

A group of people are shown from the waist up, holding protest signs. The background is a plain, light-colored wall. The signs are white with black text. The text on the signs includes 'TAKE A STAND', 'DO YOUR PART', and 'WE RISE!'. The people are dressed in casual clothing, including a black crop top and black pants. The overall tone is one of activism and social justice.

**A Matter of Weeks Rather Than Months** J R T

Wood,2012-08-02 Founded on 35 years of research into o the post 1945 Anglo Rhodesian history this book complements Richard Wood s The Welensky Papers A History of the Federation of Rhodesia and Nyasaland 1953 1963 1983 and So Far and No Further Rhodesia s bid for independence during the retreat from empire 1959 1965 2005 Of So Far Michael Hartnack wrote that Once in a lifetime comes a book which must force a total shift in the thinking person s perception of an

epoch and of all the prominent characters who featured in it *A Matter of Weeks Rather than Months* recounts the action and reaction to Ian Smith's unilateral declaration of Rhodesia's independence the second such declaration since the American one of 1776 It examines the dilemmas of both sides Smith's problem was how to legitimise his rebellion to secure crucial investment capital markets trade and more His antagonist the British Prime Minister Harold Wilson was determined not to transfer sovereignty until Rhodesia accepted African majority rule in common with the rest of Africa Given British feelings for their Rhodesian kith and kin and Rhodesia's landlocked position Wilson eschewed the use of force He could only impose sanctions but hoped they would defeat Smith in a matter weeks rather than months The Rhodesians however evaded the sanctions with such success that they forced Wilson to negotiate a settlement Negotiations were nevertheless doomed because the self-confident Rhodesians would not accept a period of direct British rule while rapid progress to majority rule was made or the imposition of restraints on powers they had possessed since gaining self-government in 1923 In tune with their allies in the African National Congress of South Africa the Rhodesian or Zimbabwean African nationalists had already adopted the Marxist concept of the Armed Struggle as a means to power Sponsored by the Communist Bloc its surrogates and allies they began a series of armed incursions from their safe haven in Zambia Although bloodily and easily repulsed they would learn from their mistakes as the Rhodesian forces would discover in the 1970s Consequently this is a tale of sanctions negotiations and counter-insurgency warfare

*Challenge To Imperialism* Carol B. Thompson, 2019-08-27 *Challenge to Imperialism* is the first comprehensive analysis of the Zimbabwean struggle for independence in its international context Based on extensive research in the southern African region and on interviews with the ZANU and ZAPU leaders in exile during the war this study is an analysis of the crucial support given to the Zimbabwean nationalists by the five Frontline States Angola Botswana Mozambique Tanzania and Zambia The book begins with a summary of the variable relations among the Frontline States and between those states and the Zimbabwean nationalists More than once Frontline governments put Zimbabwean nationalists in their own jails as tensions arose over leadership conduct of the war and terms for peace Yet the Frontline States maintained their support in spite of the extremely high cost to their own economic development How could these weak and economically dependent states confront the dominant interests in the region Was Lancaster House simply a capitulation to imperialist interests a constitution forced on the nationalists by the beleaguered Frontline States This theoretical analysis addresses the complexity of these questions and suggests lessons for the current struggles in Namibia and in South Africa Further Dr Thompson discusses the formation of the Southern African Development Coordination Conference SADCC as an attempt to transform the Zimbabwean political victory into regional economic cooperation This study of the political and economic background of Zimbabwean independence is important not only to those concerned about Zimbabwe and southern Africa but also to those interested in the nature of liberation struggles and in the role of the state in developing countries

*Interrogation in War and Conflict* Christopher Andrew, Simona Tobia, 2014-04-29 This edited volume

offers a comparative and interdisciplinary analysis of interrogation and questioning in war and conflict in the twentieth century. Despite the current public interest and its military importance, interrogation and questioning in conflict is still a largely under-researched theme. This volume's methodological thrust is to select historical case studies ranging in time from the Great War to the conflicts in former Yugoslavia and including the Second World War, decolonization, the Cold War, the Troubles in Northern Ireland and international justice cases in The Hague, each of which raises interdisciplinary issues about the role of interrogation. These case studies were selected because they resurface previously unexplored sources on the topic or revisit known cases which allow us to analyse the role of interrogation and questioning in intelligence security and military operations. Written by a group of experts from a range of disciplines including history, intelligence, psychology, law and human rights, *Interrogation in War and Conflict* provides a study of the main turning points in interrogation and questioning in twentieth century conflicts over a wide geographical area. The collection also looks at issues such as the extent of the use of harsh techniques, the value of interrogation to military intelligence security and international justice, the development of interrogation as a separate profession in intelligence as well as the relationship between interrogation and questioning and wider society. This book will be of much interest to students of intelligence studies, strategic studies, counter-terrorism, international justice, history and IR in general. **From Conflict Resolution to Peacebuilding** Charles Hauss, 2019-11-05 *From Conflict Resolution to Peacebuilding* is designed to introduce students to the key concepts of conflict resolution from a real world perspective. Covering both micro and macro sites of conflict, it offers ways to resolve conflicts at all levels from the interpersonal to the international. Starting with the notion that conflict is a fact of life but peacebuilding is not, this text analyzes protracted conflicts and wicked problems and also tackles the harder task of how to resolve conflict and build peace. Hauss' approach to peace and conflict studies is deeply personal and richly informed. Based on a strong research base and decades of experience in the field, the book offers new paradigms for considering the intractable conflicts in our world. Each chapter provides real world examples, stories and cases that illustrating practical work at both the grass roots and elite levels. In a world where conflict seems to be on the rise at home and abroad, this text provides students with the tools to deal with conflict constructively in their daily lives as citizens and as future professionals in the growing field of conflict resolution. Features: Full suite of textboxes for study and application; Key terms and references for further reading; Conflict labs to help students apply concepts to real world situations; Out on a Limb boxes ask readers to consider bold new ideas and paradigm shifts for analyzing conflict and building peace. A dynamic range of open access instructor and student resources can be found at the author's website [www.chiphauss.info](http://www.chiphauss.info) including: Videos of interviews; Curated web links; Updates on breaking news; Author's weekly blog; Reviews of new books, documentaries and other publications; A discussion forum in which students and faculty members can interact with each other.

*The Legacies of Law* Jens Meierhenrich, 2008-10-13 Focusing on South Africa during the period 1650 2000 this book examines the role of law in making democracy work in changing societies The Legacies of Law sheds light on the neglected relationship between path dependence and the law Meierhenrich argues that legal norms and institutions even illiberal ones have an important and hitherto undertheorized structuring effect on democratic outcomes Under certain conditions law appears to reduce uncertainty in democratization by invoking common cultural backgrounds and experiences In instances where interacting adversaries share qua law reasonably convergent mental models transitions from authoritarian rule are shown to be less intractable Meierhenrich s historical analysis of the evolution of law and its effects in South Africa during the period 1650 2000 compared with a short study of Chile from 1830 1990 shows how and when legal norms and institutions serve as historical causes to both liberal and illiberal rule

Alternative Futures For Africa Timothy M. Shaw, 2019-03-01 This comprehensive critical examination of Africa s future written by a diverse group of Africans and Africanists raises many questions and challenges concerning the development and unity of the African continent Eclectic in range and method but cohesive in concern the book identifies and analyzes alternative probabilities in the political economic and social spheres and on the national regional and international levels Many of the contributors point toward an unpromising future for Africa unless its development strategy is changed and its inheritance of dependence on the world system overcome
