**World's Most Treasured Love Poems** Suheil Bushrui, 2018-02-08 The only truly global collection of love poetry bringing together the most stunning and inspiring poems from all around the world This beautiful collection of love poems gathers together thousands of years of timeless verse from around the world From Shakespeare to Rossetti, traditional English classics sit alongside the works of Eastern writers such as Ibn Arabi and Rumi, as well as lesser-known gems from the indigenous peoples of Africa, Australasia, and the Americas Exploring the many facets of love, desire, devotion, delirium, joy, and sorrow, this uniquely diverse volume offers us wisdom from across the ages and reminds us of the bonds we all share [A History of Ancient Egypt, Volume 3](#) John Romer, 2023-05-25 The final chapter in the definitive three-volume history of the world's first known state Archaeologist John Romer has spent a lifetime chronicling the history of Ancient Egypt and here he tells the epic story of an era dominated by titans of the popular imagination: the radical iconoclast Akhenaten, the boy king Tutankhamun, and the all-conquering Ramesses II But heroes do not forge history by themselves This was also a time of international trade, cultural exchange, and sophisticated art, even in the face of violent change Alongside his visionary new history of this the most famous period in the long history of Ancient Egypt, Romer turns a critical eye on Egyptology itself Paying close attention to the evidence, he corrects prevailing narratives which cast the New Kingdom as an imperial state, power in the European mould Instead, he reveals, through broken artefacts, in ruined workshops, or preserved letters between a tomb builder and his son, a culture more beautiful and beguiling than we could have imagined Romer carefully reconstructs the real story of the New Kingdom as evidenced in the archaeological record, and the result, the final volume of a life-long project, secures his status as Ancient Egypt's finest chronicler *Romantic Love in Cultural Contexts* Victor Karandashev, 2016-12-24 This volume presents a conceptual, historical, anthropological, and sociological review of how culture affects our experience and expression of romantic love What is romantic love, and how is it different from, and similar to, other kinds of love How is romantic love related to sex and marriage in human history and across contemporary cultures What cultural factors mediate attraction in love These are some of the questions the volume explores through its interdisciplinary

yet focused lens Much of the current research evidence suggests that love is a universal emotion experienced by a majority of people in various historical eras and in all the world's cultures Yet love displays in different ways because culture has an impact on people's conceptions of love and the ways they feel think and behave in romantic relationships This volume summarizes classical knowledge on love and culture while at the same time focusing sharply on recent studies and cutting edge research that has advanced the field Divided into three parts the volume begins by defining and analyzing the concept of romantic love and interdisciplinary approach to its study in cultural context Part II traces the origin and evolution of romantic love both in various places throughout the world and various time periods throughout history Part III presents the revolutionary expansion of romantic love ideas and practices in the late 20th and early 21st centuries in various parts of the world focusing particularly on the development of romantic love as a cultural ideal of the modern cultures Finally the book concludes by summarizing the major achievements in this field of study and predicts future development A timely and thoughtful addition to the literature Romantic Love in Cultural Contexts delivers thought provoking insights to researchers in relationship scholarship sociology anthropology and cultural studies and all those interested in the universal human concept of love Overall I find Dr Victor Karandashev is an excellent and fine scholar who has a firm grasp of both the fundamental principles of cross cultural research and of anthropology In our increasingly connected world Romantic Love in Cultural Contexts updates and adds to the descriptions and explanations of similarities and differences in romantic love across generations and cultures Romantic love encompasses the life span rather than being a phenomenon largely confined to youthful years The topic of this project concerns the deepest of our sentiments and pervades life from birth to death This book contributes to better knowledge of this phenomenon across generations Flix Neto Professor of Psychology Faculdade de Psicologia e de Ciências da Educação Universidade do Porto Portugal
