A Guide to

## TEACHER PLANNING

### 1 The Year

Get an overall feel for the year ahead you will be teaching. Consider what will be a successful year for you and what you will have 20-30 effective lessons in this year.

### 2 The Term

This guide includes a three volume set. It is recommended that Term 1 begins with a review of the previous year's achievement, and the outstanding of students. Term 2 includes report writing as class Term 3 as it allows a good idea to review some major topics or revision for those periods.

### 3 The 4-Week block

The 4 week block is block of time within the year filled with a collection of lessons that connect to each other. Using 4 week blocks helps in planning, making connections and making progress.

### 4 The Unit of Work Series of lessons

Units of work will require several lessons in order for students to learn a concept. **Curriculum Threads Charts** can assist in developing unit of work.

### 5 The Lesson

The lesson is where your planning is put into action. Having a lesson plan can improve student outcomes and create planning notes.

*As always, consult the manual for the latest version of this information by your state or territory.*
