Pease,1989-09 The term American Renaissance designates a period in our nation's history when the literary classics appeared works original enough to mark a beginning for America's literary history But the American Renaissance Donald Pease argues in his introduction does not belong to the nation's secular history so much as it denotes a rebirth from it

Independent of the time kept by secular history the American Renaissance keeps what we could call global Renaissance time the sacred time a nation claims to renew when it claims its cultural place as a great nation existing within a world of great

nations Providing each nation with the terms for cultural greatness denied to secular history the renaissance is not an occasion occurring within any specific historical time or place so much as it is a moment of cultural achievement that repeatedly demands to be reborn The American Renaissance Reconsidered examines this demand for rebirth in terms other than those ordained by the American Renaissance itself In the seven pieces collected here it is reborn not outside of but within America s secular history as the authors examine anew the period of the American Renaissance and the period in which its history was written Contributing authors are Eric J Sundquist Jane P Tompkins Louis A Renza Jonathan Arac Donald E Pease Walter Benn Michaels and Allen Grossman      Stop Your Excuses AJ Rolls,2019-03-12 This book is about stopping the excuses that have been stopping you from getting past poverty self doubt low self esteem negative self image and getting off welfare Stop being poor and broke      **The Little Book of Angel Healing** Kimberly Marooney,2019-09-01 Angel healing in your pocket This is the ultimate angel health reference book The premise here is that we are not alone Each of us has access to divine healing and guidance from the first responders of the heavenly realm the angels This is a book that explains how to tap into the healing power of angels and how angel power can help overcome specific ailments and expand consciousness Also included here are over 25 personal angel cures that help readers overcome real life challenges The cures include meditations visualizations prayers and specific action plans The book is organized into three sections Access angel power tips and tools for connecting with the angelic realm Your personal angel cures an entire range of angelic healing modalities and blessings as well as 27 specific angel prescriptions for healing a wide range of ailments How to make angels an integral part of your daily life This is a book of hope help and healing It is for anyone who is looking for a little assistance from the heavenly realms      **The St. Lawrence and the Saguenay and Other Poems** Charles Sangster,1856      *Angel Power* Janice T.
