traditions upon which contemporary East Asia is built a glimpse into the hopes and fears love and sorrow in the hearts of the people behind the headlines This anthology will be welcomed by students and scholars of Asian history culture society and literature
