Love, sex and war John Costello,1985 **American Gold Digger** Brian Donovan,2020-10-05 The stereotype of the gold digger has had a fascinating trajectory in twentieth century America from tales of greedy flapper era chorus girls to tabloid coverage of Anna Nicole Smith and her octogenarian tycoon husband The term entered American vernacular in the 1910s as women began to assert greater power over courtship marriage and finances threatening men s control of legal and economic structures Over the course of the century the gold digger stereotype reappeared as women pressed for further control over love sex and money while laws failed to keep pace with such realignments The gold digger can be seen in silent films vaudeville jokes hip hop lyrics and reality television Whether feared admired or desired the figure of the gold digger appears almost everywhere gender sexuality class and race collide This fascinating interdisciplinary work reveals the assumptions and disputes around women s sexual agency in American life shedding new light on the cultural and legal forces underpinning romantic sexual and marital relationships [Ettie Rout: New Zealand's safer sex pioneer](#) Jane Tolerton,2015-08-26 Ettie Rout fought a battle for safer sex in the First World War and won She gave New Zealand the best sexual health system when its army adopted her prophylactic kit and made every soldier going on leave take one while she was banned from the pages of the newspapers so New Zealanders wouldn t find out In Paris having transformed Madame Yvonne s into a safer sex brothel she met soldiers at the railway station and convinced them to go there if they chose to have sex Armed with a wicked sense of humour an intolerance of hypocrisy and boundless energy Ettie Rout proved the case for safer sex decades before the term was coined and the soldiers loved her for it This book celebrates an unlikely heroine of the First World War who is now internationally recognised for waging a successful public health crusade A woman way ahead of her time Also available as an eBook *Lord Hailey, the Colonial Office and Politics of Race and Empire in the Second World War* S. Wolton,2000-06-21 The book studies the Anglo American debate in which British officials led by Lord Hailey countered American criticisms of imperial rule by emphasizing economic development and peace keeping as new non racial justifications for western authority These are themes that have retained a powerful resonance in the post war world

Roots of War David G. Winter,2018 Roots of War presents systematic archival experimental and survey research on three psychological factors leading to war desire for power exaggerated perception of threat and justification for force set in comparative historical accounts of the unexpected 1914 escalation to world war and the peacefully resolved 1962 Cuban Missile Crisis Provided by publisher **'Curing queers'** Tommy Dickinson,2015-01-31 Drawing on a rich array of source materials including previously unseen fascinating and often quite moving oral histories archival and news media sources Curing queers examines the plight of men who were institutionalised in British mental hospitals to receive treatment for homosexuality and transvestism and the perceptions and actions of the men and women who nursed them It examines why the majority of the nurses followed orders in administering the treatment in spite of the zero success rate in straightening

out queer men but also why a small number surreptitiously defied their superiors by engaging in fascinating subversive behaviours Curing queers makes a significant and substantial contribution to the history of nursing and the history of sexuality bringing together two sub disciplines that combine only infrequently It will be of interest to general readers as well as scholars and students in nursing history gender studies and health care ethics and law *Dangerous Liaisons* Roger Davidson,2016-08-22 This book explores the role of Venereal Disease in shaping perceptions of sexuality in twentieth century Scotland and in defining the response of the Modern State to patterns of sexual behaviour It examines how civic medical and political authorities reacted to the Hideous Scourge in times of peace and war and how far policy was informed by anxieties surrounding social change and public morality as much as by the incidence of disease and developments in medical knowledge It focuses in particular on the moral assumptions underpinning epidemiological debate and the various dimensions of stigmatisation and control within VD discourse including gender generation and class This study also highlights the protracted campaign in Scotland for legal controls over those suffering from VD and the enduring problem resurrected by the threat of HIV and AIDS of balancing the demands of public health against those of civil liberties in the regulation of dangerous sexualities [The Illusionist](#) Robert Hutton,2024-09-03 The astonishing story of how in 1942 in Egypt Colonel Dudley Clarke s ingenious A Force thwarted the Nazis while inventing a whole new playbook of military deception Cairo 1942 If you had asked a British officer who Colonel Clarke was they would have been able to point him out Always ready with a drink and a story Clarke was a well known figure in Cairo social circles and nightlife If you then asked what he did you would have less success Those who knew didn t tell and almost no one really knew at all Clarke thought of himself as developing a new kind of weapon Its components Rumor stagecraft a sense of fun Its target The mind of Erwin Rommel Hitler s greatest general Throughout history military commanders have sought to mislead their opponents Dudley Clarke set out to do it on a scale no one had imagined before Even afterwards almost no one understood the magnitude of his achievement Drawing on recently released documents and hugely expanding on the louche portrait of Clarke as seen in SAS Rogue Warriors journalist and historian Robert Hutton reveals the amazing story of Clarke s A Force the invention of the SAS and the Commandos and the masterful hoodwinking of the Desert Fox at the battle of El Alamein The Illusionist tells for the first time the dazzling tale of how at a pivotal moment in the war British eccentricity and imagination combined to thwart the Nazis and save innumerable lives on both sides *Breaking the Gender Code* Georgina Hickey,2023-12-12 Historian Georgina Hickey investigates challenges to the code of urban gender segregation in the 20th century focusing on organized advocacy to make the public spaces of American cities accessible to women She traces waves of activism from the Progressive Era with its calls for public restrooms rooming houses anti spitting ordinances covered bus stops employment bureaus lunch rooms and women police through and beyond second wave feminism and its focus on the creation of alternative women only spaces In doing so Hickey looks at how class race and sexuality shaped activists agendas and shaped

women's experiences of urban space and the gains and limitations of this activism. She uses a wide range of archival material from press coverage to neighborhood association records to etiquette manuals and studies a variety of cities from Minneapolis to Atlanta. Throughout she draws connections between the vulnerability of women in public spaces real and presumed and contemporary debates surrounding rape culture bathroom bills and domestic violence. Ultimately Hickey unveils the institutionalized hierarchies that have made women feel uncomfortable in American cities and the both strikingly successful and incomplete initiatives activists undertook to open up public space to women. The manuscript is organized into eight chapters that move chronologically through the twentieth century with an epilogue that reflects on how these issues manifest in the present.

A Nazi in the Family Derek Niemann, 2018-09-06 WARTIME BERLIN The Niemann family Karl Minna and their four children live in a quiet suburban enclave. Every day Karl commutes to work a business manager travelling around inspecting his factories. In the evenings he returns home to life as a normal family man. Three years ago Derek Niemann born and raised in Scotland made the chilling discovery that his grandfather Karl had been an officer in the SS and that his business used thousands of slave labourers in concentration camps such as Auschwitz Dachau Buchenwald and Sachsenhausen. Derek had known little about the German side of his family but now a lifetime of unsettling hints and clues began to fall into place. With the help of surviving relatives and hundreds of previously unknown family photographs Derek uncovers the true story of what Karl did.

A Nazi in the Family is an illuminating portrayal of how ordinary people can fall into the service of a monstrous regime.

Jacques R. Pauwels, 2016-04-06 Historian Jacques Pauwels applies a critical revisionist lens to the First World War offering readers a fresh interpretation that challenges mainstream thinking As Pauwels sees it war offered benefits to everyone across class and national borders For European statesmen a large scale war could give their countries new colonial territories important to growing capitalist economies For the wealthy and ruling classes war served as an antidote to social revolution encouraging workers to exchange socialism's focus on international solidarity for nationalism's intense militarism And for the working classes themselves war provided an outlet for years of systemic militarization quite simply they were hardwired to pick up arms and to do so eagerly To Pauwels the assassination of Archduke Franz Ferdinand in June 1914 traditionally upheld by historians as the spark that lit the powder keg was not a sufficient cause for war but rather a pretext seized upon by European powers to unleash the kind of war they had desired But what Europe's elite did not expect or predict was some of the war's outcomes social revolution and Communist Party rule in Russia plus a wave of political and social democratic reforms in Western Europe that would have far reaching consequences Reflecting his broad research in the voluminous recent literature about the First World War by historians in the leading countries involved in the conflict Jacques Pauwels has produced an account that challenges readers to rethink their understanding of this key event of twentieth century world history **Stranger in the House** Julie Summers, 2009-07-06 It is as if I have been waiting for someone to ask me these questions for almost the whole of my life From 1945 more than four million British servicemen were demobbed and sent home after the most destructive war in history Damaged by fighting imprisonment or simply separation from their loved ones these men returned to a Britain that had changed in their absence In Stranger in the House Julie Summers tells the women's story interviewing over a hundred women who were on the receiving end of demobilisation the mothers wives

sisters who had to deal with an injured emotionally damaged relative those who assumed their fiancés had died only to find them reappearing after they had married another woman who had illegitimate children following a wartime affair as well as those whose steadfast optimism was rewarded with a delightful reunion Many of the tales are moving some are desperately sad others are full of humour but all provide a fascinating account of how war altered ordinary women's lives forever

Good-bye, Piccadilly Jenel Virden, 1996 Though the women came to the U S from all parts of the British Isles they were an unusually homogeneous group averaging 23 years of age from working or lower middle class families and having completed mandatory schooling to the age of fourteen For the most part they emigrated alone and didn't move into an existing immigrant population

Creating GI Jane Leisa D. Meyer, 1996 Upheld current sex and race occupational segregation assuring the public that women were in the military to do women s work within it and resisting African American women s protests against their relegation to menial labor Yet *Creating GI Jane* is also the story of how in spite of a palpable climate of repression many women effectively carved out spaces and seized opportunities in the early WAC African American women and men worked together in demanding civil
