Love And Family Life:

Sex, Love, and Families Julie Hanlon Rubio, Jason Edward King, 2020-03-30 2021 Association of Catholic Publishers first place award in theology 2021 Catholic Media Association Award first place award in marriage and family living Six years into the papacy of Pope Francis Catholics are still figuring out how to respond to his image of the church as a field hospital a church that goes into the streets rather than remaining locked up behind closed doors Marriage and family are primary sites of the field hospital called to meet people's need for healing and accompaniment with compassion and love The authors of this collection all lay a mix of single and married traditional and progressive Catholics take up this work They offer practical wisdom from and critical engagement with the Catholic tradition but avoid rehashing decades old theological debates Instead their essays engage with and respond to realities shaping contemporary family life like religious pluralism technology migration racism sex and gender incarceration consumerism and the call to holiness The result is a collection that envisions ways that families can be places of healing and love in and for the world

Love & Eroticism Mike Featherstone, 1999-09-20 This major collection explores the contested nature of love and eroticism examining the ways in which erotic bodily pleasures have become central to contemporary consumer culture It investigates the spatial dimension of erotic life through considerations of Bohemian love the gay city and the ways in which the urban landscape and everyday life have become sexualized issues which have become central to the emergence of queer as a new form of gender politics and more general questions of sexual citizenship Drawing on the work of feminists sociologists and cultural theorists this book contains a wide ranging and accessible set of contributions to contemporary debates on sexuality love and eroticism Love Erotici

Awakening Through Love John Makransky, 2010-07 Mother Theresa The Dalai Lama Nelson Mandela Gandhi Some admire such figures from afar and think How special they are I could never be like that But as John Makransky has learned the power of real and enduring love lies within every one of us Awakening Through Love is his guide to finding it In Awakening Through Love he pioneers new ways of making Tibetan meditations of compassion and wisdom accessible to people of all backgrounds and faiths Drawing from Tibetan teachings of compassion and the Dzogchen teachings of innate wisdom and using plain practical instruction he helps readers uncover the unity of wisdom and love in the very nature of their minds Then Lama John describes how to actualize those qualities in every aspect of family life work service and social action

Love in America Francesca M. Cancian, 1990-08-31 In the last twenty five years Americans have gained considerable freedom in their personal lives Relationships are now more flexible and self development has become a primary goal for both men and women Most scholars have criticized this trend to greater freedom arguing that it undermines family bonds and promotes selfishness and extreme independence Francesca Cancian is more optimistic In this book she shows that many American couples succeed in combining self development with commitment and that interdependence not independence is their ideal In interdependent relationships love and self development do not conflict but reinforce each other

Love in America compares traditional forms of marriage with these newer forms of close relationships Starting with the nineteenth century Cancian shows how gender roles became polarized with love which was identified with emotional expression no practical help being the responsibility of women while self development was regarded as a masculine concern These traditional images of love and relationships are still held by many Americans today even though as Cancian points out this can lead to marital conflict and individual stress and illness By contrast new images of love emphasizing self development for men and women and flexible androgynous roles began to emerge around 1900 accelerating in the 1960s She concludes that this trend to self development and androgyny will continue but that whether it will lead to more interdependent relationships or to more independence and isolation depends partly on economic and political changes in the wider society The evidence for Cancian s argument comes from sociological historical and psychological sources Her book will interest readers in these disciplines as well s appeal to a wide general audience

The Politics of Conjugal Love Conor Sweeney, Brian T. Trainor, 2019-06-27 Does the New Testament teach that a wife must submit to her husband as head If so does it have a lasting value beyond the cultural milieu in which it was first articulated The Politics of Conjugal Love takes a fresh approach to this classic issue in theological anthropology paying specific attention to the role of theological hermeneutics in its interpretation Conor Sweeney and Brian T Trainor contend that both subordinationist and anti subordinationist readings of headship and submission miss the mark Their alternative is a baptismally specified trinitarian reading in which headship and submission appear as modes intrinsic to both life in Christ and the love proper to the highest mode of trinitarian love

Love and Toil Ellen Ross, 1993-11-25 The feisty warm hearted mum has long figured as a symbol of the working class in Britain yet working class history has emphasized male organizations such as clubs unions or political parties Investigating a different dimension of social history Love and Toil focuses on motherhood among the London poor in the late Victorian and Edwardian years and on the cultures communities and ties with husbands and children that women created Mothers skills in managing the family budget earning income and caring for their children were critical in protecting households from the worst hardships of industrial capitalism yet poverty or the threat of it molded intimate relationships and left its imprint on personalities This book is also a case study demonstrating the larger argument that the concept of motherhood is more socially and historically constructed than biologically determined Shaky household economics pressure toward respectability the close proximity of neighbors the precariousness of infant and child life and little chance of better lives for their children shaped the work and emotions of motherhood much more than did the biological experiences of pregnancy birth and lactation This beautifully written book embellished with Cockney slang and music hall songs addresses fascinating questions in the fields of women s studies labor history social policy and family history

diverse backgrounds no life situation was foreign to her and in this book her role is primarily one of teacher and guide Love is perhaps the word that best summarizes Mother Teresa's life and message The title reflects what she proclaimed during her entire life God is alive present and still loves the world through you and through me Mother Teresa sought to be an extension of God's heart and hands in the world of today She was called to be a missionary of charity a carrier of God's love to each person she met especially those most in need Yet she did not think that this was a vocation uniquely hers each person is in some way called to be a carrier of God's love Through the practical and timely advice she offers Mother Teresa sets us on the path to closer union with God and greater love for our brothers and sisters

MOTHER TERESA 1910-1997 was born in Skopje present day Macedonia and joined the Sisters of Loreto in Dublin in 1928 She left the Loreto order in 1948 to begin the Missionaries of Charity in Calcutta Her service to the poorest of the poor became her life's work She was awarded the Nobel Peace Prize in 1979 and was beatified in 2003
